The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 1137) of Chapter 19 of Division 3 of the Probate Code is repealed.

SEC. 2. Article 2.5 (commencing with Section 1138) is added to Chapter 19 of Division 3 of the Probate Code, to read:

Article 2.5. Inter Vivos and Other Trusts

1138. As used in this article, "trust" means a written voluntary express trust, with additions thereto, whether created by will or other than by will which is entirely administered or to be entirely administered in this state. As used in this article, "trust" does not mean a trust subject to court supervision under Article 1 (commencing with Section 1120) of this chapter, a Totten trust, a business trust which is taxed as a partnership or corporation, an investment trust subject to regulation under the laws of this state or any other jurisdiction, a common trust fund, a voting trust, a deed of trust, a transfer in trust for purpose of suit or enforcement of a claim or right, a trust for the primary purpose of paying debts, dividends, interest, salaries, wages, pensions, or employee benefits of any kind, an arrangement under which a person is a nominee or escrow holder for another, a trust subject to supervision of the Attorney General under Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code during the period when no private beneficiary or remainderman has or may claim an interest therein, nor a trust declared exempt from supervision under Section 12583 of the Government Code.

1138.1. (a) A trustee, beneficiary, or remainderman may petition the superior court for any of the following purposes:

(1) Determining to whom the property shall pass or be delivered upon final or partial termination of the trust, to the extent such determination is not concluded by the trust instrument.

(2) Settling the accounts and passing upon the acts of the trustee.

(3) Authorizing the trustee to accept additions to the trust when the trust instrument does not prohibit such additions.

(4) Instructing the trustee.

(5) Compelling the trustee to submit his accounts and report his acts as trustee to a beneficiary or remainderman when it appears that the trustee has failed to submit an accounting and report within 60 days after written request of a beneficiary or remainderman and no accounting and report has been made within six months preceding such request.

(6) Granting to the trustee powers not expressly contained in the trust instrument to the extent provided in Section 1120.2.

(7) Fixing, directing, or allowing payment of compensation to the trustee in accordance with Section 2274 of the Civil Code.

(8) Appointing a trustee.

(9) Accepting the resignation of a trustee.

(10) Removing a trustee.

(11) Authorizing or directing removal of the trusts or assets of the trust to another jurisdiction.

(b) The terms of a trust subject to this article may expressly or by necessary implication limit or eliminate the authority of any trustee, beneficiary, remainderman or other person to petition the court under this article for any one or more of the purposes enumerated in subdivision (a).

1138.2. The court may make all orders and decrees and take all other action necessary or proper to dispose of the matters presented by the petition.

1138.3. Proceedings under this article shall be commenced in the superior court of the county in which is located the principal place of administration of the trust. As used in this section, the "principal place of administration of the trust" is the trustee's usual place of business where the day-to-day records pertaining to the trust are kept or the trustee's residence if he has no such place of business. In the case of cotrustees, the principal place of administration is the usual place of business where such records are kept, or, if none, the usual place of business or residence of any of the cotrustees as agreed upon by them, or, if none, the county in which any trustee resides or maintains a place of business.

1138.4. Each proceeding under this article shall be commenced by filing a verified petition which shall state facts showing that the petition is authorized under this article and the terms of the trust.

1138.5. The court may dismiss a petition when it appears:

(a) That the proceeding is not reasonably necessary for the protection of the interests of a trustee or for the protection of the interests of beneficiaries or remaindermen; or

(b) That nondisclosure of the terms, assets, management, and administration of the trust is in the best interests of the objects of the trust.

1138.6. (a) Upon the filing of a petition provided for in this article, the clerk shall set the petition for hearing and shall cause a notice of the time and place of hearing thereof to be posted at the courthouse of the county where the proceeding is pending at least 30 days before the date of the hearing, giving the name of the trustor, the name of the petitioner, and the nature of the petition, referring thereto for further particulars, and stating the time at which the petition will be heard.

At least 30 days before the time set for the hearing of the petition, the petitioner shall cause notice of the time and place of hearing thereof to be mailed to the trustee of the trust when he is not the petitioner, to any cotrustee not petitioning,

and to all beneficiaries and remaindermen of the trust, including all persons in being who may participate in the corpus or income of the trust, addressed to them at their respective offices or places of residence, if known, and if not known such notice shall be given as the court may require in the manner provided in Section 413.30 of the Code of Civil Procedure.

When a cotrustee not petitioning, a beneficiary, or a remainderman, in person or by counsel, has served and filed a notice of appearance directed to the petitioner or his counsel in connection with the particular petition and proceeding, or a written request for a copy of the petition, and given an address to which notices or such copy may be sent or delivered, the petitioner shall cause a copy of the petition to be sent by mail to such cotrustee or person or counsel within five days after service of notice of appearance or receipt of such request.

Personal delivery is the equivalent of mailing.

Proof of the giving of notice and of mailing or personal delivery of a copy of the petition shall be made at the hearing. If it appears to the satisfaction of the court that the notice has been given as required, the court shall so find in its order, and the order, when it becomes final, shall be conclusive upon all persons.

(b) Proceedings under this article shall be governed, whenever possible, by the provisions of this article, and when the provisions of this article do not appear applicable, the provisions of Division 3 (commencing with Section 300) shall apply.

(c) The court for good cause may shorten the time required for performance of any act required by this section.

1138.7. (a) At any stage of a proceeding under this article the court may appoint a guardian ad litem to represent the interest of a minor, an incapacitated, unborn, or unascertained person, or a person whose identity or address is unknown, if the court determines that representation of the interest otherwise would be inadequate. Where not precluded by conflict of interests, a guardian ad litem may be appointed to represent several persons or interests.

(b) When it appears from the petition that the trustee seeks or is to be given instructions to exercise a power not conferred upon him, the petition shall set forth the particulars of, and the necessity for, the action sought to be taken. In addition to the notice required by Section 1138.6, when the petition relates to the exercise of a power not conferred or where the petition relates to determining to whom the property shall pass or be delivered upon final or partial termination of the trust, a copy of the petition shall be attached to, and mailed with, copies of the notice, and, at least 10 days before the time set for the hearing of the petition, the court or judge shall appoint a suitable person or persons who shall appear and act as guardian ad litem of any person or persons of a designated class who are not ascertained or in being or who may become beneficiaries or may participate in the trust.

(c) Sections 373 and 373.5 of the Code of Civil Procedure shall not apply to the appointment of a guardian ad litem under the provisions of this article.

1138.8. Unless otherwise expressly provided in the trust instrument a trustee or cotrustee may resign at any time. Such resignation and the appointment of a successor trustee shall be effected as provided in the trust instrument. If the trust instrument is silent a trustee may file with a court a petition tendering his resignation as such trustee and the court shall accept such resignation making any order appointing a successor trustee and other order which may be necessary for the preservation of the estate. The liability of the resigning trustee or the sureties on his bond, if any, shall not be discharged, released, or affected in any manner by the resignation, but shall continue until the trustee has delivered all of the estate to the person whom the court shall appoint to receive it.

1138.9. If a trustee of a trust subject to this article dies, resigns, fails or declines to act, cannot be identified, is incapable of acting for any reason, or is removed, or a vacancy in the trusteeship is otherwise created or exists, and the trust instrument does not provide a method for appointing a successor trustee, the court shall have the power to appoint a trustee to fill the vacancy upon the petition of the trustee or anyone interested in the trust estate.

1138.10. An appeal may be taken from any final order or decree made pursuant to paragraph (1), (2), (4), (6), (7), (8), (10), or (11) of subdivision (a) of Section 1138.1, or from an order dismissing the petition or denying a motion to dismiss under Section 1138.5.

1138.11. The remedies provided under this article are cumulative and nonexclusive.

1138.12. It is the intent of the Legislature in enacting this article that the administration of trusts subject to this article proceed expeditiously and free of judicial intervention subject to the jurisdiction of the courts of this state as invoked pursuant to this article or otherwise invoked pursuant to law.

1138.13. This article shall apply to all trusts created on or after the operative date of this article, and to any trust created prior thereto which by its terms or by amendment expressly makes this article applicable to such trust. However, this article shall not apply to any trust the terms and provisions of which expressly or by necessary implication make this article inapplicable to such trust.

SEC. 2.5. Section 1138 is added to Article 2.5 (commencing with Section 1138) of Chapter 19 of Division 3 of the Probate Code, to read:

1138. As used in this article, "trust" means a written voluntary express trust, with additions thereto, whether created by will or other than by will which is entirely administered or to be entirely administered in this state. As used in this article, "trust" does not mean a trust subject to court supervision under Article 1 (commencing with Section 1120)

of this chapter or Chapter 10 (commencing with Section 175) of Division 1, a Totten trust, a business trust which is taxed as a partnership or corporation, an investment trust subject to regulation under the laws of this state or any other jurisdiction, a common trust fund, a voting trust, a deed of trust, a transfer in trust for purpose of suit or enforcement of a claim or right, a trust for the primary purpose of paying debts, dividends, interest, salaries, wages, pensions, or employee benefits of any kind, an arrangement under which a person is a nominee or escrow holder for another, a trust subject to supervision of the Attorney General under Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code during the period when no private beneficiary or remainderman has or may claim an interest therein, nor a trust declared exempt from supervision under Section 12583 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many attorneys and citizens of the state are planning to execute trusts in light of and pursuant to the provisions of Chapter 1172 of the Statutes of 1969. Repeal of the provisions of such chapter, which without this act will become operative on November 1, 1970, is necessary so that this revision can be enacted. In order to avoid the great economic waste that is involved in the planning of trusts under such circumstances, it is necessary to immediately effectuate the repeal of the provisions of Chapter 1172 of the Statutes of 1969.

SEC. 4. Section 2 of this act shall become operative on July 1, 1971.

SEC. 5. Section 2.5 of this act shall become operative only if Chapter 10 (commencing with Section 175) is added to Division 1 of the Probate Code, as proposed by Senate Bill No. 651 of the 1970 Regular Session, and in such case shall become operative on January 1, 1971, at which time Section 1138 of the Probate Code, as added by Section 2 of this act, is repealed.

SECTION 1. Section 1241.7 of the Code of Civil Procedure is amended to read:

1241.7. (a) Except as provided in subdivision (b), notwithstanding any other provision of law to the contrary, the fact that property is appropriated for public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, establishes a rebuttable presumption of its having been appropriated for the best and most necessary public use. The presumption established by this section is a presumption affecting the burden of proof.

(b) When property appropriated for a public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or

as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, is sought to be acquired for state highway purposes, and such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve was dedicated to or established for park or recreational purposes, or as a wildlife or waterfowl management area, or as a historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, prior to the initiation of highway route location studies, an action for declaratory relief may be brought only by the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after written notice to the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve by the California Highway Commission that a proposed route or an adopted route includes park land or recreational area, or a wildlife or waterfowl management area, or an historic site, or an ecological reserve owned by that agency. In such declaratory relief action, the resolution of the commission shall not be conclusive evidence of the matters set forth in Section 103 of the Streets and Highways Code. Such action for declaratory relief shall have preference over all other civil actions in the matter of setting the same for hearing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action, with respect to such property being sought for highway purposes, may not be brought pursuant to this subdivision, the provisions of subdivision (a) of this section shall not apply.

SEC. 2. Section 1241.9 is added to the Code of Civil Procedure, to read:

1241.9. (a) Except as provided in subdivision (b), notwithstanding any other provision of law to the contrary, the fact that property is owned by a nonprofit organization contributions to which are deductible for state and federal income tax purposes under the law of this state and of the United States and having the primary purpose of preserving areas in their natural condition, and that such property is open to the public subject to reasonable restrictions and is appropriate, and used exclusively, for the preservation of native plants, or native animals, including, but not limited to, mammals, birds, and marine life, or biotic communities, or geological or geographical formations of scientific or educational interest; and

further that such property is irrevocably dedicated to such uses so that upon liquidation, dissolution, or abandonment of or by the owner, such property will be distributed only to a fund, foundation, or corporation whose property is likewise irrevocably dedicated to such uses, or to a governmental agency holding land for such uses; establishes a rebuttable presumption of its having been appropriated for the best and most necessary public use. The presumption established by this section is a presumption affecting the burden of proof.

(b) When property described in subdivision (a) is sought to be acquired for state highway purposes, and such property was exclusively devoted to a use or uses described in subdivision (a) prior to the initiation of highway route location studies, an action for declaratory relief may be brought only by such nonprofit organization owning such property in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after written notice to the nonprofit organization owning such property by the California Highway Commission that a proposed route or an adopted route includes such property owned by that organization; provided that such written notice need only be given to nonprofit organizations that are on file with the Registrar of Charitable Trusts of this state. In such declaratory relief action, the resolution of the commission shall not be conclusive evidence of the matters set forth in Section 103 of the Streets and Highways Code. Such action for declaratory relief shall have preference over all other civil actions in the matter of setting the action for hearing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action, with respect to such property being sought for highway purposes, may not be brought pursuant to this subdivision, the provisions of subdivision (a) of this section shall not apply.

CHAPTER 855

An act to amend Section 423 of the Revenue and Taxation Code, relating to open-space lands.

[Approved by Governor September 3, 1970 Filed with
Secretary of State September 3, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 423 of the Revenue and Taxation Code is amended to read:

423. When valuing open-space land subject to an enforceable restriction, other than land used for the production of

timber for commercial purposes, the board for purposes of surveys required by Section 1815 of this code and the county assessor shall not consider sales data on lands, whether or not subject to an enforceable restriction, but shall value such lands by the capitalization of income method in the following manner:

(a) The annual income to be capitalized shall be determined as follows:

(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. When the land being valued is actually encumbered by a lease, any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which the land would be expected to rent were the rental payment to be renegotiated in the light of current conditions including applicable enforceable restrictions.

(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable enforceable restrictions. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to such use.

For the purposes of this section income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms of the enforceable restriction including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. When the land is planted to fruit-bearing or nut-bearing trees, vines, bushes or perennial plants, the revenue shall not be less than the land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, not to exceed six years including the tax year and the next succeeding five years. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that can be fairly charged against the revenue expected to be received during the period used in computing such revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the

revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

Where the land being valued is not capable of producing income or is not used to produce income or where sufficient information is not available by which income can be determined as provided in this subdivision, the board and the assessor shall impute to the land a reasonable amount to be capitalized as income.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum of three components:

(1) An interest component to be determined by the board and announced no later than September 1 of the year preceding the assessment year and which was the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, rounded to the nearest one-quarter ($\frac{1}{4}$) percent.

(2) A risk component which shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject; and

(3) A component for property taxes which shall be a percentage equal to the estimated total tax rate applicable to the land for the assessment year times the assessment ratio.

(c) The value of the land shall be the quotient of the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

(d) The ratio prescribed in Section 401 shall be applied to the value of the land determined in subdivision (c) to obtain its assessed value.

CHAPTER 856

If the license is renewed more than 30 days after its expiration the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided in Section 7140 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

A license which is not renewed within three years after its expiration may not be renewed, restored, or reinstated, thereafter.

SEC. 2. Section 100.12 is added to the Streets and Highways Code, to read:

100.12. The department shall also incorporate pedestrian and bicycle facilities in the design of freeways on the state highway system along corridors where such pedestrian and bicycle routes do not exist, upon a finding that such facilities would conform to the master plans of local agencies for the development of such facilities and would not duplicate existing or proposed routes, that community interests would be enhanced by the construction of such facilities, and that the cost for construction of such facilities, other than design costs, shall be contributed by local agencies or by others.

CHAPTER 859

An act to amend Sections 456.5 and 456.6 of the Elections Code, relating to elections.

The counties shall prepare plans, specifications, and estimates of cost for construction of the projects, and shall certify the necessary right-of-way and shall submit such documents to the department by October 1st, next succeeding the end of each fiscal year named in the Federal-Aid Highway Act of 1950, to qualify for each successive fiscal year's funds.

Every corporation subject to the provisions of this chapter shall annually, on or before the first day of March, file in the office of the commissioner a statement verified by at least two of the principal officers of said corporation, showing its condition and affairs as of the 31st day of December then next preceding, which shall be in such form as shall be required by said commissioner and shall contain statements relative to the matters required to be established as a condition precedent to maintaining or operating a nonprofit hospital service plan and to other matters as said commissioner shall prescribe.

Commencing with the annual statement to be filed on or before March 1, 1969, the commissioner shall require the payment of a fee for filing such statement. Such fee shall be in an amount estimated by the commissioner as the filing corporation's proportionate share of the costs of the department in administering the provisions of this chapter in that calendar year with respect to the operations of all corporations required to file an annual statement. In making the estimate of such costs the commissioner shall take into account all other fees and charges, except those for examinations and agents, paid or to be payable to the department in such calendar year by such corporations and shall, on or before the first day of February, certify to each such corporation holding a certificate of authority under Section 11504, the amount of the fee to be paid by it pursuant to this section. The total amount of fees and charges, except charges payable in connection with examinations made pursuant to Section 736 and agents' license fees, whether imposed by this section or otherwise, to be collected by the commissioner from corporations subject to this chapter shall not exceed for any calendar year an amount equal to six cents (\$.06) for each individual or family unit shown as covered by a hospital service contract in the annual statements filed under this section for the preceding calendar year.

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 1170) is added to Chapter 3 of Division 2 of the Fish and Game Code, to read:

Article 5. Private Nonprofit Hatcheries

1170. The commission may issue a permit, subject to such restrictions and regulations as the commission deems desirable, to a nonprofit organization to construct and operate an anadromous fish hatchery.

1171. The commission shall not issue a permit unless it determines the nonprofit organization has the financial capability to successfully construct and operate the hatchery and will diligently and properly conduct the operation authorized under the permit.

1172. No permit will be issued which may tend to deplete the natural runs of anadromous fish, result in waste or deterioration of fish, or when the proposed operation is located on a stream or river below a state or federal fish hatchery or egg-taking station.

1173. All fish handled under authority of this article during the time they are in the hatchery or in the wild are the property of the state and when in the wild may be taken under the authority of a sport or commercial fishing license as otherwise authorized for wild fish.

1174. Any permit granted by the commission pursuant to this article shall contain the following conditions:

If after a hearing the commission finds that the operation described in the permit and conducted pursuant to this article is not in the best public interest, the commission may alter the conditions of the permit to mitigate such adverse effects, or may cause an orderly termination of the operation under the permit. Proceedings to cause such alteration or termination shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commission shall have all the powers granted therein. An orderly termination shall not exceed a three-year period and shall culminate in the revocation of the permit in its entirety.

If the commission finds that the operation has caused deterioration of the natural run of anadromous fish in the waters covered by the permit, it may require the permittee to return the fishery to the same condition as was prior to issuance of the permit. If the permittee fails to take appropriate action, the commission may direct the department to take such action,

and the permittee shall bear any cost incurred by the department.

Prior to release into state waters and at any other time deemed necessary by the department, the fish may be examined by the department to determine that they are not diseased or infected with any disease which, in the opinion of the department, may be detrimental to the state fishery resources.

1175. The state shall assume no responsibility for the operation of a hatchery pursuant to this article and shall not be in any manner liable for its operation.

SEC. 2. Any permit issued under this act shall be on an experimental basis until its impact on the fishery resource can be ascertained and, therefore, this act shall be applicable only to the waters of Rowdy Creek, contained within Del Norte County.

for disciplinary action and may make or cause to be made such investigation as it deems necessary in order to ascertain this fact. All inspections and investigations are to be performed by personnel assigned by the director.

Fee controversies which do not involve a violation of any provision of this chapter, or of a rule or regulation of the bureau, shall not be a proper subject for complaint under this section.

SEC. 2. Section 9993 of the Business and Professions Code is amended to read:

9993. Acts or omissions constituting grounds for disciplinary action by the bureau shall include, but shall not be limited to:

The executive director shall, subject to the approval of the commission, appoint such employees as may be necessary to carry out the functions of the commission.

(d) Do any and all other things necessary to carry out the purposes of this title.

66507. The commission shall assume the planning and related responsibilities of the Bay Area Transportation Study Commission and its interim successor, the Regional Transportation Planning Committee. The files and planning data of the two organizations shall be transferred to the commission.

66508. The commission shall adopt, by June 30, 1973, a regional transportation plan for the region. Prior to the adoption of such a plan, the operation, construction, and modification of those transportation systems under the purview of the commission may be undertaken without the approval of the commission.

66509. In developing the regional transportation plan, the commission shall consider:

(a) The plan recommended by the Bay Area Transportation Study Commission, with such modifications recommended by the Regional Transportation Planning Committee.

(b) The transbay bridges.

(c) Mass transit systems.

The commission shall pay particular attention to the interfacing of the various modes of transportation.

66511. The regional transportation plan shall also include an estimate of the regional transportation needs during the ensuing 10 years and a schedule of priorities for the construction, modification, and maintenance of various segments of the regional transportation system on a project basis to meet such needs.

66512. In addition, the regional transportation plan shall include a financial plan for the regional transportation system. The financial plan shall include a proposal for each segment of

the system, including the amount and sources of revenues necessary to construct and operate that segment.

In developing the financial plan, the commission shall consider various sources of revenues, without regard to any constraints imposed by law on expenditures from such sources, necessary to assure adequate financing of the system and, if necessary, recommend appropriate legislation to the Legislature to secure such financing.

66513. The regional transportation plan shall be subjected to continuous review by the commission, with revisions prepared as the need may arise. Revisions to the plan shall be adopted annually by the commission.

66514. The construction of any transbay bridge in the region shall not be commenced without the approval of the commission. This section shall not apply to (a) modifications of existing bridges, except modifications which provide for the construction of additional lanes of traffic on existing bridges or for the construction of rapid transit facilities on existing bridges, or (b) new bridges where, after 1965 but prior to the effective date of this section, the Legislature has provided funds for preliminary work leading to the issuance of revenue bonds under the provisions of the California Toll Bridge Authority Act for the construction thereof.

The California Highway Commission, however, may deviate from the regional transportation plan and the schedule of priorities established for construction on the interstate system and the state highway system within the region because of an overriding statewide interest.

66519. The commission shall study the role of harbors and airports within the region as they relate to surface transportation, and shall determine by June 30, 1973, their function

in the regional transportation system as they relate to surface transportation.

The commission shall submit its findings and recommendations in a report to the Legislature by the fifth calendar day of the 1974 Regular Session of the Legislature.

Any application to the federal or state government for any grant of money, whether an outright or a matching grant, by any county, city and county, city, or transportation district within the region shall, if it contains a transportation element, first be submitted to the commission for review as to its compatibility with the regional transportation plan. The commission shall approve and forward only those applications that are compatible with the plan.

Review by the commission, however, is not required where revenues derived from the Motor Vehicle Fuel License Tax Law are subvented to local governmental entities in accordance with statutory provisions.

66521. (a) It is the intention of the Legislature that the federal government, the state, and local agencies in the region will participate in support of the commission. Any county, city and county, or city may use its apportionments from the Motor Vehicle License Fee Fund for these purposes.

66522. The commission shall merge with or otherwise join any multifunctional regional government organization, if it has transportation planning responsibilities, within one year of the creation of such an organization.

Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the certificate shall continue in effect through the date provided in Section 7880 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

SEC. 14. Section 7884 of the Business and Professions Code is amended to read:

SECTION 1. Section 34285 is added to the Health and Safety Code, to read:

34285. (a) The governing body of a city or county may call upon the residents in a housing project to form a project committee comprised of persons who for at least six months have been residents in the project, and which is considered representative by the governing body. The members of the committee shall serve without compensation.

(b) The authority, through its staff, shall upon the direction and approval of the governing body consult with and obtain the advice of the project committee concerning matters which affect the residents of the project. The provisions of this subdivision shall apply for a one-year period after the formation of the project committee, subject to one-year extensions by the governing body.

(c) Minutes of all the meetings of the authority with the project committee, which meetings shall be open and public, together with a record of all the information presented to the project committee by the authority or by the project committee for the authority for the purpose of carrying out the provisions of this section, shall be maintained by the authority. Such minutes and records shall be open to public inspection and a summary of such records shall be included in a report to the governing body submitted by the authority.

SEC. 2. Section 34331 is added to the Health and Safety Code, to read:

34331. In the operation or management of housing projects an authority shall not do any of the following:

(a) Evict any tenant without reasonable cause and unless the tenant has been given a specific reason or a summation of the reasons for an eviction at a private interview involving only the tenant and authority personnel whose services are necessary in connection with the purposes of the interview.

(b) Directly or indirectly subject any tenant to any punitive action of any kind because of his membership or activity in any tenant organization.

(c) Require that a tenant, in a lease or rental agreement, waive his rights under Section 1942 of the Civil Code, or any other rights as a tenant he might have under California or federal law.

(d) Disclaim liability for injury as a result of its negligence or failure to repair, in any rental agreement or lease.

(e) Terminate or refuse to renew a lease because a tenant has complained to any governmental authority of a bona fide violation of any applicable building code, health ordinance, or similar regulation or has attempted lawfully to redress his grievances against the authority.

CHAPTER 898

An act to amend Section 7450 of the Education Code, relating to vocational education.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 7450 of the Education Code is amended to read:

7450. In enacting this article, it is the intent of the Legislature to provide qualified students with the opportunity to attend a technical school or enroll in a vocational or technical training program, regardless of the geographical location of their residence in a county or region. The Legislature hereby declares that a regional occupational center will serve the state and national interests in providing vocational and tech-

nical education to prepare students for an increasingly technological society in which generalized training and skills are insufficient to prepare high school students and graduates, and out-of-school youth and adults for the many employment opportunities which require special or technical training and skills. The Legislature also declares that regional occupational centers will enable a broader curriculum in technical subjects to be offered, and will avoid unnecessary duplication of courses and expensive training equipment, and will provide a flexibility in operation which will facilitate rapid program adjustments and meeting changing training needs as they arise.

It is recognized by the Legislature that vocational programs may achieve great flexibility of planning, scope and operation by the conduct of such programs in a variety of physical facilities at various training locations.

It is the further intent of the Legislature that regional occupational centers and programs provide vocational and occupational instruction related to the attainment of skills so that trainees are prepared for gainful employment in the area for which training was provided, or are upgraded so they have the higher level skills required because of new and changing technologies or so that they are prepared for enrollment in more advanced training programs.

CHAPTER 899

An act to amend Section 10311 of the Streets and Highways Code, relating to special assessment improvement districts.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 10311 of the Streets and Highways Code is amended to read:

10311. If the protest is against the proposed improvement and the legislative body finds that the protest is made by the owners of more than one-half of the area of the land to be assessed for the improvements, and protests are not withdrawn so as to reduce the protests to less than a majority, no further proceedings shall be taken for a period of one year from the date of the decision of the legislative body on the hearing, unless the protests are overruled by an affirmative vote of four-fifths of the members of the legislative body. Any person making a protest may withdraw the protest, in writing, at any time prior to the conclusion of the protest hearing. The legislative body may confirm, modify, or correct the proposed assessment.

CHAPTER 900

The people of the State of California do enact as follows:

SECTION 1. Section 6546.1 is added to the Government Code, to read:

6546.1. In addition to other powers, any agency, commission or board provided for by joint powers agreement pursuant to Article 1 and created in a county of the second class as determined by Section 28020 of this code may, by ordinance, authorize the issuance of revenue bonds pursuant to this article to pay the cost and expenses of acquiring or constructing a project constituting a public airport and all facilities and improvements relating thereto.

The provisions of this section shall be effective until December 31, 1972 and after that date this section shall have no force or effect.

CHAPTER 901

*An act to add Section 85.3 to the Harbors and Navigation

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 85.3 is added to the Harbors and Navigation Code, to read:

85.3. There is hereby appropriated from the Harbors and Watercraft Revolving Fund for the fiscal year 1970-1971 a sum not to exceed one hundred fifty thousand dollars (\$150,000) to the department for expenditure for contract authority for the purposes of establishing economic justification, making financial and engineering feasibility determinations, and preparing such plans and cost estimates as may be necessary to justify budget proposals or appropriation expenditures, for any projects pursuant to Division 1 of this code. The department may expend such moneys for such purposes in subsequent fiscal years as may be appropriated by the Legislature. Nothing herein shall obligate the department to propose or continue a project for funding if such justifications cannot be shown to the satisfaction of the department. Any moneys expended by the department for contract authority under this section with respect to a project for which a loan is authorized pursuant to Section 71.4 shall be added to the principal of any such loan.

CHAPTER 902

An act to amend Section 13320 of, and to add Division 7.5 (commencing with Section 14000) to, the Water Code, relating to liquid waste, and making an appropriation therefor.

SECTION 1. Section 13320 of the Water Code is amended to read:

Upon finding that the action of the regional board, or the failure of the regional board to act, was inappropriate or improper, the state board may: (1) direct that the appropriate action be taken by the regional board, (2) refer the matter to any other state agency having jurisdiction, (3) take the appropriate action itself, or (4) any combination of the foregoing. In taking any such action, the state board is vested with all the powers of the regional boards under this division.

(d) In the event a waste discharge in one region affects the waters in another region and there is any disagreement between the regional boards involved as to the requirements which should be established, either regional board may submit the disagreement to the state board which shall determine the applicable requirements.

SEC. 1.5. Section 13320 of the Water Code is amended to read:

13320. (a) Within 30 days of any action or failure to act by a regional board under subdivision (c) of Section 13225 Article 4 (commencing with Section 13260) of Chapter 4 of this division, Chapter 5 (commencing with Section 13300) of this division, Chapter 7 (commencing with Section 13500) of this division, or Division 7.5 (commencing with Section 14000), any aggrieved person may petition the state board to review such action or failure to act. (d) In the event a waste discharge in one region affects the waters in another region and there is any disagreement between the regional boards involved as to the requirements which should be established, either regional board may submit the disagreement to the state board which shall determine the applicable requirements.

SEC. 4. It is the intent of the Legislature, if amendments to Section 13320 of the Water Code proposed by both this bill and Assembly Bill No. 2350 are enacted, that both amendments be given effect and incorporated in Section 13320 in the form set forth in Section 1.5 of this act. Therefore, in the event Assembly Bill No. 2350 is enacted and amends Section 13320, Section 1.5 of this act shall become operative at the same time that Section 13320 as amended by Assembly Bill No. 2350 becomes operative, and at that time, Section 13320 of the Water Code as amended by Section 1 of this act is repealed.

SEC. 2. Division 7.5 (commencing with Section 14000) is added to the Water Code, to read:

(b) The provisions of this chapter may be waived by the state board as to any business, or any type of business, the liquid waste of which the state board finds to be insignificant or unimportant as a contributor to water pollution or contamination or when the state board finds that the business is adequately regulated by another governmental agency. Any waiver under this subdivision shall be conditional and may be terminated at any time.

14023. The state board is required to act upon each application within 30 days of the date of filing of such application.

14024. 14042. No liquid waste shall be discharged into a community sewer system by a liquid waste hauler without a prior written approval of the operator of such system or his agent. Such approval shall state the authorized hours and place of discharge and type of liquid waste which may be discharged into the community sewer system.

14043. Each person who produces liquid waste which is to be hauled in a vehicle prior to being discharged shall consign or deliver such waste only to a registered liquid waste hauler.

An act to amend and renumber Section 405.8 of the Code of Civil Procedure, relating to malpractice actions.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 405.8 of the Code of Civil Procedure is amended and renumbered to read:

1029.6. (a) Whenever a complaint for damages for personal injuries is filed against a physician and surgeon, dentist, registered nurse, dispensing optician, optometrist, pharmacist, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, clinical laboratory bioanalyst, clinical laboratory technologist, or veterinarian, duly licensed as such under the laws of this state, or a licensed hospital as the employer of any such person, in an action for error, omission, or negligence in the performance of professional services, or performance of professional services without consent, any such defendant may, within six months after service of summons, move the court for an order, upon notice to plaintiff and all

defendants having appeared in the action, and hearing, requiring the plaintiff to furnish a written undertaking, with at least two sufficient sureties, in a sum not to exceed five hundred dollars (\$500), or to deposit such sum or equivalent security approved by the court with the clerk of the court, as security for the costs of defense as provided in subdivision (d), which may be awarded against such plaintiff. Such motion shall be supported by affidavit showing that the claim against such defendant is frivolous. Any defendant having appeared in the action and within 30 days after receipt of notice may join with the moving party requesting an order under this section as to such additional defendant. The failure of any defendant to join with the moving party shall preclude each such defendant from subsequently requesting an order under this section.

At the hearing upon such motion, the court shall order the plaintiff to furnish such security if the defendant shows to the satisfaction of the court that: (i) the plaintiff would not suffer undue economic hardship in filing such written undertaking or making such deposit and (ii) there is no reasonable possibility that the plaintiff has a cause of action against each named defendant with respect to whom the plaintiff would otherwise be required to file such written undertaking or make such deposit.

A determination by the court that security either shall or shall not be furnished or shall be furnished as to one or more defendants and not as to others, shall not be deemed a determination of any one or more issues in the action or of the merits thereof. If the court, upon any such motion, makes a determination that a written undertaking or deposit be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court.

(b) This section does not apply to a complaint in an action commenced in a small claims court.

(c) Whenever more than one such defendant is named, the undertaking or deposit shall be increased to the extent of not to exceed five hundred dollars (\$500) for each additional defendant in whose favor such undertaking or deposit is ordered, not to exceed the total of one thousand dollars (\$1,000).

(d) In any action requiring a written undertaking or deposit as provided in this section, upon the dismissal of the action or the award of judgment to the defendant, the court shall require the plaintiff to pay the defendant's court costs. Any sureties shall be liable for such costs in an amount not to exceed the sum of five hundred dollars (\$500) or the amount of the undertaking, whichever is lesser, for each defendant with respect to whom such sureties have executed a written undertaking or the plaintiff has made a deposit. If the plaintiff prevails in the action against any defendant with respect

to whom such security has been filed, such defendant shall pay the costs to plaintiff incurred in obtaining such written undertaking or deposit and defending the motion for dismissal authorized by this section.

(e) Any defendant filing a motion under this section or joining with a moving party under this section is precluded from subsequently filing a motion for summary judgment.

(f) Any defendant filing a motion for summary judgment is precluded from subsequently filing a motion, or joining with a moving party, under this section.

For the purposes of this chapter, the term "general obligation bonds" shall be deemed to include bonds, but not direct assessment warrants, issued by a California water storage district pursuant to Part 8 (commencing with Section 45100) of Division 14 of this code.

The balance of the appropriation made by Chapter 1435, Statutes of 1963, not required for the purposes of that chapter, as determined by the director, is hereby appropriated to the department for expenditure, without regard to fiscal years, as follows:

(a) Not to exceed ten thousand dollars (\$10,000) may be expended by the department in carrying out the provisions of Section 12894.2.

(b) The remainder shall be available for the purpose of making loan commitments pursuant to this section, when specifically authorized by law.

Said balance of the appropriation made by Chapter 1435, Statutes of 1963, shall constitute the sole and exclusive source

of payment of such loans, and any commitment to make such a loan shall not constitute a debt, liability, or obligation of the state, except to the extent that money may be available from said balance to make a loan. The purpose of such commitments shall be to assist public agencies in the sale of such bonds at a reasonable charge. An application for such a commitment may be approved only if it is determined that the commitment is needed for that purpose, that there is reasonable assurance that the public agency can repay any sums paid out by the department under the commitment, and that the project for which the bonds are to be issued substantially conforms to the California Water Plan and is financially feasible. Approval of such bonds by the State Treasurer for certification shall constitute a finding that the project is financially feasible.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 4025 of the Penal Code is amended to read:

4025. (a) The sheriff of each county may establish, maintain and operate a store in connection with the county jail and for this purpose may purchase confectionery, tobacco and tobacco users' supplies, postage and writing materials, and toilet articles and supplies and to sell such goods, articles, and supplies for cash to inmates in such jail.

(b) The sale prices of the articles offered for sale at the store shall be fixed by the sheriff at such amounts as will render the jail store self-supporting and, in addition, will provide a small margin of profit. Such profit shall be deposited in an inmate welfare fund to be kept in the treasury of the county.

(c) There shall also be deposited in the inmate welfare fund 10 percent of all gross sales of inmate hobbycraft.

(d) The money and property deposited in the inmate welfare fund shall be expended by the sheriff solely for the benefit, education, and welfare of the inmates confined within the jail. An itemized report of such expenditures shall be submitted annually to the board of supervisors.

(e) The operation of a store within any other county adult detention facility which is not under the jurisdiction of the sheriff shall be governed by the provisions of this section, except that the board of supervisors shall designate the proper county official to exercise the duties otherwise allocated in this section to the sheriff.

(f) The operation of a store within any city adult detention facility shall be governed by the provisions of this section, except that city officials shall assume the respective duties otherwise outlined in this section for county officials.

County- or city-owned property shall not be sold or given to prisoners for use under this section, except as expressly permitted by this section. The sheriff or other officer in charge shall comply with subdivision (c) of Section 4025 and provide that the balance of the sale price of the articles be deposited to the account of the prisoner manufacturing the article after repaying the inmate welfare fund any amount borrowed.

(b) The governing body of each city or county shall designate one of those commissioners first appointed by it to serve for a term of three years and one to serve for a term of four years. Successors shall be appointed by the governing body for terms of four years, except that all vacancies shall be filled for the unexpired term.

(b) Upon such transfer of powers and duties, the title to any property owned or held by, or in trust for the city or county authority, and any debts, demands, liabilities or obligations existing in favor or against such authority, and any proceedings of such authority, shall become those of the area housing authority, and any and all such titles, debts, demands, liabilities, obligations, and proceedings shall have the same validity, force and effect as if acquired, incurred, accrued, or taken by the area housing authority.

(c) Any such transfer of powers and duties shall not affect or impair the status or rights of any duly appointed employees of the city or county authority, and such status and rights shall have the same validity, force, and effect as if attained during employment with the area housing authority.

SEC. 5. Section 34249 is added to the Health and Safety Code, to read:

It is the intention of the Legislature to provide, by means of this act, an additional opportunity for cities and counties sharing regional or area-wide housing problems to combine their resources and direct their efforts in a more concentrated manner toward the alleviation of such problems. Area housing authorities authorized by this act will permit unified, long-term approaches to be taken by the governing bodies of cities and counties, at their election, for the provision of housing within expanded yet cohesive areas of operation.

SEC. 4. Section 13264 of the Water Code is amended to read:

13264. (a) No person shall initiate any new discharge of waste or make any material change in any discharge prior to the filing of the report required by Section 13260 nor shall any such person do so thereafter and prior to: (1) the issuance of waste discharge requirements pursuant to Section 13263, (2) the expiration of 120 days after his compliance with Section 13260, or (3) the regional board's waiver pursuant to Section 13269, whichever of (1), (2), or (3) occurs first.

(b) The Attorney General, at the request of a regional board, shall petition the superior court for the issuance of a temporary restraining order, preliminary injunction, or permanent injunction, or combination thereof, as may be appropriate, prohibiting forthwith any person who is violating or threatening to violate this section from: (1) discharging the waste in question or (2) making any material change therein, whichever of (1) or (2) is applicable.

SEC. 5. Section 13267 of the Water Code is amended to read:

13267. (a) A regional board, in establishing or reviewing any water quality control plan or waste discharge requirements, or in connection with any action relating thereto or authorized by this division, may investigate the quality of any waters of the state within its region.

(b) In such an investigation, the regional board may require that any person discharging or proposing to discharge waste within its region or any citizen or domiciliary, or political agency or entity of this state discharging or proposing to discharge waste outside of its region that could affect the quality of waters within its region shall furnish, under

penalty of perjury, such technical or monitoring program reports as the board may specify; provided that the burden, including costs, of such reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained therefrom.

When requested by the person furnishing a report, the portions of a report which might disclose trade secrets or secret processes shall not be made available for inspection by the public but shall be made available to governmental agencies for use in making studies; provided, however, that such portions of a report shall be available for use by the state or any state agency in judicial review or enforcement proceedings involving the person furnishing the report.

(c) In such an investigation, the regional board may inspect the facilities of any such person to ascertain whether the purposes of this division are being met and waste discharge requirements are being complied with. Such inspection shall be made with the consent of the owner or possessor of such facilities or, if such consent is refused, with a warrant duly issued pursuant to the procedure set forth in Title 13 (commencing with Section 1822.50) of Part 3 of Code of Civil Procedure; provided, however, that in the event of an emergency affecting the public health or safety such inspection may be made without consent or the issuance of a warrant.

SEC. 5.1. Section 13300 of the Water Code is amended to read:

13300. Whenever a regional board finds that a discharge of waste is taking place or threatening to take place that violates or will violate requirements prescribed by the regional board or that the waste collection, treatment, or disposal facilities of a discharger are approaching capacity, the board may require the discharger to submit for approval of the board, with such modifications as it may deem necessary, a detailed time schedule of specific actions the discharger shall take in order to correct or prevent a violation of requirements.

SEC. 5.2. Section 13301 of the Water Code is amended to read:

When a regional board finds that a discharge of waste is taking place or threatening to take place in violation of requirements or discharge prohibitions prescribed by the regional board, the board may issue an order to cease and desist and direct that those persons not complying with the requirements or discharge prohibitions (a) comply forthwith, (b) comply in accordance with a time schedule set by the board, or (c) in the event of a threatened violation, take appropriate remedial or preventive action. In the event of an existing or threatened violation of waste discharge requirements in the operation of a community sewer system, cease and desist orders may restrict or prohibit the volume, type, or concentration of waste that might be added to such system by dischargers who did not discharge into the system

prior to the issuance of the cease and desist order. Cease and desist orders may be issued directly by a board, after notice and hearing, or in accordance with the procedure set forth in Section 13302.

SEC. 5.3. Section 13304 of the Water Code is amended to read:

13304. (a) Any person who discharges waste into the waters of this state in violation of any waste discharge requirement or other order issued by a regional board, or who intentionally or negligently causes or permits any waste to be discharged or deposited where it is, or probably will be, discharged into the waters of the state and creates, or threatens to create, a condition of pollution or nuisance, shall upon order of the regional board clean up such waste or abate the effects thereof. Upon failure of any person to comply with such cleanup or abatement order, the Attorney General, at the request of the board, shall petition the superior court for that county for the issuance of an injunction requiring such person to comply therewith. In any such suit, the court shall have jurisdiction to grant a prohibitory or mandatory injunction, either preliminary or permanent, as the facts may warrant.

(b) If such waste is cleaned up or the effects thereof abated by any governmental agency after issuance of a regional board cleanup or abatement order, such person shall be liable to that governmental agency to the extent of the reasonable costs actually incurred in cleaning up such waste or abating the effects thereof. The amount of such costs shall be recoverable in a civil action by, and paid to, such governmental agency and the state board to the extent of the latter's contribution to the cleanup costs from the State Water Pollution Cleanup and Abatement Account.

SEC. 5.4. Section 13331 of the Water Code is amended to read:

13331. (a) Upon the failure of any person or persons to comply with any cease and desist order issued by a regional board or the state board, the Attorney General, upon request of the board, shall petition the superior court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate, restraining such person or persons from continuing the discharge in violation of the cease and desist order.

(b) The evidence before the court shall consist of the record before the regional board or state board, or both, and any other relevant evidence which, in the judgment of the court, should be considered to effectuate and implement the policies of this division. In every such case, the court shall exercise its independent judgment on the evidence.

(c) The court shall issue an order directing defendants to appear before the court at a time and place certain and show cause why the injunction should not be issued. The court may grant such prohibitory or mandatory relief as may be warranted.

(d) The court may stay the operation of the cease and desist order after notice to the board which issued the order and hearing. Any such stay may be imposed or continued only if it is not against the public interest.

SEC. 5.5. Section 13361 of the Water Code is amended to read:

13361. (a) Every civil action brought under the provisions of this division at the request of a regional board or the state board shall be brought by the Attorney General in the name of the people of the State of California and any such actions relating to the same discharge may be joined or consolidated.

(b) Any civil action brought pursuant to this division shall be brought in a county in which the discharge is made, or proposed to be made. However, any action by or against a city, city and county, county, or other public agency shall, upon motion of either party, be transferred to a county or city and county not a party to the action or to a county or city and county other than that in which the city or public agency is located.

(c) In any civil action brought pursuant to this division in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it shall not be necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued, or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without such allegations and without such proof.

SEC. 5.6. Section 13441.5 is added to the Water Code, to read:

13441.5. The State Treasurer, when requested by the state board and approved by the Director of Finance, shall transfer moneys in the nature of a loan from the State Water Quality Control Fund to the account created pursuant to Section 13440, which shall be repayable from the account to such fund; provided, that the moneys transferred from the fund to the account shall not exceed the sum of twenty-five thousand dollars (\$25,000) at any one time.

SEC. 6. Section 13522.5 is added to the Water Code, to read:

13522.5. (a) Any person reclaiming or proposing to reclaim water or using or proposing to use reclaimed water within any region for any purpose for which reclamation criteria have been established, shall file with the regional board of that region a report containing such information as may be required by the board.

(b) Every person reclaiming water or using reclaimed water shall file with the regional board of that region a report of any material change or proposed change in the character of the reclaimed water or its use.

(c) Each report under this section shall be sworn to or submitted under penalty of perjury.

CHAPTER 924

An act to maintain the Streets and Highways Code by amending Sections 135.3, 186.95, 888.4, and 2008, relating to streets and highways.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 135.3 of the Streets and Highways Code is amended to read:

135.3. The Legislature intends by this act to provide prompt and equitable relocation assistance to low-income individuals and families displaced because of the construction of state highway projects in areas where the market value of real property is economically depressed. The Legislature by establishing a replacement housing program for such individuals and families intends to accomplish this objective of providing housing which is decent, safe, sanitary, and functionally equivalent to the housing eliminated by highway construction. Such replacement housing program shall be coordinated with the relocation advisory assistance provided by the department in accordance with Section 156.5. The Legislature further intends that to the extent the department deems feasible such housing shall be supplied by existing housing, moved housing, and refurbished housing before new replacement housing is constructed on a volume basis.

The Legislature finds that the foregoing objectives can best be achieved by enabling low-income persons in economically depressed areas affected by state highway construction to participate in the development and execution of the replacement housing program. Accordingly, when the initial replacement housing program is undertaken for the assistance of persons displaced by the construction of State Highway Route 105 in Los Angeles County, such program shall be conducted in a manner conducive to maximum community participation, thereby assisting in alleviation of excessive unemployment by utilizing local labor and contributing to the development of training programs for unskilled labor.

The Legislature further finds that conventional contracting procedures, including competitive bidding, may not be con-

sistent with the attainment of these objectives. Therefore, in carrying out this initial replacement housing program on State Highway Route 105, the department may enter into the contracts contemplated by Section 135.7 pursuant to such procedures as the director determines to be best suited to the achievement of the maximum community participation consistent with the economical completion of the freeway projects.

The Legislature further finds and declares that the exemption from competitive bidding authorized by this section is made by reason of the unique nature of the initial replacement housing program on State Highway Route 105, and is not to be considered as establishing a precedent for exempting any other public works construction from competitive bidding and other conventional contracting procedures, nor as in derogation of the fundamental policy of the Legislature that contractors for public works be selected by competitive bidding in order to secure economy of construction and other benefits which accrue to the public by reason of such contracting procedures.

Sec. 2. Section 186.95 of the Streets and Highways Code is amended to read:

186.95. The Street and Highway Disaster Fund is hereby created in the State Treasury, to consist of the moneys referred to in Section 186.9.

The moneys in the Street and Highway Disaster Fund, which are appropriated by Section 186.9, shall be available for expenditure, transfer, and allocation, as follows:

(a) The money transferred to the fund pursuant to subdivision (a) of Section 186.9 shall be available for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5 of the Government Code), including the purposes provided for in Section 54160 of the Government Code, for damage or destruction to local streets, roads and bridges from storm and flood or flood conditions which have occurred between December 1, 1964, and June 30, 1965. Local agencies shall apply to the State Allocation Board for an allocation of funds on or before April 1, 1966. Notwithstanding any provisions to the contrary in the Emergency Flood Relief Law, the funds allocated pursuant to this subdivision may be used for the purpose of repairing, restoring or replacing such local streets, roads or bridges to present-day standards and to accommodate present traffic.

(b) The money in the fund including the money received from the federal government as reimbursement to any city or county for the repair or restoration of any street, road or bridge which has been or will be repaired or restored in part or in whole by funds allocated pursuant to this section shall be available for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law for the repair or restoration of any local street, road or bridge damaged

or destroyed by any disaster to present-day standards and to accommodate present traffic; and the use of such money shall not be limited to the repair or restoration of streets, roads or bridges damaged or destroyed by storm and flood or flood conditions; provided, that no such money shall be allocated for expenditure in connection with any disaster, except the damage or destruction to local streets, roads or bridges damaged or destroyed by storm and flood or flood conditions which have occurred between December 1, 1964, and June 30, 1965, unless and until specifically authorized by the Legislature.

(c) The money in the fund received from the federal government as reimbursement to the state for the repair or restoration of any state highway which has been or will be repaired or restored in part or in whole by funds transferred to the State Highway Fund pursuant to subdivision (b) of Section 186.9 or by funds expended pursuant to this section shall be available for transfer by the Department of Finance to the State Highway Fund for allocation by the California Highway Commission and expenditure by the Department of Public Works for the repair or restoration of any state highway damaged or destroyed by any disaster to present-day standards and to accommodate present traffic.

(d) Any money in the fund not necessary for immediate use for the purposes otherwise specified in this section shall be available for transfer by the Department of Finance to the State Highway Fund for allocation and expenditure for construction of state highways, but any amount so transferred shall, after receipt by the Department of Public Works of written demand from the Department of Finance, be returned from the State Highway Fund to the Street and Highway Disaster Fund upon determination by the Department of Finance of the necessity of such money for the purposes of this section within a period of not to exceed six months in such installments as may be agreed upon by the Department of Finance and the Department of Public Works.

(e) The sum of two million six hundred ninety-two thousand two hundred fifty dollars (\$2,692,250) of the cash balance of the money in the fund under subdivision (c) shall be transferred by the Department of Finance to subdivision (b) for expenditure pursuant to that subdivision in such installments and at such times as may be determined to be necessary by the Department of Finance. In addition to the amount provided for in the preceding sentence, if the Department of Finance at any time determines that the estimated unallocated balance of the fund under subdivision (b) of this section is insufficient, together with the amount provided in the preceding sentence, to carry out the purposes authorized under subdivision (b), and the Department of Public Works determines that a portion of the estimated unallocated balance of the fund under subdivision (c), over and above the amount provided for in the preceding sentence, is not immediately

needed for carrying out the purposes of subdivision (c), the Department of Finance may transfer such portion to subdivision (b) for expenditures pursuant to that subdivision. Any amounts transferred pursuant to this subdivision shall not be required to be repaid.

(f) Notwithstanding any other provision of this section, money in the fund under subdivision (b) may be allocated by the State Allocation Board for expenditure pursuant to Section 54155 of the Government Code.

(g) Income from investment of moneys in the fund and all payments by local agencies in reimbursement of moneys disbursed from the fund, including deferred payments with interest, pursuant to Government Code Sections 54160 and 54161, and all other moneys deposited therein, pursuant to law, shall be available for expenditure, transfer and allocation pursuant to this section.

SEC. 3. Section 888.4 of the Streets and Highways Code is amended to read:

888.4. In the administration of parkways, the Department of Parks and Recreation may grant permits and easements pursuant to the provisions of Section 5012 of the Public Resources Code and issue revocable licenses or permits for rights-of-way across and upon parkway lands, or for the use of parkway lands by the owner or lessees of adjacent lands, for such purposes and under such nondiscriminatory terms, regulations and conditions as it may determine to be consistent with the use of such lands for parkway purposes.

SEC. 4. Section 2008 of the Streets and Highways Code is amended to read:

2008. The board of supervisors shall fix the salary of the road commissioner. It shall be chargeable against the one thousand six hundred sixty-seven dollars (\$1,667) monthly apportionment to the county under subdivision (a) of Section 2104. Such road commissioner shall file with the county clerk a bond with sufficient sureties in such sum as may be required by the board of supervisors for the faithful and proper discharge of his duties as such road commissioner.

An act to amend Sections 1269b and 1305 of Penal Code, relating to bail.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1269b of the Penal Code is amended to read:

1269b. The officer in charge of a jail wherein an arrested person is held in custody, an officer of a sheriff's department or police department of a city who is in charge of a jail and is acting under an agreement with the agency which keeps the jail wherein an arrested person is held in custody, the

clerk of the justice or municipal court of the judicial district in which the offense was alleged to have been committed, and the clerk of the superior court in which the case against the defendant is pending shall have authority to approve and accept bail in such amount as fixed by the warrant of arrest or schedule of bail or order admitting to bail in cash or surety bond executed by a certified, admitted surety insurer as provided in the Insurance Code, to issue and sign an order for the release of the arrested person, and to set a time and place for the appearance of the arrested person before the appropriate court and give notice thereof, as follows:

(a) For appearance before the court of an arrested person who has been arrested for having committed a misdemeanor and is being held in custody prior to the filing of a formal complaint, and for appearance before the court of a defendant charged with a misdemeanor by a formal complaint filed in the court. If a defendant has appeared before a judge of the court on the charge contained in the complaint the bail shall be in the amount fixed by such judge at the time of such appearance; if no such appearance has been made the bail shall be in the amount fixed in the warrant of arrest or, if no warrant of arrest has been issued, the amount of bail shall be pursuant to a schedule of bail in such case previously fixed and approved by the judge or judges of the court of the judicial district in which the offense is alleged to have been committed.

(b) For appearance before the court of a defendant charged with a felony by a formal complaint filed in court. If a defendant has appeared before a judge of the court on the charge contained in the complaint, the bail shall be in the amount fixed by such judge at the time of such appearance; if no such appearance has been made the bail shall be in the amount fixed in the warrant of arrest.

(c) It is the duty of the municipal and justice court judges in each county to prepare and adopt, by a majority vote, a schedule of bail for all misdemeanor and infraction offenses. It shall contain a list of such offenses and the amounts of bail applicable thereto as the judges determine to be appropriate. If the schedule does not list all misdemeanor and infraction offenses specifically, it shall contain a general clause for misdemeanors and a separate one for infractions providing for designated amounts of bail as the judges of the county determine to be appropriate for all such offenses not specifically listed in the schedule. The schedule of bail may be revised from time to time by the judges of the county, and the senior judge at each county seat shall call not more than two or less than one meeting each year of all municipal and justice court judges in the county for the purpose of establishing or revising a countywide uniform bail schedule. A copy of the schedule shall be sent to the officer in charge of the county jail and to the officer in charge of each city jail within the county.

Upon posting such bail the defendant or arrested person shall be discharged from custody as to the offense on which the bail is posted.

All money and surety bonds so deposited with such officer shall be transmitted immediately to the judge or clerk of the court by which the order was made or warrant issued or bail schedule fixed.

If a defendant or arrested person so released fails to appear at the time and in the court so ordered upon his release from custody, the court before which he was ordered to appear may forfeit the cash bail or surety bond, with or without issuing a warrant, and if the bail is a surety bond the surety company is obligated as provided by Section 1306 of the Penal Code, subject to the right of the court to set aside the forfeiture as provided by law.

(d) For the appearance before the proper court of a person who has been arrested for an offense on a warrant issued in a county of this state other than the county where such person is held in custody.

SEC. 2. Section 1305 of the Penal Code is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars (\$50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond. But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such

entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just.

No order discharging the forfeiture of the undertaking or deposit shall be made without opportunity for hearing and the filing of a notice of motion for such order setting forth the basis for relief, with proof of service upon the district attorney or other representative of the people at least 10 days prior to the time set for hearing of the motion and otherwise in compliance with the provisions of Section 1010 of the Code of Civil Procedure. Such notice may be given by the surety insurer, its bail agent, the surety, or depositor of money, any of whom may give such notice and appear either in person or by attorney. Such notice of motion must be filed within 180 days after such entry in the minutes or mailing as the case may be, and must be heard and determined within 30 days after the expiration of such 180 days, unless the court for good cause shown, shall extend the time for hearing and determination.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

An act to amend Sections 1170, 1172, and 1174 of, and to repeal Section 1173 of, the Probate Code, relating to the administration of estates.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Probate Code is amended to read:

1170. Whenever title to or an interest in real or personal property is affected by the death of any person, any person who claims any interest in such property, which interest is affected by the death of such person, may file in the superior court of the county of which the decedent was a resident at the time of his death, or in any county in which any part of the property is situated, a verified petition setting forth those facts, and particularly describing the property and his interest therein.

SEC. 2. Section 1172 of the Probate Code is amended to read:

1172. If the person who files the petition provided for in Section 1170 files an affidavit with the petition stating that he has no reason to believe that there is any opposition to, or

contest of, the petition, the court may act *ex parte*. In any other case, the clerk must set the petition for hearing by the court and give notice thereof by causing a notice of the time and place of the hearing to be posted at the courthouse in the county where the court is held at least 10 days before the hearing.

SEC. 3. Section 1173 of the Probate Code is repealed.

SEC. 4. Section 1174 of the Probate Code is amended to read:

1174. Such petition, or affidavits in support thereof, may be received in evidence and acted upon by the court with the same force and effect as if the petitioner or affiants were personally present and testified to the fact set forth, and the court may render judgment thereon establishing the fact of the death, which judgment shall be *prima facie* evidence of the fact of the death. The presumption established by this section is a presumption affecting the burden of producing evidence.

Any inheritance tax which becomes payable by reason of the death must be paid before the decree is made, and one of the inheritance tax appraisers provided for by law must be appointed by the court in every such proceeding to determine what if any inheritance tax is payable unless another proceeding is pending in which the taxability of the transfer involved in such proceedings may be determined. If the inheritance tax appraiser reports that no inheritance tax is payable he shall be paid by the petitioner or petitioners for his services and expenses a reasonable amount to be fixed by the court in which the proceeding is pending.

SEC. 5. Section 1174 of the Probate Code is amended to read:

1174. Such petition, or affidavits in support thereof, may be received in evidence and acted upon by the court with the same force and effect as if the petitioner or affiant were personally present and testified to the fact set forth, and the court may render judgment thereon establishing the fact of the death which judgment shall be *prima facie* evidence of the fact of the death. The presumption established by this section is a presumption affecting the burden of producing evidence.

Any inheritance tax which becomes payable by reason of the death must be paid before the decree is made, and one of the inheritance tax referees provided for by law must be appointed by the court in every such proceeding to determine what if any inheritance tax is payable unless another proceeding is pending in which the taxability of the transfer involved in such proceedings may be determined. If the inheritance tax referee reports that no inheritance tax is payable he shall be paid by the petitioner or petitioners for his services and expenses a reasonable amount to be fixed by the court in which the proceeding is pending.

SEC. 6. It is the intent of the Legislature, if amendments to Section 1174 of the Probate Code proposed by both this bill and Senate Bill 361 are enacted, that both amendments be

given effect and incorporated in Section 1174 in the form set forth in Section 5 of this act. Therefore, in the event Senate Bill 361 is enacted and amends Section 1174, Section 5 of this act shall become operative at the same time that Section 1174 as amended by Senate Bill 361 becomes operative, and at that time, Section 1174 of the Probate Code as amended by Section 4 of this act is repealed.

The equal division provisions of this section shall not prevent the court:

(1) Where economic circumstances warrant, from awarding any asset to one party on such conditions as the court deems proper to effect a substantially equal division of the property;

(2) By way of an additional award or offset against existing property from awarding from a party's share any sum the court determines to have been deliberately misappropriated by such party to the exclusion of the community property or quasi-community property interest of the other party.

(b) Notwithstanding the provisions of subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages, and all other facts of the case, determines that the interests of justice require another disposition. In such case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the

court determines to be just, except that at least one-half of such damages shall be assigned to the party who suffered the injuries. As used in this section, "community property personal injury damages" means all money or other property received by a married person as community property in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for such damages, unless such money or other property has been commingled with other community property.

(c) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 3.5. Section 4800 of the Civil Code is amended to read:

4800. (a) Except upon the written agreement of the parties, or on oral stipulation of the parties in open court, the court shall, either in its interlocutory judgment of dissolution of the marriage, in its judgment decreeing the legal separation of the parties, or at a later time if it expressly reserves jurisdiction to make such a property division, divide the community property and the quasi-community property of the parties, including any such property from which a homestead has been selected, equally.

(b) Notwithstanding subdivision (a), the court may divide the community property and quasi-community property of the parties as follows:

(1) Where economic circumstances warrant, the court may award any asset to one party on such conditions as it deems proper to effect a substantially equal division of the property.

(2) As an additional award or offset against existing property, the court may award, from a party's share, any sum it determines to have been deliberately misappropriated by such party to the exclusion of the community property or quasi-community property interest of the other party.

(3) If the net value of the community property and quasi-community property is less than five thousand dollars (\$5,000), after deducting the amount of all liens and encumbrances, and one party cannot be located through the exercise of reasonable diligence, the court may award all such property to the other party on such conditions as it deems proper.

(c) Notwithstanding the provisions of subdivision (a), community property personal injury damages shall be assigned to the party who suffered the injuries unless the court, after taking into account the economic condition and needs of each party, the time that has elapsed since the recovery of the damages, and all other facts of the case, determines that the interests of justice require another disposition. In such case, the community property personal injury damages shall be assigned to the respective parties in such proportions as the court determines to be just, except that at least one-half of such damages shall be assigned to the party who suffered the injuries. As used in this subdivision, "community property

personal injury damages'' means all money or other property received by a married person as community property in satisfaction of a judgment for damages for his or her personal injuries or pursuant to an agreement for the settlement or compromise of a claim for such damages, unless such money or other property has been commingled with other community property.

(d) The court may make such orders as it deems necessary to carry out the purposes of this section.

SEC. 4. Section 4800.5 is added to the Civil Code, to read: 4800.5. When service of summons is made pursuant to Section 415.50 of the Code of Civil Procedure upon a spouse in a proceeding under the provisions of this part, the court, without the aid of attachment thereof or the appointment of a receiver, shall have and may exercise the same jurisdiction over all of the following:

(a) The community real property of the spouse so served situated in this state as it has or may exercise over the community real property of a spouse in a proceeding under this part who is personally served with process within this state.

(b) The quasi-community real property of the spouse so served situated in this state as it has or may exercise over the quasi-community real property of a spouse in a proceeding under this part who is personally served with process within this state.

SEC. 5. Section 4808 of the Civil Code is repealed.

SEC. 6. It is the intent of the Legislature, if the amendments to Section 4800 of the Civil Code proposed by both this bill and Assembly Bill No. 1146 are enacted, that both amendments be given effect and incorporated into Section 4800 in the form set forth in Section 3.5 of this act. Therefore in the event A.B. 1146 is enacted and amends Section 4800, Section 3.5 of this act shall become operative at the same time that Section 4800 as amended by A.B. 1146 becomes operative. and, at that time, Section 4800 as amended by Section 3 of this act is repealed.

CHAPTER 963

An act to add Section 43006 to the Government Code, and to amend Section 155.1 of the Revenue and Taxation Code, relating to disaster relief, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 43006 is added to the Government Code, to read:

43006. Notwithstanding any other provision of law, the legislative body of a chartered city which assesses and collects

its own property taxes may, in any year, by ordinance, provide that every person who at 12:01 a.m. on the immediately preceding March 1 was the owner of, or had in his possession or under his control, any taxable property, or who acquired such property after such date and is liable for the taxes thereon for the fiscal year commencing the immediately following July 1, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for the reassessment of such property and deliver to the assessing official of the city a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown thereon to be in excess of one thousand dollars (\$1,000). The application shall be executed under penalty of perjury or, if executed outside the State of California, verified by affidavit.

Upon receiving a proper application, the assessor shall reassess the property according to its full cash value immediately after the damage or destruction. The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

If the damaged full cash value of the property as determined above is not at least one thousand dollars (\$1,000) less than the full cash value shown on the assessment roll for the year in question, no adjustment shall be made to said roll and no taxes shall be canceled or refunded. Those reassessed values resulting from reductions in full cash value of at least one thousand dollars (\$1,000), as determined above, shall be forwarded to the auditor by the assessor or the clerk of the board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, said reassessed values shall not be subject to review except by a court of competent jurisdiction.

If no such application is made and the county assessor determines that the full cash value of such property for the assessment year is reduced by more than one thousand dollars (\$1,000) from the full cash value of the property for the im-

mediately preceding assessment year due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

As used in this section, "damage" includes property which has diminished in value as a result of restricted access to the property where such diminution in value was caused by the major misfortune or calamity.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with this section. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, a prorated portion of the tax due on the property as originally assessed at the rate established for the property on the secured roll for the current fiscal year, such proration to be determined on the basis of the number of months in the year during which the property was in an undamaged condition plus a proration of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for such fiscal year, such proration to be determined on the basis of the number of months in the year in which the property was in a damaged condition, including the month in which the damage was incurred.

(b) With respect to property on the unsecured roll, a prorated portion of the tax shall be computed on the original assessment of the property and a prorated portion of the tax computed on the reassessment of the property as determined in the preceding paragraph.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

SEC. 2. Section 155.1, as added to the Revenue and Taxation Code by Senate Bill No. 521 of the 1970 Regular Session of the Legislature, is amended to read:

155.1. Notwithstanding any provision of law to the contrary, the board of supervisors may, in any year, by ordinance,

provide that every person who at 12:01 a.m. on the immediately preceding March 1 was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after such date and is liable for the taxes thereon for the fiscal year commencing the immediately following July 1, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, apply for reassessment of such property by delivering to the assessor a written application showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars (\$1,000). The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

Upon receiving a proper application, the assessor shall reassess the property according to its full cash value immediately after the damage or destruction. The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

If the damaged full cash value of the property as determined above is not at least one thousand dollars (\$1,000) less than the full cash value shown on the assessment roll for the year in question, no adjustment shall be made to said roll and no taxes shall be canceled or refunded. Those reassessed values resulting from reductions in full cash value of at least one thousand dollars (\$1,000), as determined above, shall be forwarded to the auditor by the assessor or the clerk of the board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, said reassessed values shall not be subject to review except by a court of competent jurisdiction.

If no such application is made and the county assessor determines that the full cash value of such property for the assessment year is reduced from the full cash value of such property for the immediately preceding assessment year by more than one thousand dollars (\$1,000) due to the damage or destruc-

tion caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

As used in this section, "damage" includes property which has diminished in value as a result of restricted access to the property where such diminution in value was caused by the major misfortune or calamity.

The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the reassessment determined in accordance with this section. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll a prorated portion of the tax due on the property as originally assessed at the rate established for property on the secured roll for the current fiscal year, such proration to be determined on the basis of the number of months in the year during which the property was in an undamaged condition plus a proration of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for such fiscal year, such proration to be determined on the basis of the number of months in the year in which the property was in a damaged condition, including the month in which the damage was incurred.

(b) With respect to property on the unsecured roll, he shall be liable for a prorated portion of the tax computed on the original assessment of the property and a prorated portion of the tax computed on the reassessment of the property as determined in the preceding paragraph.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The disastrous mud and earth slides and other calamities caused by torrential rains in the state are destroying and damaging property to such an extent that, unless relief from taxation is given to owners thereof, there is grave danger that they may be unable to pay the taxes currently levied thereon. In order that property tax relief may be afforded at the earliest possible time to the people in these stricken areas, it is necessary that this act take effect immediately.

CHAPTER 964

An act to amend Section 6473.5 of the Education Code as added by Chapter 1596 of the Statutes of 1969 and to repeal Section 6473.5 of the Education Code as added by Chapter 1578 of the Statutes of 1969, relating to compensatory education.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6473.5 of the Education Code, as added by Chapter 1596 of the Statutes of 1969, is amended to read:

The Director of Compensatory Education may waive this requirement where the school district submits evidence which is satisfactory to him that provisionally credentialed teachers have been provided through an established career opportunities program, a teacher corps program, or through a district career development plan designed to provide employment opportunities, concurrent training, and career advancement for capable persons of low-income background who wish to enter the teaching profession.

SEC. 2. Section 6473.5 of the Education Code, as added by Chapter 1578 of the Statutes of 1969, is repealed.

CHAPTER 965

An act to amend Section 27 of the Probate Code, and to amend Sections 21200 and 21201 of the Corporations Code, relating to unincorporated associations.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 27 of the Probate Code is amended to read:

27. A testamentary disposition may be made to the United States, to any instrumentality of the United States, to any of the United States, to any foreign state complying with the provisions of Chapter 3 (commencing at Section 259) of Division 2 of this code, to the state, to counties, to municipal corporations, to natural persons capable by law of taking the property, to unincorporated societies or associations or lodges or branches thereof, and to corporations.

SEC. 2. Section 21200 of the Corporations Code is amended to read:

21200. Any unincorporated society or association, and every lodge or branch of any such society or association, and any labor organization, may, without incorporation, purchase, receive, own, hold, lease, mortgage, pledge, or encumber, by deed of trust or otherwise, manage, and sell all such real estate and other property as may be necessary for the business purposes and objects of the society, association, lodge, branch or labor organization, subject to the laws and regulations of the society, association, lodge, or branch and of the grand lodge thereof, or labor organization; and also may take and receive by will or deed all property not so necessary, and hold it until disposed of within a period of 10 years from the acquisition thereof.

SEC. 3. Section 21201 of the Corporations Code is amended to read:

21201. All conveyances transferring or in any manner affecting the title to real estate owned or held by an unincorporated benevolent or fraternal society or association, or lodge or branch thereof, or labor organization, shall be executed by its presiding officer and recording secretary under its seal after resolution duly adopted by the society, association, lodge, or branch authorizing the conveyance, and in the case of other unincorporated associations for which no specific provision is made by statute shall be executed by (a) its president or other head and secretary, recording secretary, or other comparable officer, or (b) other officers or persons specifically designated by a resolution duly adopted by the association or by a committee or body duly authorized to act by the articles of association or bylaws.

An unincorporated association not otherwise authorized by statute may record in any county in which it owns or has an interest in real property a verified and acknowledged statement, or a certified copy of such statement recorded in another county, setting forth the name of the association, the names of its officers and the title or capacity of its officers and other persons who are authorized on its behalf to execute conveyances of real property owned or held by the association. It shall be conclusively presumed in favor of any bona fide purchaser

or encumbrancer for value of real property of the association located in the county in which such statement or certified copy has been recorded that the officers and persons designated in the statement are duly authorized to execute such conveyances unless there is recorded in such county by anyone claiming to be a member of the association a statement, verified and acknowledged by the person executing it, which shall set forth the name of the association, particularly identify the recorded statement of the unincorporated association, and state that such previously recorded statement was recorded without authority or that the officers or other persons designated therein are not so authorized. For the purposes of this paragraph, the definitions of "conveyance" and "purchaser" in Section 15010.5 and the definition of "unincorporated association" in Section 24000 shall apply, except that "unincorporated association" shall not include partnerships.

CHAPTER 966

An act relating to the public schools.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Upon the application of the governing board of an elementary or unified school district, the Superintendent of Public Instruction may exempt for five fiscal years from the minimum class size standards and reporting requirements prescribed by Section 17507 of the Education Code, not more than four of the elementary schools and one junior high school maintained by such district. The exemptions authorized by this act may not be made with respect to more than five school districts.

No exemption shall be renewed unless a full report and evaluation of the results of the pilot program has been presented to the Legislature and to the Superintendent of Public Instruction, and the Superintendent of Public Instruction determines that the results warrant an extension of the exemption. Any exemption may be extended for a period not to exceed five fiscal years.

SEC. 2. The certificated employees of a school which, pursuant to Section 1 of this act, has been granted an exemption from the minimum class size standards of Section 17507 of the Education Code, shall not be subject to the provisions of Section 13506 of the Education Code which require certificated employees to be classified on the salary schedule on the basis of uniform allowances for years of training and years of experience. In lieu of such classification, the governing board of the district may establish salary schedules pursuant to which

the salaries of such certificated employees are determined by job specifications rather than training and experience.

SEC. 3. It is the intent and purpose of the Legislature in enacting this measure, to enable a limited number of school districts to establish pilot programs, using differentiated staffing patterns in the schools, without the consequent decrease in state support which would otherwise result.

SEC. 4. The Superintendent of Public Instruction shall render a progress report on the operation of this act to the Legislature no later than the fifth calendar day of the 1973 Regular Session and shall render a final report to the Legislature not later than the fifth calendar day of the 1975 Regular Session.

CHAPTER 967

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 21350 of the Vehicle Code is amended to read:

21350. The Department of Public Works shall place and maintain, or cause to be placed and maintained, with respect to highways under its jurisdiction, appropriate signs, signals and other traffic control devices as required hereunder, and may place and maintain, or cause to be placed and maintained, such appropriate signs, signals or other traffic control devices as may be authorized hereunder, or as may be necessary properly to indicate and to carry out the provisions of this code, or to warn or guide traffic upon the highways. The Department of Public Works may, with the consent of the local authorities, also place and maintain, or cause to be placed and maintained, in or along city streets and county roads, appropriate signs, signals and other traffic control devices, or may perform, or cause to be performed, such other work on city streets and county roads, as may be necessary or desirable to control or direct traffic, or to facilitate traffic flow, to or from state highways.

SEC. 2. Section 21466 of the Vehicle Code is amended to read:

21466. No person shall place or maintain or display upon or in view of any highway any light in such position as to prevent the driver of a vehicle from readily recognizing any official traffic control device.

SEC. 3. Section 21466.5 is added to the Vehicle Code, to read:

21466.5. No person shall place or maintain or display, upon or in view of any highway, any light of any color of such brilliance as to impair the vision of drivers upon the highway. A light source shall be considered vision impairing when its brilliance exceeds the values listed below.

The brightness reading of an objectionable light source shall be measured with a $1\frac{1}{2}$ -degree photoelectric brightness meter placed at the driver's point of view. The maximum measured brightness of the light source within 10 degrees from the driver's normal line of sight shall not be more than 1,000 times the minimum measured brightness in the driver's field of view, except that when the minimum measured brightness in the field of view is 10 foot-lamberts or less, the measured brightness of the light source in foot-lambert shall not exceed

500 plus 100 times the angle, in degrees, between the driver's line of sight and the light source.

The provisions of this section shall not apply to railroads as defined in Section 229 of the Public Utilities Code.

SEC. 4. The sum of thirty-five thousand dollars (\$35,000) is hereby appropriated from the State Highway Fund, in augmentation of Item 237.5, Budget Act of 1970, for restudy of the extension of the Long Beach Freeway through South Pasadena. Notwithstanding the provisions of the contract between the Department of Public Works and the City of South Pasadena, dated June 25, 1970, the City of South Pasadena shall not be required to pay any portion of the cost of the restudy.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Safety on our highways can be greatly enhanced by reducing congestion thereon and by prohibiting any person from placing any light of such brilliance in view of a highway which would impair the vision of drivers thereon. The Department of Public Works has prepared plans to implement urgently needed ramp control projects, which involve the placement of signs, signals, and traffic control devices, to control the flow of traffic onto a freeway and thereby reduce the congestion thereon. In order that the department may proceed with the implementation of such projects at the earliest possible date, and the prohibition against display of lights of such brilliance in view of a highway which would impair the vision of drivers thereon be in effect at the earliest possible date, it is necessary that this act take effect immediately.

(b) This part does not apply to any labor camp, except a labor camp in which mobilehomes are used to house five or more prospective employees of any person other than the owner or operator of the labor camp, which is subject to the provisions of Chapter 4 (commencing with Section 2610), Part 9, Division 2 of the Labor Code.

(c) This part does not apply to any charitable or recreational organization, incorporated under the laws of the State of California as a nonprofit corporation, which owns acreage in fee or leases acreage in a zoned recreation area or which has sites in a state or federal forest, and the use thereof is limited to the members of such organization, and where such organization complies with rules and regulations for recreational trailer parks established by the commission for such installations to protect the health and safety of the occupants and the general public. The provisions of this part shall not prevent local authorities of any city or county, within the reasonable exercise of their police powers, from prohibiting mobilehome accommodation

structures within all or certain zones within such city or county or from prescribing standards of lot area, side yards, landscaping, walls or enclosures, signs, access and automobile parking by local ordinances. Local authorities may also prescribe by regulation the prohibition of certain uses of mobile-home accommodation structures.

18801. The commission may adopt regulations to interpret and make specific the provisions of this part. Such regulations may establish a schedule of fees to defray the costs of work related to administration and enforcement of this part.

CHAPTER 2. DEFINITIONS

18810. The definitions contained in this chapter shall govern the construction of this part, unless the context otherwise requires.

CHAPTER 984

An act to amend Section 21116 of the Education Code, relating to school district accounting controls.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 21116 of the Education Code is amended to read:

21116. With the approval of the Superintendent of Public Instruction, the governing board of a junior college district,

a unified school district, or district with over 10,000 average daily attendance may cause to be drawn all warrants on the county treasurer against all the funds, except debt service, of the district in the county treasury in the payment of the expenses of the district. The warrants shall be issued by a person designated as the district auditor or district disbursing officer for the school district on the county treasurer in favor of the persons entitled thereto in payment of all claims chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. The district auditor shall issue warrants on the county treasurer for all debts and demands against the district when the amounts are fixed by law. The form of the warrant shall be as prescribed by the governing board and approved by the county auditor or county treasurer having jurisdiction.

Notwithstanding Section 21102 of the Education Code, the cost of printing the warrants shall be borne by the district.

No county officer shall be responsible for producing reports, statements, and other data relating to or based on these payments of the expenses of the districts. Those districts issuing warrants as provided by this section shall provide the county superintendent of schools, in the form prescribed by him, with the data necessary to make retirement reports and other reports required of him by law. All warrants, vouchers, and supporting documents shall be kept by the school districts that draw their own warrants.

Notwithstanding Section 27005 of the Government Code, or any other section requiring orders for warrants or warrants to be signed by the county superintendent of schools or the county auditor, or both, the county treasurer shall pay the warrant, if money is available.

Notwithstanding Section 17151 of the Education Code, except for assessing and tax collecting, the county auditor and the county treasurer may charge those districts that draw their own warrants for the cost of all fiscal services.

The person authorized by the governing board of the district to issue warrants pursuant to this section shall execute an official bond in an amount fixed by the governing board conditioned upon the faithful performance of his duties under this section. A county superintendent of schools or a county auditor shall not be liable under the terms of their bonds or otherwise for any warrant issued pursuant to this section. It is not intended that this provision shall be applied so as to impair the obligation of any contract in the bond of such officer in effect on the effective date of this section.

A listing of the warrants issued under this section by each school district shall be forwarded to the county auditor having jurisdiction, upon his request, and to the county superintendent of schools having jurisdiction over the district on the same day warrants are issued. The listing, which may be magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount

of the warrant, the name of the payee, and the fund on which drawn.

The form and content of the warrant listing shall be as prescribed by the governing board and approved by the county auditor having jurisdiction.

Each junior college district, unified school district or district with over 10,000 average daily attendance which issues warrants pursuant to this section shall furnish monthly to the county superintendent of schools and the county auditor of the county of jurisdiction, upon his request, a statement showing for the current fiscal year to date, for each required expenditure classification, the amount budgeted, actual expenditures, encumbrances and unencumbered balances.

In order to obtain the approval of the Superintendent of Public Instruction, a junior college district, a unified school district, or district with over 10,000 average daily attendance shall file a written application with the county superintendent of schools of jurisdiction on forms which the Superintendent of Public Instruction shall prescribe. Upon receipt of an application from the district, the county superintendent of schools shall cause a survey to be made of the district's accounting controls by an independent certified public accountant or public accountant in accordance with standards prescribed by the Department of Finance. The certified public accountant or public accountant shall report his findings and recommendations to the county superintendent, county auditor, and to the applicant district. The county superintendent shall forward the district's application, together with his recommendations and the recommendations of the county auditor and the report of survey, to the Superintendent of Public Instruction who shall approve or disapprove the application. The Superintendent of Public Instruction shall approve the application only if he finds the accounting controls of the district are adequate. If the Superintendent of Public Instruction determines that such controls are inadequate, he shall disapprove the application. The county superintendent of schools shall be reimbursed from the district funds for all costs incident to the accounting controls survey made pursuant to the district's application.

When approved by the Superintendent of Public Instruction, the issuance of warrants pursuant to this section shall be effective at the beginning of the fiscal year, provided that the approval had been made prior to the preceding first day of January. If disapproved, the Superintendent of Public Instruction and the county superintendent of schools shall state the specific steps which must be taken by the school district in order to receive approval. If at any time the county superintendent of schools determines that the accounting controls of the district have become inadequate, he may recommend to the Superintendent of Public Instruction that the approval be revoked effective at the first of the fiscal year next following.

CHAPTER 985

An act to amend Section 4904 of the Labor Code and Section 2629.1 of the Unemployment Insurance Code, relating to disability.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 4904 of the Labor Code is amended to read:

4904. If notice is given in writing to the insurer, or to the employer if uninsured, setting forth the nature and extent of any claim that is allowable as a lien, the claim is a lien against any amount thereafter payable as compensation, subject to the determination of the amount and approval of the lien by the appeals board. In determining the amount of lien to be allowed for unemployment compensation disability benefits under subdivision (f) of Section 4903 the appeals board shall allow such lien in the amount of benefits which it finds were paid for the same day or days of disability for which an award of compensation for temporary disability indemnity is made. In determining the amount of lien to be allowed for unemployment compensation benefits and extended duration benefits under subdivision (g) of Section 4903, the appeals board shall allow such lien in the amount of benefits which it finds were paid for the same day or days for which an award of compensation for temporary total disability is made. In the case of agreements for the compromise and release of a disputed claim for compensation, the applicant and defendant may propose to the appeals board, as part of the compromise and release agreement, an amount out of the settlement to be paid to any lien claimant claiming under subdivision (f) or (g) of Section 4903. The determination of the appeals board, subject to petition for reconsideration and to the right of judicial review, as to the amount of lien allowed under subdivision (f) or (g) of Section 4903, whether in connection with an award of compensation or the approval of a compromise and release agreement, shall be binding on the lien claimant, the applicant, and the defendant, insofar as the right to benefits paid under the Unemployment Insurance Code for which the lien was claimed. The appeals board may order the amount of any lien claim, as determined and allowed by it, to be paid directly to the person entitled, either in a lump sum or in installments.

Where unemployment compensation disability benefits have been paid pursuant to the Unemployment Insurance Code while reconsideration of an order, decision or award is pending, or has been granted the appeals board shall determine and allow a final amount on such lien as of the date the board is ready to issue its decision denying a petition for reconsidera-

tion or affirming, rescinding, altering or amending the original findings, order, decision or award.

SEC. 2. Section 2629.1 of the Unemployment Insurance Code is amended to read:

2629.1. Nothing in the provisions of Section 2629 of this code shall be construed to authorize the stopping of payment of unemployment disability benefits provided for in this part upon the filing of a lien with the Workmen's Compensation Appeals Board under Section 4903 of the Labor Code. Benefits provided for by this part shall be paid to claimants notwithstanding the filing of such a lien until an award, order or decision has been made in the matter as provided in Section 5313 of the Labor Code or, if temporary disability indemnity is not being received, while reconsideration is pending, or after it has been granted pursuant to Article 1 (commencing with Section 5900) of Chapter 7 of Part 4 of Division 4 of the Labor Code, until notification by the Workmen's Compensation Appeals Board that it is ready to issue its decision denying a petition for reconsideration or affirming, rescinding, altering or amending the original findings, order, decision or award.

CHAPTER 986

An act to amend Section 19576 of the Education Code, relating to the School Building Aid Law of 1952, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 19576 of the Education Code is amended to read:

19576. The board may approve, in whole or in part, an application submitted by a school district under Section 19571 and in such amount, not exceeding the amount applied for, as the board may deem appropriate.

The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount determined by the board as aforesaid, to the applicant school district from the State School Building Aid Fund for such portion or portions of the construction project as the board determines the district is ready to proceed with. If the board has approved an application and made an apportionment as to a portion or portions of a construction project, the board may approve the remaining portion or portions of the construction project and make an additional apportionment or apportionments within two years after the original approval without requiring a district to issue additional bonds. The board may also make an

additional apportionment or apportionments for a period of time in excess of two years after the original approval without requiring a district to issue additional bonds if it has made a finding that such additional apportionment or apportionments are justified by virtue of the fact that state funds were not available for apportionment within the two-year period after the original approval because of the inability of the state to sell authorized state bonds within the maximum permitted interest rate.

If the board determines that the actual cost is in excess of the estimated cost of the specific school plant facilities or sites for which an apportionment to a district has been made, or for which a district's application has been approved in whole or in part pursuant to this section, the board may make an additional apportionment to such district in an amount equal to such excess even though such additional apportionment will result in the total apportionments to the district exceeding the amount of the application originally approved by the board. Before such additional apportionment becomes final the district, pursuant to Section 19590, shall hold an election to repay the amount of such additional apportionment which is in excess of the amount which the district has previously voted to repay. Such additional apportionment shall become final when the county superintendent of schools transmits to the board and the State Controller a certificate in duplicate stating that the school district has authorized the acceptance and expenditure of the necessary amount of such excess. The first paragraph of Section 19595 shall not apply to such additional apportionments. If such additional apportionments are made by the board within two years after the original approval, the district shall not be required to issue additional bonds.

Except as otherwise provided in this section, all provisions of this chapter (Sections 19551 to 19689, inclusive) relating to apportionments shall apply to apportionments made under this section.

Whenever an apportionment has heretofore been made or is hereafter made to a district for a site and the district heretofore or hereafter proposes to acquire the site through negotiation or condemnation but the total acquisition cost thereof plus all other costs incidental to either the acquisition or condemnation of the site, exceeds or exceeded the apportionment for the site, the board may at any time hereafter make an additional apportionment to provide for the differential in total acquisition cost without the district being required to issue additional bonds to qualify, providing the board finds (1) that it is in the interest of the state to proceed with the acquisition despite the acquisition costs, and (2) that the district is unable to provide, or it would be a hardship to require it to provide, the excess costs. The board may also, in its discretion, as a condition of making such apportionment, require the district to repay in full all or any part of the

excess apportionment, under such terms and conditions as the board deems desirable, and the district shall be empowered and obligated to comply if it accepts the excess apportionment, notwithstanding any other law to the contrary; provided, (1) that no such repayment shall be required from any source that would be exempt from required contribution toward the cost of a project under Sections 19571 and 19572 (excepting amounts in the General Fund raised by taxes to pay any judgment requiring such repayment), and (2) that any portion of the apportionment not required to be repaid in full, shall be repayable in the same manner as a construction apportionment.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the state to make apportionments under this chapter (Sections 19551 to 19689, inclusive).

SEC 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some school districts are faced with the expiration of the two-year period for making apportionments and such expiration date is prior to the normal effective date of this act

CHAPTER 987

(b) Outdoor advertising is an integral part of the business and marketing function, and an established segment of the national economy, and should be allowed to exist in business areas, subject to reasonable controls in the public interest.

5227. It is the intention of the Legislature to occupy the whole field of regulation by the provisions of this chapter except that nothing in this chapter prohibits enforcement of any or all of its provisions by persons designated so to act by appropriate ordinances duly adopted by any county of this state nor does anything prohibit the passage by any county of reasonable land use or zoning regulations affecting the placing of advertising displays in accordance with the provisions of the Planning Law, Chapter 1 (commencing with Section 65000) of Title 7 of the Government Code, relating to zoning, or, with reference to signs or structures pertaining to the business conducted or services rendered or goods produced or sold upon the property upon which such advertising signs or structures are placed, ordinances subjecting such signs or structures to building requirements.

5228. It is declared to be the intent of the Legislature in enacting the provisions of this chapter regulating advertising displays adjacent to highways included in the national system of interstate and defense highways or the federal-aid primary highway system to establish minimum standards with respect thereto.

5229. The provisions of this chapter shall not be construed to permit a person to place or maintain in existence on or adjacent to any street, road or highway, including any interstate or state highway, any outdoor advertising prohibited by law or by any ordinance of any city, county or city and county.

5230. The governing body of any city, county, or city and county may enact ordinances, including, but not limited to, land use or zoning ordinances, imposing restrictions on advertising displays adjacent to any street, road, or highway equal to or greater than those imposed by this chapter.

5231. The governing body of any city or city and county may enact ordinances requiring licenses or permits, or both,

for the placing of advertising displays in view of any highway, including a highway included in the national system of interstate and defense highways or the federal-aid primary highway system, within its boundaries.

Article 2. Administration

5250. The director may make orders and regulations for the enforcement of this chapter and he may authorize the Division of Highways of the Department of Public Works to enforce its provisions.

5251. Regulations promulgated by the director prior to November 8, 1967, concerning interstate highways constructed upon rights-of-way, the entire width of which was acquired after July 1, 1956, shall be continued in effect to the extent necessary to comply with the agreement with the Secretary of Commerce specified in Section 131(j) of Title 23 of the United States Code.

5252. The director shall prescribe the form of all applications, licenses, permits and other appurtenant written matter.

5253. The director shall furnish requisite forms for applications, licenses and permits provided for in this chapter and may appoint a representative or agent in each of the counties throughout the state for the purpose of issuing the licenses and permits and collecting fees therefor as provided in this chapter. The agent or representative, in the discretion of the director, may be the county clerk in each county.

In the event of the appointment of the county clerk in any county by the director, the county clerk shall so act. Upon the issuance of any such license or permit by the authorized agent of the director, the agent shall immediately forward a copy thereof to the director.

5254. The director may enforce the penalties for failure to comply with the provisions of this chapter.

Article 3. Application of Chapter

5270. The regulation of the placing of advertising displays by this chapter, insofar as such regulation may affect the placing of advertising displays within view of the public highways of this state in unincorporated areas, shall be exclusive of all other regulations for the placing of advertising displays within view of the public highways of this state in unincorporated areas whether fixed by a law of this state or by a political subdivision thereof.

5271. The provisions of this chapter apply only to the placing of advertising displays within view of highways located in unincorporated areas of this state, except that the placing of advertising displays within 660 feet from the edge of the right-of-way of, and the copy of which is visible from, interstate highways or primary highways, including the portions of such highways located in incorporated areas, shall be governed by this chapter.

5272. With the exception of the provisions contained in Article 4 (commencing with Section 5300) and Article 7 (commencing with Section 5400) of this chapter, nothing contained in this chapter applies to any advertising display used exclusively:

(a) To advertise the sale or lease of the property upon which such advertising display is placed.

(b) To designate the name of the owner or occupant of the premises or to identify such premises.

(c) To advertise the business conducted or services rendered or the goods produced or sold upon the property upon which such advertising display is placed if the display is upon the same side of the highway and within 800 feet of the point on the property or within 800 feet of the entrance to the site at which the business is conducted or services are rendered or goods are produced or sold.

Article 4. Licenses

5300. A person engages in the business of outdoor advertising whenever he personally or through employees places advertising displays containing advertising which does not pertain exclusively to his own business, or changes the advertising message of such advertising displays.

5301. No person shall engage in or carry on the business or occupation of outdoor advertising without first having paid the license fee provided by this chapter. The fee is payable annually in advance on the first day of July of each year to the director or his authorized agent. Each license shall remain in force for the term of one year from and after the first day of July, and may be renewed annually.

A license shall be obtained whether or not the advertising display requires a permit.

5302. All licenses issued on or after the first day of July shall expire on the 30th day of June following the date of issue. Fees for original licenses issued after the first day of July of each year shall be apportioned and collected on the basis of one-twelfth of the fee for each month or part thereof remaining in the fiscal year.

5303. Every application for a license shall be made on a form to be furnished by the director. It shall state the full name of the applicant and the post office address of his fixed place of business.

The issuance of a license entitles the holder to engage in or carry on the outdoor advertising business and to apply for permits during the term of the license.

Article 5. Certificates of Zoning Compliance

5320. When requested to do so pursuant to a resolution adopted by the governing body of a city, county, or city and county the director shall require the presentation of a certificate of zoning compliance or an application date stamped

pursuant to Section 5322 issued within 60 days of presentation, before issuing a permit pursuant to Article 6 (commencing with Section 5350) in respect to any advertising display to be placed within any area subject to the zoning regulations of such city, county, or city and county.

The resolution shall designate the local official with whom applications for certificates of zoning compliance are to be filed.

This article shall not apply to an application for a renewal of a permit for an existing advertising display.

5321. Every person desiring a certificate of zoning compliance shall file an application with the designated local official. The application shall be accompanied by a plot plan showing the location of the parcel on which the display is proposed and the proposed site on the parcel. The size and type of construction of the proposed display and whether or not it is electrical shall also be stated. A fee of two dollars (\$2) shall be paid upon presentation of the application.

5322. A duplicate of the application, prepared by the applicant, shall be date stamped by the local official at the time of presentation and returned to the applicant.

The applicant may present that duplicate application to the director with his application for a permit 10 days from the date stamped thereon.

This application may be made in person or by mail. If by mail the date stamped duplicate shall be placed in the mail addressed to the applicant on the day received.

5323. If the proposed display complies with zoning regulations a certificate of zoning compliance shall be issued. That certificate shall state or otherwise describe the location of the parcel on which the display is to be placed, the zone designation, and all pertinent restrictions within that zone. The certificate shall also identify the applicant by name and address and the date of the application.

The certificate shall be prepared in at least three copies. An original shall be mailed to the applicant, a duplicate shall be mailed to the director, at whatever address he may from time to time specify, and the remaining copy shall be retained by the local officer, for so long as he deems necessary.

5324. If the proposed display does not comply with local zoning regulations a notice to this effect shall be prepared, and distributed in the same manner as a certificate of zoning compliance, except that this notice must be issued and mailed within seven days of the application.

This notice shall specify wherein the proposed display would violate local zoning regulations and shall bear the name and address of the applicant.

5325. The director shall prescribe a form to be used for applications for a certificate of zoning compliance. He shall also prescribe the form to be used for the notice to be issued pursuant to Section 5324.

Article 6. Permits

5350. No person shall place any advertising display within the areas affected by the provisions of this chapter in this state without first having secured a written permit from the director or from his authorized agent.

5351. Every person desiring a permit to place any advertising display shall file an application with the director or with his authorized agent. No application shall be accepted which is not accompanied by an application for a certificate of zoning compliance for the same display, which bears a date stamp at least 10, and not more than 60, days prior to the date of application for a permit, if the display is proposed for a site within the jurisdiction for a local agency whose governing board has adopted a resolution pursuant to Section 5320.

5352. No permit may be issued for a proposed display in respect to which a local official has issued a notice pursuant to Section 5324.

5353. The application shall be filed on a blank to be furnished by the director or by his agent. It shall set forth the name and address of the applicant and shall contain a general description of the property upon which it is proposed to place the advertising display for which a permit is sought and a diagram indicating the location of the proposed advertising display on the property, in such a manner that the property and the location of the proposed advertising display may be readily ascertained and identified.

5354. The applicant for any permit shall offer evidence that the owner or other person in control or possession of the property upon which the location is situated has consented to the placing of the advertising display.

5355. If the application is for a permit to place a sign, it shall contain a description of the sign including the material, the size and the subject thereof and the proposed manner of placing it.

5356. If the application is for a permit to place an advertising structure, it shall be accompanied by construction plans thereof. But if the applicant has theretofore filed with the director certified copies of standard specifications used by the applicant in constructing and erecting advertising structures, the application may refer to the standard specifications in lieu of being accompanied by the construction plans.

5357. If the applicant for a permit is engaged in the outdoor advertising business, the application shall contain the number of the license issued by the director.

5358. If the application is in full compliance with the provisions of this chapter and if the advertising display will not be in violation of any other state law, the director or his authorized agent shall, within 10 days after the filing of the application and upon payment by the applicant of the fee provided by this chapter, issue a permit to place the advertising display for the remainder of the calendar year in which the permit is issued.

5359. The issuance of a permit for the placing of an advertising structure includes the right to change the advertising copy thereon without obtaining any additional permit for the remainder of the calendar year in which the permit is issued and without the payment of any additional permit fee.

The issuance of a permit does not affect the obligation of the owner of the advertising display to comply with a zoning ordinance applicable to the advertising display under the provisions of this chapter nor does the permit prevent the enforcement of the applicable ordinance by the county.

5360. Permits shall be renewed on the first day of January of each year upon the application and the payment of fees as provided in this chapter and shall expire on the 31st day of December of the year.

5361. Each permit provided in this chapter shall carry an identification number and shall entitle the holder to place the advertising display described in the application.

5362. No person shall place any advertising display unless there is securely fastened upon the front thereof an identification number plate of the character specified in Section 5363. The placing of any advertising display without having affixed thereto an identification number plate is prima facie evidence that the advertising display has been placed and is being maintained in violation of the provisions of this chapter, and any such display shall be subject to removal as provided in Section 5463.

5363. Identification number plates shall be furnished by the director. Identification number plates shall bear the identification number of the advertising display to which they are assigned.

Article 7. Regulations

5400. No advertising structure may be maintained unless the name of the person owning or maintaining it, is plainly displayed thereon.

5401. No advertising structure shall be placed unless it is built to withstand a wind pressure of 20 pounds per square foot of exposed surface. Any advertising structure not conforming to this section shall be removed as provided in Section 5463.

5402. No person shall display or cause or permit to be displayed upon any advertising structure or sign, any statements or words of an obscene, indecent or immoral character, or any picture or illustration of any human figure in such detail as to offend public morals or decency, or any other matter or thing of an obscene, indecent or immoral character.

5403. No advertising display shall be placed or maintained in any of the following locations or positions or under any of the following conditions or if the advertising structure or sign is of the following nature:

(a) If within the right-of-way of any highway.

(b) If visible from any highway and simulating or imitating any directional, warning, danger or information sign permitted under the provisions of this chapter, or if likely to be mistaken for any such permitted sign, or if intended or likely to be construed as giving warning to traffic, such as by the use of the words "stop" or "slow down."

(c) If within any stream or drainage channel or below the floodwater level of any stream or drainage channel where the advertising display might be deluged by floodwaters and swept under any highway structure crossing the stream or drainage channel or against the supports of the highway structure.

(d) If not maintained in safe condition.

(e) If visible from any highway and displaying any red or blinking or intermittent light likely to be mistaken for a warning or danger signal.

(f) If visible from any highway which is a part of the interstate or primary systems, and which is placed upon trees, or painted or drawn upon rocks or other natural features.

(g) If any illumination thereon shall be of such brilliance and so positioned as to blind or dazzle the vision of travelers on adjacent highways.

(h) If visible from any bonus segment and displaying any flashing, intermittent or moving light or lights.

5404. No advertising display shall be placed outside of any business district as defined in the Vehicle Code or outside of any unincorporated city, town or village, or outside of any area that is subdivided into parcels of not more than 20,000 square feet each in area in any of the following locations or positions, or under any of the following conditions, or if the advertising display is of the following nature:

(a) If within a distance of 300 feet from the point of intersection of highway or of highway and railroad right-of-way lines, except that this does not prevent the placing of advertising display on that side of an intercepted highway that is opposite the point of interception. But in case any permanent building, structure or other object prevents any traveler on any such highway from obtaining a clear view of approaching vehicles for a distance of 300 feet then advertising displays may be placed on such buildings, structure or other object if such displays will not further obstruct the vision of those approaching the intersection or interception, or if any such display does not project more than one foot therefrom.

(b) If placed in such a manner as to prevent any traveler on any highway from obtaining a clear view of approaching vehicles for a distance of 500 feet along the highway.

5405. Notwithstanding any other provisions of this chapter, no advertising display shall be placed or maintained within 660 feet from the edge of the right-of-way of, and the copy of which is visible from, any interstate or primary highway other than the following:

(1) Directional or other official signs or notices that are required or authorized by law, including, but not limited to, signs pertaining to natural wonders, scenic and historical attractions, and which comply with regulations which shall be promulgated by the director relative to their lighting, size, number, spacing and such other requirements as may be appropriate to implement this chapter, which regulations shall not be inconsistent with such national standards as may be promulgated from time to time by the Secretary of Transportation of the United States pursuant to subdivision (c) of Section 131 of Title 23 of the United States Code.

(2) Advertising displays advertising the sale or lease of the property upon which they are located, provided all such advertising displays within 660 feet of the edge of the right-of-way of a bonus segment shall comply with the regulations prescribed pursuant to Sections 5251 and 5415.

(3) Advertising displays which advertise the business conducted or services rendered or the goods produced or sold upon the property upon which the advertising display is placed, if the display is upon the same side of the highway as the advertised activity; provided all such advertising displays within 660 feet of the right-of-way of a bonus segment shall comply with the regulations prescribed pursuant to Sections 5251 and 5415; and provided that no such advertising display shall be placed after January 1, 1971, if it contains flashing, intermittent or moving lights (except that part necessary to give public service information such as time, date, temperature, weather, or similar information).

(4) Advertising displays erected or maintained pursuant to regulations of the director, and not inconsistent with the national policy set forth in subdivision (f) of Section 131 of Title 23 of the United States Code and the standards promulgated thereunder by the Secretary of Transportation, and designed to give information in the specific interest of the traveling public.

5406. The provisions of Sections 5226 and 5405 shall not apply to bonus segments which traverse and abut on commercial or industrial zones within the boundaries of incorporated municipalities, as such boundaries existed on September 21, 1959, wherein the use of real property adjacent to and abutting on the national system of interstate and defense highways is subject to municipal regulation or control, or which traverse and abut on other business areas where the land use, as of September 21, 1959, was clearly established by state laws as industrial or commercial, provided that advertising displays within 660 feet of the edge of the right-of-way of such bonus segments shall be subject to the provisions of Section 5408.

5407. The provisions of Sections 5226 and 5405 shall not apply to penalty segments which are located, or which are to be located, in business areas and which comply with Section 5408, except that Sections 5226 and 5405 shall apply to unzoned commercial or industrial areas in which the commercial

or industrial activity ceases and is removed or permanently converted to other than a commercial or industrial activity, and displays in such areas shall be removed not later than five years following the cessation, removal, or conversion of the commercial or industrial activity.

5408. In addition to the advertising displays permitted by Section 5405, advertising displays conforming to the following standards, and not in violation of any other provisions of this act, may be placed in business areas along interstate or primary highways:

(a) Advertising displays shall not be placed which exceed 1,200 square feet in area with a maximum height of 25 feet and a maximum length of 60 feet, including border and trim, and excluding base or apron supports and other structural members. This subdivision shall apply to each facing of an advertising display. The area shall be measured by the smallest square, rectangle, triangle, circle, or combination thereof, which will encompass the entire advertisement. Two advertising displays not exceeding 350 square feet each may be erected in a facing. Any advertising display lawfully in existence on August 1, 1967, which exceeds 1,200 square feet in area, and which is permitted by city or county ordinance, may be maintained in existence.

(b) Advertising displays shall not be placed which are so illuminated that they interfere with the effectiveness of, or obscure any official traffic sign, device, or signal; nor shall any advertising display include or be illuminated by flashing, intermittent or moving lights (except that part necessary to give public service information such as time, date, temperature, weather, or similar information); nor shall any advertising display cause beams or rays of light to be directed at the traveled ways if such light is of such intensity or brilliance as to cause glare or to impair the vision of any driver, or to interfere with any driver's operation of a motor vehicle.

(c) Advertising displays shall not be placed in such a manner as to obstruct, or otherwise physically interfere with, an official traffic sign, signal, or device or to obstruct, or physically interfere with, the vision of drivers in approaching, merging, or intersecting traffic.

(d) No advertising display shall be placed within 500 feet from another advertising display on the same side of any portion of an interstate highway or a primary highway which is a freeway. No advertising display shall be placed within 500 feet of an interchange, or an intersection at grade, or a safety roadside rest area on any portion of an interstate highway or a primary highway which is a freeway and if the interstate or primary highway is located outside the limits of an incorporated city. No advertising display shall be placed within 300 feet from another advertising display on the same side of any portion of a primary highway which is not a freeway if that portion of the primary highway is located outside the limits of an incorporated city. No advertising display shall be

placed within 100 feet from another advertising display on the same side of any portion of a primary highway which is not a freeway if that portion of the primary highway is located inside the limits of an incorporated city. But this subdivision shall not apply to advertising displays which are separated by a building or other obstruction in such a manner that only one display located within the minimum spacing distances set forth herein is visible from the highway at any one time. This subdivision shall not prevent the erection of double-faced, back-to-back, or V-type advertising display, with a maximum of two signs per facing, as permitted in subdivision (a). This subdivision shall not apply to advertising displays permitted by Section 5405. The minimum distance between signs shall be measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway. Any advertising display lawfully in existence on August 1, 1967, which does not conform to the provisions of this subdivision but which is permitted by city or county ordinances may be maintained in existence.

5409. Any advertising display located within 660 feet of the edge of the right-of-way of, and the copy of which is visible from, any bonus segment, and which advertising display was lawfully maintained in existence on July 1, 1964, but which is not within one of the classes specified in Section 5405 or exempted by Section 5406, may be maintained in existence until July 1, 1969, unless required to be removed prior thereto by order of the director; provided that this section shall not apply to advertising displays adjacent to a landscaped freeway.

5410. Any advertising display located within 660 feet of the edge of the right-of-way of, and the copy of which is visible from, any penalty segment, or any bonus segment described in Section 5406 which display was lawfully maintained in existence on the effective date of this section but which was not on that date in conformity with the provisions of this article, may be maintained, and shall not be required to be removed until July 1, 1970. Any other sign which is lawful when erected, but which does not on January 1, 1968, or any time thereafter, conform to the provisions of this article, may be maintained, and shall not be required to be removed, until the end of the fifth year after it becomes nonconforming; provided that this section shall not apply to advertising displays adjacent to a landscaped freeway.

5411. Owners of advertising displays which are required to be removed prior to July 1, 1969, by order of the director pursuant to Section 5409, and the owners of the land upon which such displays are located, shall be paid just compensation for the reasonable damages suffered by reason of such removal between the date of removal and July 1, 1969.

5412. Each removal ordered by the director, on or after November 8, 1967, of any of the following advertising displays which is not as of that date in conformity with the provisions

of this article shall be deemed a removal under Section 5410 and shall be deemed to constitute a taking, within the meaning of the Highway Beautification Act of 1965, subdivision (g) of Section 131 of Title 23 of the United States Code, as in effect October 22, 1965, of all right, title, and interest, including any leasehold interest, of the owner of the advertising display and of the right of the owner of the real property on which the advertising display is located to erect and maintain such advertising display thereon:

(a) Advertising displays lawfully in existence on October 22, 1965.

(b) Advertising displays on real property adjoining a highway made an interstate highway or a primary highway between October 21, 1965, and January 1, 1968, which were lawfully in existence on the date the highway was so classified.

(c) Signs lawfully in existence on, or lawfully erected on or after, January 1, 1968.

If federal law requires the states to pay just compensation with regard to the removal, on or after July 1, 1970, or the end of the fifth year after an advertising display becomes nonconforming, as the case may be, of such advertising displays, owners of such advertising displays which are removed pursuant to this article or owners of the land upon which such displays are located, or both, whichever way the federal law is interpreted, shall be paid just compensation. The sole intent of the Legislature in enacting this paragraph is to comply with federal law, and it is otherwise not the intent of the Legislature to in any manner relinquish any of its powers relating to the removal of advertising displays under the police power.

5413. The compensation required by Section 5412 shall be paid to the person or persons entitled thereto upon filing of a written claim with the director containing such information as the director may reasonably require. The claim for compensation must be filed within 180 days after removal is completed.

5414. If the director and a person who has presented a claim under Section 5413 do not reach agreement as to whether compensation is payable under Section 5412 or as to the amount of such compensation within 120 days after the filing of such a claim, the claimant may institute an action at law to have his right to such compensation and the amount of such compensation determined. Such an action shall be instituted by the filing of the complaint in the superior court for the county in which the advertising display and the real property are located. The complaint shall be filed not later than one year after the filing with the director of the claim for compensation. Such an action shall be treated in accordance with Title 7 (commencing with Section 1237) of Part 3 of the Code of Civil Procedure.

5415. The director shall prescribe and enforce regulations for the erection and maintenance of advertising displays permitted by Sections 5226, 5405, and 5408 consistent with Section 131 of Title 23 of the United States Code and the national standards promulgated thereunder by the Secretary of Trans-

portation; provided, that the director shall not prescribe regulations imposing stricter requirements for the size, spacing or lighting of advertising displays than are prescribed by Section 5408 and provided that the director shall not prescribe regulations to conform to changes in federal law or regulations made after November 8, 1967, without prior legislative approval.

Notwithstanding any other provisions of this chapter, no outdoor advertising shall be placed or maintained adjacent to any interstate highway or primary highway in violation of the national standards promulgated pursuant to subsections (c) and (f) of Section 131 of Title 23 of the United States Code, as such standards existed on November 8, 1967.

5416. The director shall seek, and may enter into, agreements with the Secretary of Transportation of the United States and shall take such steps as may be necessary from time to time to obtain, and may accept, any allotment of funds as provided by subdivision (j) of Section 131 of Title 23 of the United States Code, as amended from time to time, and such steps as may be necessary from time to time to obtain funds allotted pursuant to Section 131 for the purpose of paying the 75 percent federal share of the compensation required by subdivision (g) of Section 131 of Title 23 of the United States Code.

5417. If compensation is required by federal law, as described in the last paragraph of Section 5412, no advertising display shall be required to be removed pursuant to Section 5410 unless and until federal funds for the federal share of compensation therefor, to wit, 75 percent, required by subdivision (g) of Section 131 of Title 23 of the United States Code have been appropriated by the federal government and made immediately available to the director and notification of such appropriation and immediate availability has been received by the director. This section shall not apply to the removal of any advertising display for which no federal share is payable.

5418. No advertising display shall be required to be removed pursuant to Section 5410 unless and until the expenditure for payments of just compensation therefor in the manner prescribed in Sections 5412, 5413, and 5414 has been hereafter authorized by statute, which statute shall designate the source of funds for such payments.

5419. (a) The director shall seek agreement with the Secretary of Transportation of the United States, or his successor, under provisions of Section 131 of Title 23 of the United States Code, to provide for effective control of outdoor advertising substantially as set forth herein, provided that such agreement can vary and change the definition of "unzoned commercial or industrial area" as set forth in Section 5222 and the definition of "business area" as set forth in Section 5223, or other sections related thereto, and provided further that if such agreement does vary from such sections it shall not be effective until the Legislature by statute amends the

sections to conform with the terms of the agreement. If agreement is reached on these terms, the director shall execute the agreement on behalf of the state.

(b) In the event an agreement cannot be achieved under subdivision (a), the director shall promptly institute proceedings of the kind provided for in subdivision (l) of Section 131 of Title 23 of the United States Code, in order to obtain a judicial determination as to whether this chapter and the regulations promulgated thereunder provide effective control of outdoor advertising as set forth therein. In such action the director shall request that the court declare rights, status, and other legal relations and declare whether the standards, criteria, and definitions contained in the agreement proposed by the director are consistent with customary use. If such agreement is held by the court in a final judgment to be invalid in whole or in part as inconsistent with customary use or as otherwise in conflict with Section 131 of Title 23 of the United States Code, the director shall promptly negotiate with the Secretary of Transportation, or his successor, a new agreement or agreements which shall conform to this chapter, as interpreted by the court in such action.

Article 8. Landscaped Freeways

5440. Except as provided in Sections 5441 and 5442, no advertising display shall be placed or maintained on property adjacent to a section of freeway which has been, or hereafter may be, landscaped if the advertising display is designed to be viewed primarily by persons traveling on such landscaped section of a freeway.

5441. Any advertising structure or sign which is now, or hereafter shall be, in violation of the provisions of Section 5440 shall be removed within three years from the date when the project for the landscaping of a section or sections of a freeway shall have been completed or accepted, and the character of such section or sections shall have been changed from a freeway to a landscaped freeway.

5442. The provisions of Section 5440 shall not apply to any advertising structure or sign if the advertising display is used exclusively:

(a) To advertise the sale or lease of the property upon which such advertising display is placed.

(b) To designate the name of the owner or occupant of the premises upon which such advertising display is placed, or to identify such premises.

(c) To advertise goods manufactured or produced, or services rendered, on the property upon which such advertising display is placed.

5443. Nothing in this chapter shall prohibit any county from designating the districts or zones in which advertising displays may be placed or prohibited as part of a county land use or zoning ordinance.

Article 9. Crimes and Penalties

5460. It is unlawful for any person to place or cause to be placed, or to maintain or cause to be maintained any advertising display without the lawful permission of the owner or lessee of the property upon which the advertising display is located.

5461. All advertising displays which are placed or which exist in violation of the provisions of this chapter are public nuisances and may be removed by any public employee as further provided in this chapter.

5462. All advertising displays which were lawfully erected and which are maintained after January 1, 1968, in violation of Section 5405 or 5408 of this chapter or the regulations of the director prescribed hereunder may be removed by the director upon 60 days' prior notice, by certified or registered mail, to the owner thereof. But no notice shall be required to be given to the owner of an advertising display whose name is not plainly displayed thereon. The 60 days shall be computed from the date of mailing.

5463. The director may revoke any license or permit for the failure to comply with the provisions of this chapter and may remove and destroy any advertising display placed or maintained in violation of this chapter after 10 days' written notice posted on such structure or sign and a copy forwarded by mail to the display owner at his last known address.

Notwithstanding any other provision of this chapter the director or any authorized employee may summarily and without notice remove and destroy any advertising display placed in violation of this chapter which is temporary in nature because of the materials of which it is constructed or because of the nature of the copy thereon.

CHAPTER 992

An act to amend Sections 1, 3, 4, and 5 of Chapter 842 of the Statutes of 1968, relating to local water agency bonds.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 842 of the Statutes of 1968 is amended to read:

Section 1. In furtherance of the provisions of Chapter 5.5 (commencing with Section 12894) of Part 6, Division 6 of the Water Code, the Department of Water Resources is hereby authorized to enter into a commitment, upon the terms and conditions herein specified, to make a loan from funds appropriated for such purpose by Section 12894 of the Water Code to each of the following public agencies (hereinafter in this act referred to as the "agency"): the Belridge Water Storage District, the Berrenda Mesa Water District, the Buena Vista Water Storage District, the Cawelo Water District, the Dudley Ridge Water District, the Kern Delta Water District, the Lost Hills Water District, the Rosedale Rio Bravo Water Storage District, the Pond Poso Improvement District of the Semitropic Water Storage District, the Buttonwillow Improvement District of Semitropic Water Storage District, the Tehachapi-Cummings County Water District, the Wheeler Ridge-Maricopa Water Storage District, and the Henry Miller Water District. No loan commitment shall be made pursuant to this act to any agency for an amount in excess of 15 percent of the aggregate principal amount of the next general obligation bond issue of the agency for the purpose of the construction of projects for the utilization of water from the State Water Resources Development System or water obtained through an exchange of water from the system.

SEC. 2 Section 3 of Chapter 842 of the Statutes of 1968 is amended to read:

Sec. 3. No loan commitment shall be made with respect to any bond issue unless such bond issue has been approved for certification by the State Treasurer pursuant to the provi-

sions of Division 10 (commencing with Section 20000) of the Water Code. The date on which such bond issue is approved for certification by the State Treasurer shall determine the priority of the agency issuing such bonds in the event available funds are not sufficient to meet all applications under this act.

SEC. 3. Section 4 of Chapter 842 of the Statutes of 1968 is amended to read:

Sec. 4. The department shall determine whether or not to approve a loan commitment to the agency, based on such information as may then be available to the department. If approved, the amount of the loan commitment, not to exceed 15 percent of the aggregate principal amount of the bond issue, and the period of the loan commitment, not to exceed 10 years from the date of issuance of the bonds, shall be determined by the department in accordance with the degree of loan commitment deemed necessary to support a sale of the bond issue. The amount of loan commitment need not be the same during the entire period of the loan commitment.

SEC. 4. Section 5 of Chapter 842 of the Statutes of 1968 is amended to read:

Sec. 5. No loan commitment funds shall be available to an agency unless the agency enters into a loan commitment contract with the department under which the agency agrees to the following terms and conditions:

(a) The loan commitment obligation shall extend for a period of not in excess of 10 years from the date of the issuance of the general obligation bonds, and during such period the state shall be obligated to loan to the agency, according to the terms and conditions of the loan commitment contract, funds, not to exceed such specified total amount, for use by the agency in making principal or interest payments accruing on such general obligation bonds.

(b) The agency shall submit a written request for loan commitment funds, on a form to be provided by the department, which specifies the use to be made of such funds and which contains the certification of the agency that insufficient funds are available from other sources, including bond reserve funds and taxes or assessments, for the purpose of making such principal or interest payments. Each year during the loan commitment period in which the agency is unable to raise sufficient funds by other means, it shall levy upon all property in the agency subject to taxation or assessment a tax or assessment sufficient to enable the agency to make the principal and interest payments due or to become due on such bonds prior to the date of the next tax or assessment levy.

(c) Loan commitment funds received by the agency shall be deposited in a special fund, and, upon request by the department, the agency shall submit written reports to the department on the expenditure by the agency of any such funds.

(d) After the termination of the loan commitment period, the department shall submit to the agency a statement showing the principal amount of the loan, which shall be the difference between the total amount of money disbursed to the agency under the loan commitment contract and any amount previously repaid to the state by the agency as a partial repayment of the moneys loaned. The principal amount of the loan shall be repaid in not to exceed 10 consecutive annual installments to be set forth in a loan repayment schedule, but the amount of each installment may be tailored to the particular circumstances of the agency and need not be equal. The first installment shall be due and payable in the year following the year in which the statement of the principal amount of the loan is submitted to the agency. The agency shall have the option of paying in advance, on any date when an annual installment is due, all or any part of the unpaid portion of the principal amount of the loan.

(e) Interest shall be charged on the unpaid balance of the amounts of money disbursed to the agency pursuant to the loan commitment contract at an annual rate equal to the net interest cost to the agency on the bonds for which such money has been disbursed. Such interest shall be due and payable in the year following the year in which the first disbursement of a portion of the loan commitment funds is made under the contract, and each year thereafter. The agency may, however, defer the payment of any interest amount until the first installment on the principal amount of the loan is due and payable, and no interest shall be charged on the deferred interest amounts during such deferral period. After the interest deferral period, the total accrued interest amounts shall become payable, and thereafter such accrued interest shall bear interest at the rate specified above. Such interest shall be payable, in consecutive equal annual installments during the period of the repayment of the principal amount of the loan. Interest shall be charged on all delinquent interest payments.

(f) The governing body of the agency shall provide for the punctual payment of all amounts due and payable to the state pursuant to the loan commitment contract, and if necessary shall levy taxes or assessments to make such payments and enforce and collect such taxes or assessments and place them in a special fund for use in making such payments to the state; provided, that payments due the state pursuant to such contract shall be junior in priority of obligation to payments of principal and interest due on the general obligation bonds for which funds have been disbursed under such contract, if the agency so agrees with the holders of such bonds at the time of their issuance.

SEC 5. The amendments to Sections 4 and 5 of Chapter 842 of the Statutes of 1968 made by the provisions of this act shall be operative only with respect to loan commitments made on or after the effective date of this act.

The table of mortality shall be employed in connection with all care agreements entered into on or after January 1, 1958, while McClintock's table of mortality among annuitants shall be employed in connection with care agreements entered into prior to January 1, 1958. Securities which, although not on the approved list, should be retained in the reserve for reasons acceptable to the department may be retained with the specific approval of the department.

5. Real estate used to provide care and housing for holders of life care contracts, continuing care agreements, or equities therein, owned by the organization or person, shall be based on 70 percent of the net equity thereof, which shall be the appraised value less any depreciation and encumbrances. The appraisal shall be made by an appraiser approved by the department.

At least 25 percent of the reserve necessary to maintain all continuing care agreements, or life care contracts, must consist of listed bonds, stocks, commercial and savings accounts and building and loan certificates except that a 5-percent requirement will apply to those homes and organizations which have at least one-half of their contracts under the monthly fee basis. Any person or organization holding a certificate of authority to enter into life care agreements upon the effective date of this act, that is unable to meet the reserve requirements of this subdivision, may petition the department for a modification of the percentage in the reserve requirement.

Any person or organization which has entered into care agreements prior to October 1, 1957, but which was not required prior to September 11, 1957, to obtain a certificate of authority under this chapter, is not required to maintain reserves covering obligations assumed under any agreement entered into prior to October 1, 1957.

SEC 3. Section 16304.1 is added to the Welfare and Institutions Code, to read:

16304.1. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

1. The cash price of the motor vehicle described in the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount of the unpaid balance, which is the sum of items 3, 4, and 5.

(2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the

finance charge (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(d) Any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding the buyer shall have the privilege of paying at any time in full the indebtedness evidenced by the contract. Whenever an indebtedness is liquidated prior to maturity by prepayment or refinancing, or upon surrender or repossession and resale of the motor vehicle, the holder shall thereupon refund to the buyer the unearned portion of the finance charge. The refund may be made in cash or credited to the amount due on the obligation of the buyer. The amount of the refund shall represent at least as great a proportion of the finance charge, after first deducting therefrom twenty-five dollars (\$25) as the sum of the periodic time balances payable more than 15 days after the date of prepayment (or other event entitling the buyer to the refund) bears to the sum of all of the periodic time balances under the schedule of installments in the contract. The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (c) of this section. Where the amount of such refund is less than one dollar (\$1), no refund need be made.

(e) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the

seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(f) Notwithstanding any other provision of this chapter to the contrary, in any instance in which vendor's single interest insurance is to be written in connection with a conditional sale contract, a conditional sale contract complying with the applicable disclosure requirements of Regulation Z, as in effect on the date of such contract, shall be deemed to comply with the requirements of paragraphs 1 to 8, inclusive, of subdivision (a), irrespective of any difference between the provisions of that regulation and this chapter with respect to any information to be disclosed, the terminology, form or content of such disclosures, the amounts to be included in or manner of determining the unpaid balance, the finance charge or any other item of information to be disclosed, or otherwise. This subdivision shall have no application to the determination of the amount of the unpaid balance, the finance charge, or any other amount for the purpose of computing the maximum permissible finance charge or the refund of any unearned portion of the finance charge under subdivisions (c) and (d), respectively, or for the purpose of computing any penalty under Section 2983.1.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be set forth in terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

SEC. 3. Section 2982.5 of the Civil Code is amended to read:

2982.5. (a) Nothing contained in this chapter shall be deemed to affect a loan or the security therefor, between a purchaser of a motor vehicle and a supervised financial organization, other than the seller of the motor vehicle, all or a portion of which loan is used in connection with the purchase of a motor vehicle. As used herein "supervised financial organization" means a person organized, chartered, or holding a license or authorization certificate under a law of this state or the United States to make loans and subject to supervision by an official or agency of this state or the United States.

(b) Nothing in this chapter shall be deemed to prohibit the seller's assisting the buyer in obtaining a loan upon any security from any third party to be used as a part or all of the downpayment or any other payment on a conditional sale contract or purchase order; provided that the conditional sale

contract sets forth on its face the amount of the loan, the finance charge, the total thereof, the number of installments scheduled to repay the loan and the amount of each such installment, that the buyer may be required to pledge security for the loan, which security must be mutually agreed to by the buyer and the lender and notice to the buyer in at least eight-point type that he is obligated for the installment payments on both the conditional sale contract and the loan. The seller shall not provide any security or other guarantee of payment on such loan nor shall such seller receive any commission or other remuneration for assisting the buyer to obtain such loan. If the buyer obligates himself to purchase, or receives possession of, the motor vehicle prior to securing such loan, and if the buyer upon appropriate application for such loan is unable to secure such loan, on the conditions stated in the conditional sale contract, such conditional sale contract or purchase order shall be deemed rescinded and all consideration thereupon shall be returned by the respective parties without demand.

(c) The proceeds of any such loan payable to the seller after the date of the contract but prior to the due date of the second payment otherwise scheduled thereunder shall not be subject to a finance charge and the amount thereof shall be set forth in the contract in accordance with the provisions of subdivision (c) of Section 2982.

SEC 4. Section 2982.7 of the Civil Code is amended to read:

2982.7. Any payment made by a buyer to a seller pending execution of a conditional sale contract shall be refunded to the buyer in the event the conditional sale contract is not executed.

The provisions of this section shall not apply when a buyer leaves his motor vehicle with the seller as downpayment and the buyer and seller, with knowledge and consent agree that the parties shall enter into the conditional sale contract, and the buyer shall take delivery of the motor vehicle described in the conditional sale contract from the seller, at a date more than five days after the date the buyer leaves his motor vehicle with the seller.

SEC 5. Section 2984.3 of the Civil Code is amended to read:

2984.3 Any acknowledgment by the buyer of delivery of a copy of a conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed during the contract negotiations shall be printed or written in size equal to at least 10-point bold type and, if contained in the contract, shall appear directly above the space reserved for the buyer's signature. The buyer's written acknowledgment conforming to the requirements of this section, of delivery of a completely filled-in copy of the contract, and a copy of such other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary

when he acquired his interest in the contract. If such third party furnishes the buyer a copy of such documents, or a notice containing items 1 to 8 of subdivision (a) of Section 2982, and stating that the buyer shall notify such third party in writing within 30 days if he was not furnished a copy of such documents, and no such notification is given, it shall be conclusively presumed in favor of such a third party that copies of such documents were furnished as required by this chapter.

7152.5. A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

7153. The rights of the donee created by the gift are paramount to the rights of others, except as provided by Section 7156.

7153.5. The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

(a) Any hospital, surgeon, or physician, for medical or dental education, research, advancement of medical or dental science, therapy, or transplantation.

(b) A gift of all or part of the body under Section 7151 may also be made by document other than a will. The gift shall become effective upon the death of the donor. The document, which may be a card designed to be carried on the person, shall be signed by the donor in the presence of two witnesses, who shall sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence in the presence of two witnesses who shall sign the document in his presence. The physician who becomes a donee under this subdivision shall not participate in the procedures for removing or transplanting a part.

(d) Notwithstanding subdivision (b) of Section 7155.5, the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 7151.5 shall be made by a document signed by him or made by his telegraphic, recorded telephonic or other recorded message.

7154.5 If the gift is made by the donor to a specified donee, the will, card, or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death. Delivery is not necessary to the validity of the gift. The will, card, or other document, or an executed copy thereof, may be deposited in any hospital, bank, or storage facility or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

7155 (a) If the will, card, or other document, or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by any of the following:

(1) The execution and delivery to the donee of a signed statement.

(2) An oral statement made in the presence of two persons and communicated to the donee.

(3) A statement during a terminal illness or injury addressed to an attending physician and communicated to the donee.

(4) A signed card or document found on his person or in his effects.

(b) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subdivision (a), or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(c) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subdivision (a).

7155.5 (a) The donee may accept or reject a gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons specified in Section 7100.

(b) The time of death shall be determined by a physician who tends the donor at his death or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(c) A person who acts in good faith in accord with the terms of this chapter shall not be liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act.

7155.6. The use of any human tissue donated pursuant to this chapter for the purpose of transplantation in the human body shall be construed for all purposes as a rendition of a service by each person participating therein and shall not be construed as a sale of such tissue.

7156. The provisions of this chapter are subject to the laws of this state prescribing powers and duties with respect to autopsies.

7157. This chapter shall be so construed as to effectuate its general purpose to make uniform the law of the states which enact it.

SEC. 4. It is the intent of the Legislature, if amendments to Section 7100 of the Health and Safety Code proposed by both this bill and Assembly Bill No. 2527 are enacted, that both amendments be given effect and incorporated in Section 7100 in the form set forth in Section 15 of this act. Therefore, in the event Assembly Bill No. 2527 is enacted and amends Section 7100 Section 15 of this act shall become operative at the same time that Section 7100 as amended by Assembly Bill No. 2527 becomes operative and at that time, Section 7100 of the Health and Safety Code as amended by Section 1 of this act is repealed.

If bail is forfeited, the amount of such assessment shall be transmitted by the clerk of the court to the county treasury and thence to the State Treasury pursuant to this section. If bail is returned, the assessment made thereon pursuant to this section shall also be returned.

After a determination by the court of the amount due, the clerk of the court shall collect the same and transmit it to the county treasury. It shall then be transmitted to the State Treasury to be deposited in the Peace Officers' Training Fund.

The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

In any case where a person convicted of any offense to which this section applies is imprisoned until the fine is satisfied, the judge may waive all or any part of the penalty assessment the payment of which would work a hardship on the person convicted or his immediate family.

The commission shall annually allocate and the State Treasurer shall periodically pay from the Peace Officers' Training Fund, at intervals specified by the commission, to each city, county, and district which has applied and qualified for aid pursuant to this chapter an amount determined by the commission pursuant to standards set forth in its regulations. In no event shall any allocation be made to any city, county, or district which is not adhering to the standards established by the commission as applicable to such city, county, or district.

SEC. 3. Section 42006 of the Vehicle Code is amended to read:

42006. On and after September 17, 1965, there shall be levied a special assessment in an amount equal to fifty cents (\$0.50) for every twenty dollars (\$20), or fraction thereof, of every fine, penalty, and forfeiture, imposed and collected by a municipal court conducting a night session of the court pursuant to Section 72300 of the Government Code, on all offenses involving a violation of a section of this code or of a city or county ordinance relating to vehicles or their operators or owners, except offenses relating to parking or registration or offenses by pedestrians. When a fine is suspended in whole or in part, the penalty assessment shall be reduced in proportion to the suspension.

When a person makes a deposit of bail for an offense to which this section applies, in a case in which he is required to appear in a court conducting a night session pursuant to Section 72300 of the Government Code, the person making such deposit shall also deposit a sufficient amount to include the assessment prescribed in this section for forfeited bail. If bail is forfeited, the amount of such assessment shall be transmitted by the clerk of the court to the county treasury for disposition as prescribed by this section.

After a determination by the court of the amount of the assessment due, the clerk of the court shall collect the amount and transmit it to the county treasury to be deposited in the municipal court night session fund, which fund may be expended by the county for maintaining municipal courts in the county which have night sessions for traffic offenses pursuant to Section 72300 of the Government Code.

In any case where a person convicted of any offense to which this section applies is imprisoned until the fine is satisfied, the judge may waive all or any part of the penalty assessment, the payment of which would work a hardship on the person convicted or his immediate family.

Sec. 4. Section 42050 of the Vehicle Code is amended to read:

42050. To reimburse the General Fund for amounts appropriated therefrom for driver training pursuant to Section 17305 of the Education Code, and to augment the Peace Officers' Training Fund to the extent designated in Section 42052, there shall be levied a penalty assessment on all offenses involving a violation of a section of this code or of a city or county ordinance relating to vehicles or their operators or owners, except offenses relating to parking or registration or offenses by pedestrians, in the following amounts:

An act relating to a study of motor vehicle thefts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. The California Highway Patrol shall conduct a study of, and make recommendations regarding, the remedial action needed to reduce the incidence of motor vehicle thefts and facilitate the recovery of stolen motor vehicles and their parts.

The study shall include, but not be limited to, the practice of defacing, altering, destroying, and removing identification numbers; a review of the stolen vehicle reporting procedures utilized by governmental agencies and the insurance industry; the problem of reconstructed salvage vehicles and its relationship to automobile thefts; and a review of the penalty provisions relating to antitheft laws.

When changes in administrative procedures and existing statutes relating to motor vehicle thefts are necessary to correct current deficiencies, the study shall make recommendations setting forth the specific action that should be taken to remedy such deficiencies.

In carrying out this study, the California Highway Patrol shall seek the cooperation and advice of local police departments, sheriff's offices, the California Peace Officers Association, the insurance industry, the National Automobile Theft Bureau, the Automobile Dismantlers Association, the District Attorneys and County Counsels Association, the Advisory Committee on Motor Vehicle Legislation, and the Department of Motor Vehicles.

SEC. 2. The California Highway Patrol shall submit its report and recommendations to the Legislature not later than the fifth legislative day of the 1972 Regular Session.

SEC. 3. The department shall make every effort to obtain federal assistance to carry out the provisions of this act. The sum of one hundred eighty thousand dollars (\$180,000) is hereby appropriated from the Motor Vehicle Fund for the purpose of carrying out this act. An amount equal to any federal funds received for purposes of this act shall be returned to the Motor Vehicle Fund.

SEC. 4. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Motor vehicle thefts now rank number one in economic loss among all thefts in California.

Statewide, automobile thefts have increased 159 percent in the past 13 years, with a 22 percent increase in 1968.

Approximately 25 percent of the nation's automobile thefts occur in California. Over 135 000 California automobiles were stolen in 1969, with an unrecovered loss exceeding \$20 million.

Despite the efforts of law enforcement authorities to curtail automobile thefts, the number of thefts and resulting economic loss continues to increase daily. In order to halt this spiraling crime rate, it is necessary that this act take effect immediately.

CHAPTER 1016

An act to amend Sections 31721 and 31725 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 31725 of the Government Code is amended to read:

31725. Permanent incapacity for the performance of duty shall in all cases be determined by the board.

If the medical examination and other available information do not show to the satisfaction of the board that the member is incapacitated physically or mentally for the performance of his duties in the service and the member's application is denied on this ground the board shall give notice of such denial to the employer. The employer may obtain judicial review of such action of the board by filing a petition for a writ of mandate in accordance with the Code of Civil Procedure or by joining or intervening in such action filed by the member within 30 days of the mailing of such notice. If such petition is not filed or the court enters judgment denying the writ, whether on the petition of the employer or the member, and the employer has dismissed the member for disability the employer shall reinstate the member to his employment effective as of the day following the effective date of the dismissal.

SEC. 2. Section 31721 of the Government Code is amended to read:

31721. A member may be retired for disability upon the application of the member, the head of the office or department in which he is or was last employed, or any other person on

his behalf, except that an employer may not separate because of disability a member otherwise eligible to retire for disability but shall apply for disability retirement of any member believed to be disabled unless the member waives the right to retire for disability and elects to withdraw contributions or to permit contributions to remain in the fund with rights to service retirement as provided in Article 9 (commencing with Section 31700) of this chapter.

CHAPTER 1017

An act to add Article 7 (commencing with Section 6031) to Chapter 9 of Division 4 to the Agricultural Code, relating to pest control, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 6031) is added to Chapter 9 of Division 4 of the Agricultural Code, to read:

Article 7. Beet Leafhopper Control

6031. The necessity of controlling beet leafhopper, the only known vector of the curly top virus, is recognized by the Legislature as being in the public benefit. The state's agricultural business economy could be seriously damaged if measures are not continued to prevent the transmittal of curly top virus by this insect. Since the control program primarily is carried on in uncultivated areas involving both private and public lands, often far removed from the areas receiving benefits, it is necessary for a state agency to take primary responsibility. The Legislature therefore supports a program jointly funded by industry and public funds whereby protection is provided to both home gardens and commercial crops.

6032. As used in this article "handler" means any person that engages in the operation of selling, marketing, or processing any of the crops vulnerable to damage from curly top virus, as covered by this chapter, which he has purchased, or acquired from a producer or which he is marketing, selling or processing on behalf of a producer, whether as owner, agent, employee, broker, or otherwise. A producer handler is a producer who operates as a handler as to any such crop produced by him. Every producer or producer-handler of tomatoes, sugar beets, melons, beans, cucumbers, spinach, peppers, and other agricultural crops susceptible to curly top virus as determined by the director shall pay to the director an assessment on all such crops sold or delivered by him to a handler or in the case of a producer-handler on such crops marketed

by him. The full amount of the assessment shall be collected from the producer by the handler at the point and time that the crop is purchased or received by the handler as provided by regulations of the director.

6033. The assessment collected from producers by handlers or due from producer-handlers shall be paid by such handler or producer-handler to the director as provided by regulations of the director.

6034. For the purpose of assessment, the following districts are established: District I, Imperial County; District II, Kern, except that portion of Kern County lying in Antelope Valley, Kings, Tulare, Fresno, Madera, Merced, Stanislaus, and San Joaquin Counties; District III, Sacramento, Solano, Yolo, Placer, Sutter, Yuba, Colusa, Butte, and Glenn Counties; District IV, Alameda, Contra Costa, Monterey, San Benito, San Luis Obispo, Santa Clara, Santa Cruz, and Santa Barbara Counties; additional areas of the state may be established in districts by regulation of the director if he finds crops in any such district are subject to damage from curly top virus and that any such district is necessary to accomplish the purposes of this article.

6035. The director may establish the rate of assessment by district and crop and may adjust the assessment rate from time to time, whenever he finds it necessary as provided in Section 6036.

6036. The assessment rate may vary from district to district and from crop to crop based on the degree of vulnerability to damage from curly top virus experienced by such crops in such districts. The rates may also vary in accordance with the protection afforded to such crops in such districts. Any rate or rates established shall be determined after hearing and shall be set by regulation. Such assessments shall be in total amount sufficient to reimburse the director to equal 50 percent of the expenditure by the department in carrying out the beet leafhopper control program.

6037. Any money which is received by the director pursuant to this article shall be deposited in the Department of Agriculture Fund to be used for the administration and enforcement of this article.

6038. The director is authorized to receive moneys from other sources for this program which will be deposited into the Department of Agriculture Fund and used to carry out the purposes of this article.

6039. The director shall appoint a Beet Leafhopper Control Board consisting of nine members. The membership shall consist of at least one representative of each of the primary crop commodities assessed and shall include representation from each of the districts assessed. Annually the director shall appoint one member of the board to serve as chairman.

6040. The terms of office for each member of the board shall be three years. Appointment of the first members shall be

made so that the term of office for three members shall expire at the end of one year, three at the end of two years, and three at the end of three years. Thereafter appointments shall be made for full three-year terms. Board members shall serve at the pleasure of the director.

6041. The board shall be advisory to the director and may make recommendations on all matters pertaining to this article including but not limited to the annual budget, use of funds for research, necessary assessments and regulations required to accomplish the purposes of this article as provided in Section 6031.

6042. The board shall meet at the call of its chairman or the director or at the request of any three members of the board. The board shall meet at least once a year. Members of the board shall be allowed per diem and mileage in accordance with State Board of Control rules for attendance at meetings and other board activities authorized by the board and approved by the director.

6043. Upon termination of this article any remaining funds received by the director pursuant to this article shall be refunded on a pro rata basis to all persons from whom assessments were collected during the 12-month period preceding the date of termination, unless the director finds the amounts so returnable are so small as to make impractical computation and remitting of such refunds. If the director makes such a finding, the funds may be used by the director for beet leafhopper control or research activities.

6044. This article shall remain in effect until June 30, 1974, and shall have no force or effect after that date.

Sec. 2. There is hereby appropriated from the Department of Agriculture Fund in the State Treasury to the Department of Agriculture the sum of one hundred sixty-eight thousand eight hundred sixteen dollars (\$168,816) in augmentation of Item 61 of the Budget Act of 1970.

Sec. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to preserve the continuity of the beet leafhopper control program and to protect the upcoming season's harvest; it is necessary that this act go into immediate effect.

19906 The Office of Alcohol Program Management may appoint an advisory committee of not more than 15 members to review, assess, and promote optimal use of local, state, and federal resources applicable to alcohol problems. The committee shall be solely advisory in character and shall not be delegated any administrative authority or responsibility. Committee members shall serve without compensation, but shall be reimbursed for actual and necessary expenses incurred in connection with the performance of their duties.

SEC. 2. It is the intent of this act that by July 1, 1972, state and federal funds previously allocated to other agencies for the prevention, treatment, and rehabilitation of alcoholism be appropriated, to the fullest extent feasible, to the Human Relations Agency for those purposes.

(a) "Health care service plan" shall mean any form of organization or any arrangement whereby any person undertakes responsibility to provide, arrange for, pay for or reimburse any part of the cost of any health care service for a consideration consisting in part of prepaid or periodic charges; but the provisions of this article shall not apply to such a plan operated by an insurer, a nonprofit hospital service plan, or a fraternal benefit society, while such plan is so operated within the scope of the current certificate of authority issued by the Insurance Commissioner, or to such a plan operated under a trust fund negotiated by collective bargaining between an employer and a labor organization, as those terms are defined below or established and operated by an employer for his employees; provided that:

(1) The charges for the health care service are paid entirely by the trust fund, or entirely by the employer, or jointly by employer and employee; and

(2) No persons other than employees of the employer, or their family dependents, are eligible to become members of the health care service plan; and

(3) The plan is not advertised nor solicited except to persons eligible to subscribe to the plan. Every health care service plan which reimburses providers of health care service that do not contract in writing with the health plan to provide health care services for a specified consideration, or which reimburses its members for expenditures incurred in having received health care service from providers that do not contract with the health plan, in an amount which exceeds 10 percent of its total expenditures for health care services, shall maintain cash or equivalents at least equal to the aggregate sum of the last three months of such payments which were made and accrued to such pro-

Upon a determination by the Attorney General that the estimate is inadequate, the Attorney General may require the health care service plan to increase its estimate of incurred and unreported claims.

As used herein the term "fee for service" refers to the situation where the amount of reimbursement paid by the health care service plan to providers of service is determined by the amount and type of service rendered by the provider of service.

SEC. 8. Section 12539.4 is added to the Government Code, to read:

12539.4. No health plan shall expend for administrative costs in any fiscal year an excessive amount of the aggregate dues, fees and other periodic payments received by the plan for providing health care services to its members. The term "administrative costs," as used herein, includes costs incurred in connection with the solicitation of members for the health care service plan.

This section is not intended to preclude a health care service plan from expending additional sums of money for administrative costs provided such money is not derived from revenue obtained from members of the health plan.

The people of the State of California do enact as follows:

SECTION 1. Section 5659.1 is added to the Welfare and Institutions Code, to read:

CHAPTER 1038

An act to amend Sections 12841, 13211, and 13623 of the Public Utilities Code and to amend Sections 13 and 36 of the Alameda County Flood Control and Water Conservation District Act (Chapter 1275, Statutes of 1949), relating to bonds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 12841 of the Public Utilities Code is amended to read:

12841. A district may borrow money and incur indebtedness, and may issue bonds or other evidences of indebtedness. No indebtedness shall be incurred exceeding the ordinary annual income and revenue of the district without the approval of a majority vote of the voters voting on the proposition to incur such indebtedness except as follows:

(a) A further vote of the voters is not required for any indebtedness heretofore or hereafter incurred within the purposes and not exceeding the available amount of any previously authorized bond issue, and as to such indebtedness the proceeds of any of the bonds unexpended in the treasury of the district, or the par value of any of the bonds which are unsold shall be deemed a part of the ordinary annual income and revenue of the district.

(b) Any district operating a utility under rules requiring applicants for extensions to advance the expenses of such extensions and facilities for serving additional territory may enter into agreements to refund to the applicants in a subsequent year the whole or any part of the expenses so advanced, and the refunds may be paid out of the revenues of subsequent years.

SEC. 2. Section 13211 of the Public Utilities Code is amended to read:

13211. The votes of a majority of all the voters voting on the proposition at the election are required to authorize the issuance of bonds under this chapter.

SEC. 4. Section 13623 of the Public Utilities Code is amended to read:

13623. The favorable vote of a majority of all the voters within the special district voting on the proposition is required to authorize the issuance of the bonds.

SEC. 5. Section 13 of the Alameda County Flood Control and Water Conservation Act (Ch. 1275, Stats. 1949) is amended to read:

Sec. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution

determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the Office of the Recorder of Alameda County within five (5) days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed seven percent (7%) per annum. For the purposes of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and im-

provements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election a majority of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless a majority of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

SEC. 6. Section 36 of the Alameda County Flood Control and Water Conservation District Act (Chapter 1275, Statutes 1949) is amended to read:

Sec. 36. Notwithstanding any other provisions of this act, the following shall apply with respect to the establishment, government, operation and financing of any zone lying wholly or in part in Pleasanton or Murray Townships:

1. The board of supervisors shall have no authority to proceed with the establishment of any zone lying wholly or in part in Pleasanton or Murray Townships without first obtaining the approval thereof by a vote of a majority of the qualified electors voting at a regular or special election on said proposition; said election shall in all particulars be held, as nearly as practicable, in conformity with the general election laws of the state, and the cost thereof shall be reimbursed to the district if a zone is established.

- 2 Any zone established by the board of supervisors under the provisions of this act lying wholly or in part in Pleasanton or Murray Townships, shall be governed and controlled by a board of seven (7) directors elected by the qualified electors

residing within the boundaries of said zone. The first members of said board shall be elected at the election called by the board of supervisors upon the proposition for establishment of said zone.

The term of directors shall be four years from and after their election commencing with the election of three directors in 1960 and four directors in 1962. Elections for directors shall be consolidated with the direct primary election in each even-numbered year and shall be called by proclamation of the board of supervisors of the county, issued in the manner specified in Section 1005 of the Elections Code. Terms of office shall commence July 1st of the year in which elected.

The term of office of the two directors whose present terms expire in 1961 are hereby extended to 1962, at which time said two offices shall be filled by election together with the two offices whose terms expire in 1962 under the provisions of this section as it read as amended by Chapter 20 of the Statutes of 1957.

Vacancies in the membership of a board shall be filled for the unexpired term by appointment by a majority of the remaining members of the board. Every voter resident within the zone for the period requisite to enable him to vote at the direct primary is entitled to vote at zone elections. Polling places and election officers shall be the same as provided for in the direct primary elections.

The name of the candidate shall be printed on the ballot when a nominating petition and declaration of acceptance have been filed with the county clerk. Each nominating petition shall be signed by not less than 5 nor more than 20 persons each of whom meets the qualifications hereinafter set forth. Each nominating petition and declaration of acceptance shall be in substantially the following respective forms:

I (or we) the undersigned certify that I join in a petition for the nomination of ----- for the office of Director of Ward --- (or at large) of Zone 7 of the Alameda County Flood Control and Water Conservation District to be voted for at the election on the --- day of -----, 19-- . I am a qualified elector, residing in the zone. I am not at this time a signer of any other petition nominating any other candidate for the office, or in case there are several places to be filled in the same office I have not signed more petitions than there are places to be filled in the office.

(Signed) -----

County of Alameda } ss

I hereby accept the nomination as a candidate for the office of Board of Directors of Ward --- (or, at large) of Zone 7 of the Alameda County Flood Control and Water Conservation District to be voted for at the primary election to be held -----, 19--, and if nominated I will not withdraw and will qualify for the office if elected.

(Signed) -----

The nominating petition may be upon one or more sheets of paper.

Each petition shall contain the name of only one candidate.

Each signer shall be a qualified elector, residing in the zone, and shall not at the time of the signing have his name signed to any other petition for any other candidate for the same office, nor in case there are several places to be filled in the same office, signed to more petitions for that office than there are places to be filled for that office.

Each nominating petition shall be verified under oath of one of the signers that the signatures are the signatures of the persons whose names they purport to be.

A nominating petition shall be presented to the county clerk not more than 90 nor less than 60 days before the election.

If, on the 60th day prior to the day fixed for the zone election, only one person has been nominated for each office of member of the board of directors or no one has been nominated for one or more of such offices, and if on the 50th day prior to the day fixed for the election a petition signed by 5 percent of the qualified electors in the zone, requesting that the election be held, has not been presented to the board of directors of the zone, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons, if any, who have been nominated. If no person has been nominated for any office, the board of supervisors shall appoint any qualified person to the office prior to the date when the election would have been held. The person appointed shall qualify and take office and serve exactly as if elected at a zone election.

In such instances notices shall be posted in three public places in the zone at least 10 days before the date fixed for the election, which notices shall state that no election is to be held

and that the board of supervisors will appoint, or has appointed, a member or members of the board of directors to serve for the ensuing term.

When a petition is presented for filing the county clerk shall forthwith examine it and ascertain whether or not it conforms to this section.

If found not sufficient it shall be returned to the person who presented it.

The county clerk shall cause the ballots to be printed and they shall contain the names of the candidates whose petitions have been filed as provided in this section.

The directors shall be elected at large and, except as provided herein, the election of said directors shall be conducted in substantially the same manner as provided by state law for direct primary elections.

The directors must be residents of the proposed zone and qualified electors and owners of real property therein.

The board of directors may authorize each director to receive compensation not exceeding twenty-five dollars (\$25) for each meeting of the board attended by him, not exceeding two (2) meetings in any calendar month, and his actual and necessary expenses incurred in performance of official duties under this act, payable from the funds of said zone.

3. The board of directors of any zone in which directors have been elected as provided in this act shall have the power to make and enforce all needful rules and regulations for the administration and government of the zone and the zone board may in its discretion appoint a chairman, a secretary and such other officers, agents and employees for the zone board or zone as in its judgment may be deemed necessary, prescribe their duties and fix their compensation. Such officers, agents and employees shall be appointed under and pursuant to the civil service rules and regulations of the County of Alameda; provided, however, that the chairman and secretary of the board, and experts, consultants or technical or other advisers for particular purposes and laborers, employed for a temporary period, may be appointed by the zone board without reference to any classified civil service list.

4. If any of the reports, supplementary reports, additional reports or recommendations provided for in Section 9 of this act relate to projects or work in any zone in which a zone board of directors has been elected as provided in this act, full and complete copies thereof shall be filed with the zone board immediately upon the filing of such with the board of supervisors.

5. If, under the provisions of Section 10 of this act, the board finds that any project or work of improvement is in whole or in part for the benefit of any zone in which a board of directors has been elected, the approval or concurrence of the zone board shall be obtained before any final determination is made to proceed with such project or work of improvement.

6. No proceeding shall be commenced or taken by the board

under Sections 11, 12.1, or 12.2 of this act for the institution of any project or work of improvement or the establishment of any improvement district in whole or in part in any zone in which a board of directors has been elected, until the board has first received the approval or concurrence of said zone board to the institution of said project or work of improvement or the establishment of any special benefit, drainage, or improvement area or district.

7. In any zone in which a board of directors has been elected, the tax or assessment for any purpose or purposes, other than administrative costs and expenses of the district, shall be based upon a budget or budgets prepared by, or under the direction of, the zone board of directors.

The taxes and assessments (other than the tax to pay the general administrative costs and expenses of the district and other than any taxes, assessments, or fees levied for improvement districts or pursuant to Sections 12.1, 12.2 and Section 16 hereof to pay bonds and interest thereon) levied by the board pursuant to Section 12 of this act upon any property in any zone lying wholly or in part in Pleasanton or Murray Townships shall not exceed in the aggregate the sum of fifteen cents (\$0.15) on each one hundred dollars (\$100) of assessed valuation unless a larger tax has been approved by a vote of not less than a majority of the qualified electors voting upon the proposition to increase such tax.

Notwithstanding any other provisions of this section, taxes and assessments may be levied by the board after approval by the zone board, pursuant to Sections 12 or 12.1 of this act, upon any property in the zone for the purpose of making payments to the State of California for the construction, maintenance, repair, operation and all other costs of the zone's prorated share of state water facilities.

8. No proceeding shall be commenced or taken by the board under Section 13 of this act for the incurring of a bonded indebtedness to pay the cost of any work or improvement in any zone in which a board of directors has been elected, until the board has first received the approval or concurrence of said zone board to the incurring of such bonded indebtedness.

The amount of bonded indebtedness outstanding at any time shall not exceed five percent (5%) of the assessed valuation of all taxable property in any zone lying wholly or in part in Pleasanton or Murray Townships.

SEC. 7. In the event that the case of *Westbrook v. Mihaly S.F. No. 22706* is reversed by the United States Supreme Court, the provisions of this act, except for Section 8, shall have no further force or effect. The provisions of this section shall not operate to invalidate any bonds duly authorized subsequent to the effective date of this act and prior to a reversal of the case of *Westbrook v. Mihaly* by the United States Supreme Court.

SEC. 8. All bond elections affected by this act and held in even-numbered years shall be consolidated with the direct primary or general election, and all bond elections affected by this act and held in odd-numbered years shall be held on the first Tuesday after the first Monday in November and consolidated with any district elections held on that date.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The decision of the California Supreme Court in the case of *Westbrook v. Mihaly* has held a two-thirds vote requirement on bond issues to be unconstitutional. Enactment of this bill would permit local districts to hold such elections in spite of statutory requirements for a two-thirds vote. To prevent expensive delay for such districts, it is imperative that this bill take effect on the earliest possible date.

CHAPTER 1039

An act to add Section 1009.5 to the Education Code, relating to school attendance.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 1009.5 is added to the Education Code, to read:

1009.5. No governing board of a school district shall require any student or pupil to be transported for any purpose or for any reason without the written permission of the parent or guardian.

CHAPTER 1040

An act to amend Sections 7495, 7495.2 and 7495.32 of the Education Code, relating to year-around elementary schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 7495 of the Education Code is amended to read:

7495. It is the intent and purpose of the Legislature, by the provisions of this chapter, to authorize the establishment of an

experimental four-quarter year-around elementary school program on a mandatory attendance basis at one elementary school maintained by a unified school district which has a current average daily attendance of not less than 25,000 nor more than 35,000. The program should enable the adoption of innovative instructional systems and techniques including special concentration upon critical elements of the required curricula over the longer academic year, permit maximum utilization of school plant, facilities and equipment, permit closer coordination of the elementary school instructional operations with the teacher-training operations of many institutions of higher education, permit the most efficient utilization of teachers' specializations, effect the replacement of the present system of lengthy summer vacations with shorter quarterly vacation periods with resultant diminution of pupils' vacation "learning loss," and afford numerous related benefits. This chapter shall be liberally construed to permit the accomplishment of these ends and to facilitate the complete evaluation of the school operations to enable the Legislature to determine what administrative, social, and other problems are presented thereby, and whether the same may feasibly be put into operation on a broader scale throughout the state.

SEC. 2. Section 7495.2 of the Education Code is amended to read:

7495.2. A year-around elementary school program established pursuant to this chapter shall be of an experimental or pilot-program nature and shall have a duration of seven full academic years, as established by the governing board of the district for purposes of the program

SEC. 3. Section 7495.32 of the Education Code is amended to read:

7495.32. The governing board of the school district shall keep a continuous record of the progress of each pupil, and within 30 calendar days after the commencement of the regular session of the Legislature convened following the expiration of the third, fifth, and seventh academic years during which an educational program established pursuant to this chapter is in operation at a school shall, acting through and in conjunction with the Department of Education, submit to the Legislature a comprehensive report concerning the program. The report shall contain information concerning the results of the testing program conducted pursuant to Section 7495.31, the administrative and fiscal problems connected with the program, the impact of the program upon the community and its acceptance by citizens, parents, and taxpayers, and all other relevant matters.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Pursuant to Section 7495.2 of the Education Code, the experimental year-around elementary school program, authorized by the Legislature by Chapter 1050, Statutes of 1968, will terminate in August, 1970. In order that the program be continued uninterrupted for the additional period of time authorized by this act, thus insuring continued evaluation of the pupils presently enrolled in the program and making possible a more meaningful evaluation of the program, it is essential that this act take effect immediately.

CHAPTER 1041

An act to amend Section 29802 of the Government Code, and Section 15001 of the Welfare and Institutions Code, relating to public assistance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1970. Filed with Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 29802 of the Government Code is amended to read:

29802. Unless otherwise provided by ordinance, any warrant issued is void if not presented to the county treasurer for payment within six months after its date.

Whenever, under the provisions of this section, warrants drawn on trust funds become void, the moneys in the county treasury represented by such warrants may be transferred to the general fund of the county by the county auditor unless disposition is otherwise provided by law.

Any time within two years from the date on which the original warrant became void, the payee or assignee of any warrant which is void as provided in this section may present such warrant to the governing body of the agency on which the warrant was drawn, or declare by affidavit that such warrant has been lost or destroyed, and the governing body of such agency may adopt an order instructing the county auditor to draw a new warrant in favor of the payee in the same amount as the original warrant, or the governing body may by resolution authorize the auditor to draw new warrants within the limitations prescribed by the resolution without prior individual order of the governing body, provided the limitations prescribed by this section have been complied with. Any such new warrant shall be subject to the same limitations as the original warrant which it replaces.

SEC. 2. Section 15001 of the Welfare and Institutions Code is amended to read:

15001. Any warrant issued in payment of aid under this division is subject to the provisions of Section 29802 of the Government Code. Each such warrant shall bear on its face a

statement that the warrant shall be void if not presented to the county treasurer for payment within six months after the date of issuance thereof.

The provision for a substitute warrant shall also apply to the assignee of a warrant, or the legal representative or heir of a deceased recipient, in accordance with the provisions of Section 12158 of this code.

SEC. 3. The provisions of this act shall be applicable to any warrants issued on or subsequent to July 1, 1970.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

To conform with the changes made by Chapter 107 of the Statutes of 1969, which become operative on July 1, 1970, it is necessary that this act take effect immediately.

14684. Each registered person shall keep an accurate account of every sale of any commercial fertilizer, agricultural mineral, or both. The account shall be open at all times to inspection by the director.

SEC. 2. Section 14684.1 is added to the Agricultural Code, to read:

14684.1. When more than one person is involved in the distribution of either a commercial fertilizer or agricultural mineral, or both, the last person who has a registration and distributes to a nonregistrant is responsible for reporting the tonnage and paying the tonnage license tax, unless the report and payment have previously been made by a prior distributor of the commercial fertilizer or agricultural mineral.

SEC. 3. Section 14684.2 is added to the Agricultural Code, to read:

14684.2. The last registrant transacting, distributing or selling either a commercial fertilizer or agricultural mineral, or both, shall mail a report to the director within seven days (less legal holidays and Sunday) after the transaction is completed, if reporting by invoice or by the 20th of the following month if reporting by summary form approved by the di-

SEC. 7. This act shall become operative January 1, 1971.

(c) The air pollution control board shall coordinate its activities pursuant to this section with the Department of the California Highway Patrol and the Department of Motor Vehicles in order to insure adoption of procedures which will facilitate enforcement of the rules and regulations adopted pursuant to this section.

(d) The air pollution control board may not adopt any rule or regulation pursuant to subdivision (a) if the air pollution control district is lying within a regional air pollution control district which has adopted rules and regulations pursuant to subdivision (a) of Section 24354.14 or 39392.

(e) In the case of the air pollution control district lying in more than one regional air pollution control district, the air pollution control board, notwithstanding subdivision (d), may adopt rules and regulations pursuant to subdivision (a) for that portion of the air pollution control district lying within a regional air pollution control district which has not adopted rules and regulations pursuant to subdivision (a) of Section 24354.14 or 39392.

SEC. 2. Section 24354.14 is added to the Health and Safety Code, to read:

CHAPTER 1045

An act to add Section 1283 to the Code of Civil Procedure, to amend and renumber Section 1283 of, and to amend Section 1283.1 of, the Code of Civil Procedure, as enacted by Chapter 581 of the Statutes of the 1970 Regular Session, relating to arbitration proceedings.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1283 is added to the Code of Civil Procedure, to read:

1283. On application of a party to the arbitration the neutral arbitrator may order the deposition of a witness to be taken for use as evidence and not for discovery if the witness cannot be compelled to attend the hearing or if such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally at the hearing, to allow the deposition to be taken. The deposition shall be taken in the manner prescribed by law for the taking of depositions in civil actions. If the neutral arbitrator orders the taking of the deposition of a witness who resides outside the state, the

party who applied for the taking of the deposition shall obtain a commission therefor from the superior court in accordance with Sections 2024 to 2028, inclusive, of this code.

SEC. 2. Section 1283 of the Code of Civil Procedure, as enacted by Chapter 581 of the Statutes of the 1970 Regular Session of the Legislature, is amended and renumbered to read:

1283.05. To the extent provided in Section 1283.1 depositions may be taken and discovery obtained in arbitration proceedings as follows:

(a) After the appointment of the arbitrator or arbitrators, the parties to the arbitration shall have the right to take depositions and to obtain discovery regarding the subject matter of the arbitration, and, to that end, to use and exercise all of the same rights, remedies, and procedures, and be subject to all of the same duties, liabilities, and obligations in the arbitration with respect to the subject matter thereof, as provided in Chapter 2 (commencing with Section 1985) of, and Article 3 (commencing with Section 2016) of Chapter 3 of, Title 3 of Part 4 of this code, as if the subject matter of the arbitration were pending in a civil action before a superior court of this state, subject to the limitations as to depositions set forth in subdivision (e) of this section.

(b) The arbitrator or arbitrators themselves shall have power, in addition to the power of determining the merits of the arbitration, to enforce the rights, remedies, procedures, duties, liabilities, and obligations of discovery by the imposition of the same terms, conditions, consequences, liabilities, sanctions, and penalties as can be or may be imposed in like circumstances in a civil action by a superior court of this state under the provisions of this code, except the power to order the arrest or imprisonment of a person.

(c) The arbitrator or arbitrators may consider, determine, and make such orders imposing such terms, conditions, consequences, liabilities, sanctions, and penalties, whenever necessary or appropriate at any time or stage in the course of the arbitration, and such orders shall be as conclusive, final, and enforceable as an arbitration award on the merits, if the making of any such order that is equivalent to an award or correction of an award is subject to the same conditions, if any, as are applicable to the making of an award or correction of an award.

(d) For the purpose of enforcing the duty to make discovery, to produce evidence or information, including books and records, and to produce persons to testify at a deposition or at a hearing, and to impose terms, conditions, consequences, liabilities, sanctions, and penalties upon a party for violation of any such duty, such party shall be deemed to include every affiliate of such party as defined in this section. For such purpose:

(1) The personnel of every such affiliate shall be deemed to be the officers, directors, managing agents, agents, and em-

ployees of such party to the same degree as each of them, respectively, bears such status to such affiliate; and

(2) The files, books, and records of every such affiliate shall be deemed to be in the possession and control of, and capable of production by, such party. As used in this section, "affiliate" of the party to the arbitration means and includes any party or person for whose immediate benefit the action or proceeding is prosecuted or defended, or an officer, director, superintendent, member, agent, employee, or managing agent of such party or person.

(e) Depositions for discovery shall not be taken unless leave to do so is first granted by the arbitrator or arbitrators. Such leave shall not be granted unless it is impractical or impossible to obtain the attendance of the witness at a hearing, or it is grossly inconvenient, uneconomical, inefficient, or otherwise unjust to refuse such leave, having due regard to the importance of presenting the testimony orally at a hearing.

SEC. 3. Section 1283.1 of the Code of Civil Procedure, as enacted by Chapter 581 of the Statutes of the 1970 Regular Session of the Legislature, is amended to read:

1283.1. (a) All of the provisions of Section 1283.05 shall be conclusively deemed to be incorporated into, made a part of, and shall be applicable to, every agreement to arbitrate any dispute, controversy, or issue arising out of or resulting from any injury to, or death of, a person caused by the wrongful act or neglect of another.

(b) Only if the parties by their agreement so provide, may the provisions of Section 1283.05 be incorporated into, made a part of, or made applicable to, any other arbitration agreement.

SECTION 1. Section 20165 of the Government Code is amended to read:

20165. If more or less than the correct amount of contribution required of members, the state, or any contracting agency, is paid, proper adjustment shall be made in connection with subsequent payments, or such adjustments may be made by direct cash payments between the member, state, or contracting agency concerned and the board. Adjustments to correct any other errors in payments to or by the board, including adjustments of contributions, with interest, which are found to be erroneous as the result of corrections of dates of birth, may be made in the same manner. Adjustments to correct overpayment of a retirement allowance may also be made by adjusting the allowance so that the retired person or the retired person and his beneficiary, as the case may be, will receive the actuarial equivalent of the allowance to which the member is entitled. Losses or gains resulting from error in amounts within the limits set by the State Board of Control for automatic writeoff, and losses or gains in greater amounts specifically approved for writeoff by the State Board of Control, shall be debited or credited, as the case may be, to the reserve against deficiencies in interest earned in other years, losses under investments, and other contingencies.

No adjustment shall be made because less than the correct amount of normal contributions was paid by a member if, upon application of the member made within 90 days of discovery of the error by the system, the board finds that the error was not known to the member and was not the result of erroneous information provided by him to the system or to his employer and such failure to adjust will not preclude action under Section 20180 correcting the date upon which the person became a member.

[Approved by Governor September 14, 1970. Filed with

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 9775) is added to Division 8 of the Education Code, to read:

CHAPTER 2.5. READING STUDY ACT OF 1970

Article 1. General Provisions

9775. This chapter shall be known and may be cited as the "Reading Study Act of 1970."

It is the intent and purpose of the Legislature in enacting this chapter to examine the effectiveness of instruction with phonic textbooks as compared to other standard reading textbooks and to analyze the effects of increasing time devoted to reading instruction, in its research in California schools for the improvement of reading instruction.

Article 2. Project

9778. The Superintendent of Public Instruction shall select two school districts which are willing to participate in this study and are so geographically situated as to have one district north of the Tehachapis and one district south of the Tehachapis. The Superintendent of Public Instruction shall to the extent possible insure that school districts selected are as comparable as possible regarding their expenditures per child and instructional staffing ratios, including the use of teacher aides, so that the impact of different reading texts and lengths of instruction time on pupil achievement can be accurately assessed.

The school districts selected pursuant to this article shall have:

- (a) Pupils representative of majority and at least two minority groups; and
- (b) Teachers trained, or willing to be trained, in methods of instruction to be tested; and
- (c) Pupils within grades 1, 2, and 3 who achieve less than the state reading norm.

9779. The Reading Study Act program shall include the following provisions:

- (a) A minimum of two classes in each of grades 1, 2, and 3, using heavily phonics-oriented state textbooks, restricting the time per day devoted to no more than regularly allotted for reading instruction.
- (b) A minimum of two classes in each of grades 1, 2, and 3, using heavily phonics-oriented state textbooks, which devote one hour more than the regularly allotted time per day for reading instruction.
- (c) Two control classes in each of grades 1, 2, and 3, within the same school or a school within the same district with a similar socioeconomic composition, using the state textbook which has been made available for the use of the majority of pupils and devoting the time, not to exceed the time, regularly allotted for reading instruction.
- (d) Two classes in each of grades 1, 2, and 3, with one hour increased reading time per day using the state textbook which is provided for the majority of pupils.
- (e) State tests of reading skills, to compare achievement, in addition to any other test which may be recommended by the Superintendent of Public Instruction. Alternate forms of the state's tests to be used for pretest purposes.
- (f) The amount of time devoted to instructional materials correlated to the particular textbook being studied held constant in the various classes.
- (g) Research design, in-service education and supervision of classes to insure achievement of design, and report administered by the Superintendent of Public Instruction with the cooperation of the local school districts.

Article 3. Administration

9781. The program shall commence with the fall term of the 1970 school year and continue through the spring term of the 1972 school year. The Superintendent of Public Instruction shall be responsible for administering this program out of funds available to him. The Superintendent of Public Instruction shall waive any regulation with respect to the distribution of state textbooks in order to make the textbooks, needed in this study, available for each pupil in each class intended for the study.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The purpose of this program is to determine as quickly as practicable, the beneficial effects to be derived from such programs, so that it may be expanded to include other districts and enable the pupils to learn more readily by having the ability to read at an earlier stage in the education process. In order that the program provided for by this act may be put into operation at the commencement of the 1970-1971 school year, and in order that all preliminary administrative steps may be completed to that end, it is essential that this act take effect immediately.

However, weapons which are exhibits filed in any criminal action or proceeding shall, if not subject to sale, be destroyed during the annual period provided for in Section 12028 only after they are no longer needed as exhibits, and any such weapon which is unclaimed property may be destroyed only if it has been in the possession of the officer at least 180 days.

This section shall not apply to any firearm in the possession of the Department of Fish and Game or which was used in the violation of any provision of law, or regulation thereunder, in the Fish and Game Code.

However, an exception to the degree requirement may be made by the department for the clinical laboratory technologist's license only if the applicant for such license has completed a minimum of two years of experience as a licensed trainee or the equivalent thereof, as determined by the department, doing clinical laboratory work embracing the various fields of clinical laboratory activity in a clinical laboratory approved by the department. In addition, the applicant applying under this section must have 90 semester hours or equivalent quarter hours of university or college work or the equivalent thereof, as may be determined by the department, which shall have included at least 23 semester hours or equivalent quarter hours of science courses as specified by regulations of the board. The department may issue licenses without examination to applicants who have passed examinations of the national accrediting boards whose requirements are equal to or greater than those required by this chapter and regulations established by the board. The department may issue licenses without further examination to applicants who have passed examinations of another state whose laws and regulations are equal to or greater than those required by this chapter and regulations established by the board. The evaluation of national or state accrediting boards for the purposes of this chapter shall be carried out by the department with assistance of representatives from the licensed groups. This section shall not apply to persons who have passed an examination by a national board or another state examination prior to the establishment of requirements that are equal to or exceed those of this chapter or the regulations of the board. Applicants who have completed military training schools may

be granted academic credit toward licensure by the department on the basis of recommendations made by the American Council on Education.

Applicants shall apply for such license on forms provided by the department and meet the requirements of this chapter and such standards as are established by regulations of the board. Trainees' licenses shall not be issued for a period in excess of two years after completion of the minimum practical training period in clinical laboratory work required for the trainee to qualify for the license being sought.

SEC. 8. Section 1269 is added to the Business and Professions Code, to read:

1269. The board shall establish by regulation the limited laboratory activities in which unlicensed laboratory personnel including, but not limited to, laboratory aides, cardiopulmonary technicians, and isotope technicians, working in clinical laboratories may engage and shall establish the extent of supervision required and the minimum qualifications to be met by such persons. Persons engaged in such activities shall do so only under the supervision of a licensed technologist, or person duly authorized to direct a laboratory, who is functioning as a technologist. CHAPTER 1070

*An act to amend Section 13997 of the Education Code,
relating to the State Teachers' Retirement System.*

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 13997 of the Education Code is amended to read:

13997. Time during which a member is excused from performance of his duties, such as but not limited to, sick leave, holidays, or vacation, whether or not he is required to perform any portion of such duties during such time, and for which

he receives compensation, including disability from any insurance carrier of his employer, under the Labor Code on account of industrial injury or disease, in an amount less than the full compensation earnable by him while performing his duties when not so excused, shall be credited as service in the proportion that the compensation paid to the member bears to the full compensation which would be earnable by him while performing his duties on a full-time basis. For purposes of this article, any certificated employee on a sabbatical leave as provided under Section 13457 shall receive full-time service credit for time spent on such leave, providing the member pays an actuarially determined percentage of total compensation as determined by the board to cover the employer costs of granting this service credit, and pays an additional amount equal to the contributions that he and the state would have paid had he not been on leave within two years from the termination of the leave of absence.

CHAPTER 1071

An act to amend Section 190 of the Streets and Highways Code, relating to grade separations.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 190 of the Streets and Highways Code is amended to read:

190. In each annual budget report prepared by the commission and the department under Section 143.1, the sum of five million dollars (\$5,000,000) shall be set aside for allocations to grade separation projects, including the elimination of grade crossings and the alteration or reconstruction of grade separations, of separation of grade districts, cities, cities and counties, and counties on county roads or city streets as provided in Sections 189 to 191, inclusive. An allocation shall be made of one-half of the estimated cost, after deducting therefrom any contribution to be made by the railroad corporations involved, towards any project which qualifies therefor under the provisions of those sections, except that in no event shall allocations be made to projects for the alteration or reconstruction of grade separations unless the affected railroad or railroads have agreed, or have been required by decision of the Public Utilities Commission, to contribute not less than 10 percent of the cost of such alteration or reconstruction project. An allocation shall be made only when the affected local agency or agencies furnish evidence to the department that all necessary orders of the Public Utilities Commission have been obtained, that all necessary agreements with affected railroad or railroads have been executed, that

sufficient funds from the local agency or agencies are available and that all other matters prerequisite to awarding the construction contract within a period of six months have been or can be taken care of within that time. Funds of a local agency shall be deemed available for purposes of this section to the extent of the amount of any general obligation bonds authorized but unsold if all proceedings prior to the issuance and sale of the bonds have been validly taken and if the bonds may be validly issued and sold by the local agency at any time, even though at the time of allocation under this section the bonds have not been issued or sold. Where such bond proceedings have been taken, if the bonds are not issued and sold within six months after the time of such allocation, the commission may order the allocation canceled, and shall thereupon revert the amount thereof to the fund set aside by this section, for reallocation to another eligible project. In any event, regardless of the method proposed by the local agency for the financing of its share of the project cost, if after an allocation has been made, the construction contract has not been awarded within one year, the commission may order the allocation canceled and the funds allocated shall revert to the fund set aside by this section. In financing its share of the project cost, the local agency may use any funds available to it.

The department and the commission may make allocations from a succeeding fiscal year's sum of five million dollars (\$5,000,000) on and after January 1st preceeding the beginning of such fiscal year. Engineering, right-of-way acquired for the project and utility relocation costs expended by a local agency or agencies prior to an allocation of funds for a project shall be included in the total cost thereof, even though expended prior to an allocation of state funds.

A local agency that furnishes evidence to the department that it has complied with all requirements for an allocation pursuant to this section may, if it has sufficient funds available for that purpose, proceed with the advertising for bids and the construction without prejudice to its right to receive an allocation if an allocation becomes available for that local agency before the termination of the priority list established for the year during which the construction commenced.

Funds set aside for the purposes specified in this section shall be available for allocation and expenditure without regard to fiscal years.

Such project may be constructed by the local agency or agencies concerned, or, by agreement between the local agency or agencies and the department, the department may acquire the necessary rights-of-way in the name of the local agency or agencies, execute agreements with railroad corporations, present necessary applications to the Public Utilities Commission and perform all other acts to complete the project. Construction work by the department shall be subject to the State Contract Act. Agreements between the department and local

agencies are authorized relative to the handling and accounting of funds, including the making of advancements thereof so as to permit prompt payment for the work accomplished, and relative to any other phase of the work.

In the event the actual cost is less than that estimated, the allocation shall be reduced accordingly. If, after completion of the project, the actual cost exceeds that estimated, the allocation may be increased proportionately by the department and the commission. If more projects comply with the requirements hereof than can be financed from the fund set aside by this section, allocations shall be made only to those highest on the priority list submitted by the Public Utilities Commission, except for those allocations made for projects which exceed the estimated costs. Allocations to specific projects by the department shall remain available until expended. As used in this section, "local agency" includes a separation of grade district, as well as a city, city and county, or county.

CHAPTER 1072

An act to amend Sections 311, 311.6, and 312.1 of the Penal Code, relating to obscenity.

[Approved by Governor September 14, 1970. Filed with
Secretary of State September 14, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 311 of the Penal Code is amended to read:

311. As used in this chapter:

(a) "Obscene matter" means matter, taken as a whole, the predominant appeal of which to the average person, applying contemporary standards, is to prurient interest, i.e., a shameful or morbid interest in nudity, sex, or excretion; and is matter which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is matter which taken as a whole is utterly without redeeming social importance.

(1) The predominant appeal to prurient interest of the matter is judged with reference to average adults unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the

matter and can justify the conclusion that the matter is utterly without redeeming social importance.

(b) "Matter" means any book, magazine, newspaper or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription or mechanical, chemical or electrical reproduction or any other articles, equipment, machines or materials.

(c) "Person" means any individual, partnership, firm, association, corporation or other legal entity.

(d) "Distribute" means to transfer possession of, whether with or without consideration.

(e) "Knowingly" means being aware of the character of the matter or live conduct.

(f) "Exhibit" means to show.

(g) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, where, taken as a whole, the predominant appeal of such conduct to the average person, applying contemporary standards is to prurient interest, i.e., a shameful or morbid interest in nudity, sex, or excretion; and is conduct which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is conduct which taken as a whole is utterly without redeeming social importance.

(1) The predominant appeal to prurient interest of the conduct is judged with reference to average adults unless it appears from the nature of the conduct or the circumstances of its production, presentation or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the conduct shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the conduct and can justify the conclusion that the conduct is utterly without redeeming social importance.

SEC. 2. Section 311.6 of the Penal Code is amended to read.

311.6. Every person who knowingly engages or participates in, manages, produces, sponsors, presents or exhibits obscene live conduct to or before an assembly or audience consisting of at least one person or spectator in any public place or in any place exposed to public view, or in any place open to the public or to a segment thereof, whether or not an admission fee is charged, or whether or not attendance is conditioned upon the presentation of a membership card or other token, is guilty of a misdemeanor.

SEC. 3. Section 312.1 of the Penal Code is amended to read:

312.1. In any prosecution for a violation of the provisions of this chapter or of Chapter 7.6 (commencing with Section 313), neither the prosecution nor the defense shall be required to introduce expert witness testimony concerning the obscene or harmful character of the matter or live conduct which is the subject of any such prosecution. Any evidence which tends to establish contemporary community standards of appeal to prurient interest or of customary limits of candor in the description or representation of nudity, sex or excretion, or which bears upon the question of redeeming social importance, shall, subject to the provisions of the Evidence Code, be admissible when offered by either the prosecution or by the defense.

CHAPTER 1073

An act to add Section 12018 to the Government Code, relating to state agencies.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 12018 is added to the Government Code, to read:

12018. Except as otherwise provided by statute, the Governor may designate which single state agency shall be responsible for each federal program in which federal money is given to the state with the requirement that it be handled by a single state agency.

Whenever the Governor designates an agency pursuant to this section, he shall notify the Joint Legislative Budget Committee of the agency designated and the federal program for which such agency was designated.

CHAPTER 1074

An act relating to the study of medical assistance.

[Approved by Governor September 14, 1970 Filed with
Secretary of State September 14, 1970]

The people of the State of California do enact as follows:

SECTION 1. The Legislative Analyst, with the assistance of the Department of Health Care Services and the Controller, shall study and evaluate the practicability of the processing and payment of county hospital bills for services under Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code directly by the Department of Health Care Services, rather than by the fiscal inter-

mediary, and report his findings and recommendations to the Legislature not later than the fifth calendar day of the 1971 Regular Session of the Legislature. If the study reveals that the processing and payment of such county hospital bills directly by the Department of Health Care Services is generally more efficient, effective, and economical than by the fiscal intermediary, the Director of the Department of Health Care Services may provide by administrative rule and regulation for the processing and payment directly by the department of county hospital bills for services under this chapter.

SEC. 2. This act shall terminate as of July 1, 1971.

CHAPTER 1075

An act to amend Sections 1215 and 12415 of, to add Section 12416 to, and to repeal Sections 12416, 12418, and 12419 of, the Insurance Code, relating to insurance.

[Approved by Governor September 14, 1970 Filed with

SECTION 1. Section 1215 of the Insurance Code is amended to read:

1215. As used in this article, the following terms shall have the respective meanings hereinafter set forth, unless the context shall otherwise require:

(a) An "affiliate" of, or person "affiliated" with, a specific person, is a person that directly, or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(b) The term "control" includes the terms "controlling," "controlled by," and "under common control with," and means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or non-management services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, more than 10 percent of the voting securities of any other person. This presumption may be rebutted by a showing that control does not exist in fact in accordance with subdivision (i) of Section 1215.4. The commissioner may, after furnishing all persons in interest notice and opportunity to be heard, determine that control exists in fact, notwithstanding the absence of a presumption to that effect.

(c) An "insurance holding company system" consists of two or more affiliated persons, one or more of which is an insurer.

(d) "Insurer" shall have the same meaning as set forth in Section 826 of this code, excluding subdivisions (e) and (f) of such section.

(e) "Person" is an individual, a corporation, a partnership, an association, a joint stock company, a business trust, an unincorporated organization, or any similar entity, or any combination thereof acting in concert.

(f) A "subsidiary" of a specified person is an affiliate controlled by such person directly, or indirectly through one or more intermediaries.

SEC. 2. Section 12415 of the Insurance Code is amended to read:

12415. It is the intent of the Legislature that certificated title insurers and licensed underwritten title companies, as defined in Section 12402, shall pay to the commissioner an annual renewal fee, as provided in Section 12416, in addition to that provided as to title insurers by Section 705, and as to underwritten title companies by Section 12396, to cover the costs to the commissioner for administering and enforcing Article 6 (commencing with Section 12401) of Chapter 1, Part 6, Division 2 of this code and other provisions of this code as may be subsequently incorporated by reference in this article by legislative enactment. Such fee shall be in lieu of all fees provided for in Article 6 (commencing with Section 12401) of Chapter 1, Part 6, Division 2.

SEC. 3. Section 12416 of the Insurance Code is repealed.

SEC. 4. Section 12416 is added to the Insurance Code, to read:

12416. Each underwritten title insurer possessing a license of indefinite term pursuant to Section 12396 shall owe and pay an annual renewal fee of fifty dollars (\$50) in lawful money of the United States. Such fees shall be for annual periods commencing on July 1 of each year and ending on June 30 of each year, and shall be due on March 1st preceding the annual period for which such fees are charged, and shall be delinquent on and after April 1st next following the date when due.

Until January 1, 1972, the director shall approve any amendment to a voluntary plan adjusting the provisions thereof as to periods after the effective date of the amendment as to which he finds that the plan as amended will conform to the standards set forth in Section 3254 and that either of the following exist:

(a) A majority of the employees covered by the plan have consented in writing to the amendment.

(b) All of the employees covered by the plan who are adversely affected by the amendment have consented in writing to the amendment.

(c) The insurer of such plan, if any, has certified to the director that notice of the amendment either separately or as a part of a new certificate or statement of coverage, has, at least 10 days prior to the effective date of the proposed amendment, been delivered to the employer for distribution to his employees within 10 days thereafter and has further certified that such notice specifically included notification to the employees covered by the plan of their right to withdraw from the plan.

Nothing contained in this section is intended to deny or limit the right of the director to make regulations supplementary thereto, nor on the general subject of requirements for amendments of voluntary plans subsequent to January 1, 1972.

CHAPTER 1077

preliminary planning. The State Lands Commission may, within 90 days after the time of such filing, determine and notify the city that such capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of Section 3 of this act. The State Lands Commission may request the opinion of the Attorney General on the matter, and if it does so, a copy of such opinion shall be delivered to the city with the notice of its determination. In the event the State Lands Commission notifies the city that such capital improvement is not authorized, the city shall not disburse any revenue for or in connection with such capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The city is authorized to bring suit against the state for the purpose of securing such an order or adjudication, which suit shall have priority over all other civil matters. Amortization payments made subsequent to the effective date of the enactment of this act at the 1970 Regular Session of the Legislature for capital improvements of the granted lands for purposes authorized by the terms of the grant may be considered as expenditures for the purpose of determining net revenues. The excess revenue, as determined pursuant to this section, shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the city to be deposited in the city's trust fund and used for any purpose authorized by Sections 1 and 3 of this act.

Sec. 7. The State Lands Commission, at the request of the city, shall grant an extension of time for filing any report or statement required by this act which was not filed due to mistake or inadvertence not to exceed 30 calendar days after service upon the city by the State Lands Commission of written notice of violation.

SEC. 8. Section 8 is added to Chapter 78 of the Statutes of 1917, to read:

Sec. 8. In the event that the city fails or refuses to file with the State Lands Commission or with the Auditor General any report, statement, or document required by any provision of this act within the time period specified by this act, or any extension period granted pursuant to this act within 30 days after written notice to the city, or fails or refuses to carry out the terms of the grant within 30 days after written notice to the city, the State Lands Commission or the Auditor General shall within 60 days notify the Chief Clerk of the Assembly and the Secretary of the Senate.

The Attorney General shall, upon request of the State Lands Commission, after the city has been given such notice and after such failure or refusal by the city, bring such judicial proceedings for correction and enforcement as are appropriate, and shall act to protect any properties and assets situated on the granted tidelands or derived therefrom.

SEC. 9. Section 9 is added to Chapter 78 of the Statutes of 1917, to read:

Sec. 9. The State Lands Commission may from time to time, at the request of the Legislature, institute a formal inquiry to determine that the terms and conditions of the grant and amendments thereto have been complied with, and that all other applicable provisions of law concerning these specific granted lands are being complied with in good faith.

SEC. 10. Section 10 is added to Chapter 78 of the Statutes of 1917, to read:

Sec. 10. The Auditor General shall, on or before March 30 of each year, commencing on March 30, 1974, report to the Chief Clerk of the Assembly, to the Secretary of the Senate, and to the State Lands Commission, the full details of any transaction or condition reported to him pursuant to this act which he deems in probable conflict with the requirements of this act, or with any other applicable provision of law concerning these specific granted lands.

SEC. 11. Section 11 is added to Chapter 78 of the Statutes of 1917, to read:

Sec. 11. The Attorney General shall bring an action in the Superior Court of the County of Los Angeles to declare that the grant under which the city holds such tidelands and submerged lands is revoked for gross and willful violation of the terms of the grant or other applicable provisions of law concerning these specific granted lands, or to compel compliance with the terms and conditions of the grant, or the provisions of such other applicable law, upon request by concurrent

resolution of either house of the Legislature or upon formal request of the State Lands Commission. Such request shall be made only after a finding that the city has grossly and willfully violated the terms of the grant or other applicable provisions of law concerning these specific granted lands.

Such finding shall be supported by substantial evidence and shall be made only at the conclusion of a noticed public hearing at which the city has been given an opportunity to present evidence to fully describe conditions and extenuating circumstances and to present facts to disprove the alleged violation.

SEC. 12. Section 12 is added to Chapter 78 of the Statutes of 1917, to read:

Sec. 12. In the event the grant of tidelands in trust to the city is revoked pursuant to Section 11 of this act, such revocation shall not impair or affect the security of leases or the rights or obligations of third parties, including lessees, lenders for value, or others who are parties to contracts which, except for such revocation, would be lawful and binding contracts.

(b) "Commission" means the State Lands Commission.

(c) "Eureka tidelands" means those certain tide and submerged lands, whether filled or unfilled, heretofore conveyed to the city upon certain trusts and conditions by Chapter 82 of the Statutes of 1857, Chapter 438 of the Statutes of 1915, Chapter 187 of the Statutes of 1927, and Chapter 225 of the Statutes of 1945.

Sections 4, 5, 6, 7, 8, 9, 17, 18, 19, 20, 29, 30, 31, Township 5 North, Range 1 East, H.B.&M.

(e) "Statutes" means Chapter 82 of the Statutes of 1857, Chapter 438 of the Statutes of 1915, Chapter 187 of the Stat-

utes of 1927, and Chapter 225 of the Statutes of 1945, collectively.

SEC. 2. (a) It is found and declared that portions of the lands within the Humboldt Bay area have been heretofore and shall be improved hereafter in connection with the development of the Humboldt Bay area, and in the process of such development have been filled and reclaimed, are no longer submerged or below the line of mean high tide, and are no longer necessary or useful for commerce, fisheries, or navigation.

(b) The commission shall determine the lands described in subdivision (a) of this section and shall execute and record in the office of the County Recorder of the County of Humboldt appropriate instruments describing such lands. Upon the recording of any such instrument or instruments, together with a certificate that the lands described in such instrument or instruments are above the line of mean high tide and have been found to be no longer necessary or useful for commerce, fisheries, or navigation, the described lands shall be freed of the public use and trust for commerce, fisheries, and navigation. Such determinations shall be made from time to time by the commission on its own initiative or shall be made on the application of the city or any other affected party.

SEC. 3. (a) The city as to Eureka tideland lands, and the commission or any future grantee of tide and submerged lands in the Humboldt Bay area outside of the Eureka tidelands, by such document, quitclaim, or conveyance, and upon the receipt of such considerations as are authorized or described in this act, may convey, release, or quitclaim any portions of such lands described in any instrument recorded pursuant to subdivision (b) of Section 2. There shall be an order of preference as to the persons in favor of which such document, quitclaim, or conveyance may be executed. Such order shall be as follows:

(1) First, to any person claiming present ownership of such property based upon a record chain of title, which chain of title covers a period of 30 years or more immediately preceding the effective date of this act.

(2) Second, to any person who, together with his claimed predecessors in interest, has paid taxes on such property to the County of Humboldt for a period of 30 years or more immediately preceding the effective date of this act.

(3) Third, to such abutting landowner as has the longest common boundary with the property to be conveyed, released, or quitclaimed.

(4) Fourth, to other parties as are approved by the commission.

(b) The city, with the approval of the commission, may settle by agreement, exchange, or quitclaim, any dispute concerning whether or not particular land within the Humboldt Bay area constitutes land in private or proprietary ownership by reason of title traceable to a state or federal patent or grant or other valid source, or rather constitutes Eureka tidelands,

title to which is vested in the city under the provisions of the statutes. In settlement of such disputes the city, with the approval of the commission, may, by such agreement, exchange, or quitclaim, establish boundary or compromise boundary lines between the Eureka tidelands and bordering private or proprietary lands.

SEC. 4. Any consideration to be paid in exchange for any conveyance, release, quitclaim, or settlement under this act shall be determined by the city with the approval of the commission. In determining the adequacy of any such consideration, the city and the commission shall give effect in their evaluation to all factors bearing upon the value, if any, of the public's interest being conveyed, released, quitclaimed, or settled, and the rights, claims, and equities of the person in whose favor the conveyance, release, quitclaim, or settlement is being made and their predecessors in interest. In those cases where the land has been filled or reclaimed or improved, or both, without the expenditure of either state funds or any public moneys held in trust under the terms of the statutes, such lands may be valued by excluding the value of the fill or improvements, or both. Consideration under this act may consist of lands, property, or interests in property, including leasehold interests, easements, moneys, or other things of value given by the transferee or any other person.

SEC. 5. Any portion of lands which passes in title by reason of any conveyance, release, quitclaim, or settlement made under the terms of subdivision (a) of Section 3 shall be freed of the trusts and conditions imposed by the statutes or existing in law by virtue of the previous character of such lands as tidelands.

No lands which lie below the line of mean high tide shall be conveyed, released, or quitclaimed under the provisions of this act, nor shall any such lands be freed by the provisions of this act of the trusts and conditions imposed by the statutes or in existing law by virtue of the character of such lands as tidelands. Any certificate of the commission concerning the character of the lands described in the instruments recorded under the provisions of subdivision (b) of Section 2 of the necessity or usefulness of such lands for commerce, fisheries, or navigation shall be conclusive as to the character of lands declared therein to be above the line of mean high tide and their necessity or usefulness for commerce, fisheries, and navigation.

Any document, quitclaim, or conveyance executed pursuant to the provisions of subdivision (a) of Section 3 shall reserve to the state, all oil, gas, minerals, and other hydrocarbons in any lands found to be Eureka tidelands or other lands which lie below the line of mean high tide, except that no such reservation shall be required if the lands quitclaimed or conveyed are conveyed or quitclaimed in exchange for other lands and such transferor receives the mineral rights in such other lands conveyed to it. The reservations of such rights to minerals, oil,

gas, or other hydrocarbons shall not preclude the conveyance, release, or quitclaim of the right of entry upon the surface of such lands for the purposes of drilling, mining, or extraction of those reserved interests.

SEC. 6. Any conveyance, release, quitclaim, or settlement made pursuant to the provisions of this act shall be made by an appropriate document and approved by the commission.

SEC. 7. (a) All lands or interests in lands which lie below the line of mean high tide and are received as a result of sales or exchanges authorized by this act shall be deemed tidelands. Such lands or interests so received by the city shall be subject to the provisions of the statutes.

(b) All lands or interests in lands which lie above the line of mean high tide and are received as a result of sales or exchanges authorized by this act shall be deemed lands acquired with trust moneys received from tidelands.

(c) All moneys and other things of value, excluding land and interests in land, which are received by the city as a result of sales or exchanges pursuant to this act shall be used only for those trust purposes defined in the statutes.

SEC. 8. The provisions of this act shall not be deemed exclusive with respect to the settlement or litigation of titles and boundaries of lands within the Humboldt Bay area and this act shall not alter or impair the existing procedural or substantive rights or disabilities of any person or entity claiming title to, or an interest in, any lands in the Humboldt Bay area in the defense or prosecution of any proceeding now or hereafter instituted under the laws of this state, nor affect the applicability to such lands of any other provision of law.

SEC. 9. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1086

The State Lands Commission may, within 90 days after the time of such filing, determine and notify the city that such capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of Section 4 of this act. The State Lands Commission may request the opinion of the Attorney General on the matter, and if it does so, a copy of such opinion shall be delivered to the city with the notice of its determination. In the event the State Lands Commission notifies the city that such capital improvement is not authorized, the city shall not disburse any revenue for or in connection with such capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. Capital im-

provements of the granted lands for purposes authorized by this act may be considered as expenditures for the purpose of determining net revenues; provided, however, that if made after the effective date of this act they may be so considered only if made in accordance with Section 6 of this act.

The excess revenue, as determined pursuant to Section 6 of this act shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the city to be deposited in the trust fund and used for any purpose authorized by Section 4 of this act.

SEC. 8. The State Lands Commission, at the request of the city, shall grant an extension of time, not to exceed 30 calendar days, for filing any report or statement required by this act which was not filed due to mistake or inadvertence.

SEC. 9. The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days of the occurrence of such failure or refusal and of actions taken as a result thereof.

SEC. 10. The State Lands Commission shall, from time to time, recommend to the Legislature such amendments as it may deem necessary in the terms and conditions of this act.

SEC. 11. The State Lands Commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with, and that all other applicable provisions of law concerning these specific granted lands are being complied with in good faith.

SEC. 12. The State Lands Commission shall, on or before December 31st of each year, report to the Chief Clerk of the Assembly and to the Secretary of the Senate, the full details of any transaction or condition reported to the commission pursuant to this act which it deems in probable conflict with the requirements of this act, or with any other provision of law.

SEC. 13. The Legislature reserves the right to amend, modify, or revoke, in whole or in part, the tidelands and submerged lands granted and conveyed in trust pursuant to this act; provided, that the state shall thereupon assume and be bound by all lawful transactions and obligations related to such lands entered into or created by the city during its holding of such lands.

SEC. 14. The Attorney General, on request by resolution of either house of the Legislature, or upon formal request of

the State Lands Commission made only after a noticed public hearing at which the grantee has been given an opportunity to fully express any disagreement with the commission's findings or to describe any extenuating circumstances causing the violation, shall bring an action in the Superior Court in the County of Humboldt to declare that the grant under which the city holds such tidelands and submerged lands is revoked for gross and willful violation of the provisions of this act or other legislative enactment, or to compel compliance with the terms and conditions of the grant and any other provision of law including, but not limited to, this act.

SEC. 15. No petition may be filed to adopt a child relinquished to a licensed adoption agency or a child declared free from the custody and control of either or both of his parents and referred to a licensed adoption agency for adoptive placement, except by the prospective adoptive parents with whom the child has been placed for adoption by the adoption agency. Such citation shall be served in the manner provided by law for the service of a summons in a civil action, other than by publication. If the petition is filed for the purpose of freeing the child for placement for adoption, the citation shall so state. In all cases where one parent has relinquished his child for the purpose of adoption, or has signed a consent for adoption as provided in Sections 224m and 226, no notice as herein provided need be given to the parent who has signed such relinquishment or consent. Service of such citations shall be made at least 10 days before the time stated therein for such appearance.

In case of publication where the residence of a parent or alleged parent is known, the court shall also direct a copy of the citation to be forthwith served upon such parent or alleged parent by mail by deposit in the post office properly addressed and with the postage thereon fully prepaid, directed to such parent or alleged parent at his or her place of residence. When publication is ordered, service of a copy of the citation in the manner provided for in subdivision (a) is equivalent to publication and deposit in the post office. Service is complete at the expiration of the time prescribed by the order for publication or when service is made as provided for in subdivision (a), whichever event shall first occur.

SECTION 1. Section 13353 of the Vehicle Code is amended to read:

13353. (a) Any person who drives a motor vehicle upon a highway shall be deemed to have given his consent to a chemical test of his blood, breath or urine for the purpose of determining the alcoholic content of his blood if lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of intoxicating liquor. The test shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe such person was driving a motor vehicle upon a highway while under the influence of intoxicating liquor. Such person shall be told that his failure to submit to such a chemical test will result in the suspension of his privilege to operate a motor vehicle for a period of six months.

The person arrested shall have the choice of whether the test shall be of his blood, breath or urine, and he shall be advised by the officer that he has such choice.

Such person shall also be advised by the officer that he does not have the right to have an attorney present before stating whether he will submit to a test, before deciding which test to take, or during administration of the test chosen.

Any person who is dead, unconscious, or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn his consent and such tests may be administered whether or not such person is told that his failure

to submit to the test will result in the suspension of his privilege to operate a motor vehicle.

(b) If any such person refuses the officer's request to submit to a chemical test, the department, upon receipt of the officer's sworn statement that he had reasonable cause to believe such person had been driving a motor vehicle upon a highway while under the influence of intoxicating liquor and that the person had refused to submit to the test after being requested by the officer, shall suspend his privilege to operate a motor vehicle for a period of six months. No such suspension shall become effective until 10 days after the giving of written notice thereof, as provided for in subdivision (c).

(c) The department shall immediately notify such person in writing of the action taken and upon his request in writing and within 15 days from the date of receipt of such request shall afford him an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3 of this division. For the purposes of this section the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle upon a highway while under the influence of intoxicating liquor, whether the person was placed under arrest, whether he refused to submit to the test after being requested by a peace officer, and whether, except for the persons described in paragraph (a) above who are incapable of refusing, he had been told that his driving privilege would be suspended if he refused to submit to the test.

An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall operate to stay the suspension by the department for a period of 15 days during which time the department must afford a hearing. If the department fails to afford a hearing within 15 days, the suspension shall not take place until such time as the person is granted a hearing and is notified of the department's action as hereinafter provided. However, if the affected person requests that the hearing be continued to a date beyond the 15-day period, the suspension shall become effective immediately upon receipt of the department's notice that said request for continuance has been granted.

If the department determines upon a hearing of the matter to suspend the affected person's privilege to operate a motor vehicle, the suspension herein provided shall not become effective until five days after receipt by said person of the department's notification of such suspension.

(d) Any person who is afflicted with hemophilia shall be exempt from the blood test required by this section.

(e) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a physician and surgeon shall be exempt from the blood test required by this section.

(f) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of intoxicating liquor may request the arresting officer to have a chemical test made of the arrested person's blood, breath or urine for the purpose of determining the alcoholic content of such person's blood, and if so requested, the arresting officer shall have the test performed.

Sec 2 Section 13353 of the Vehicle Code is amended to read:

13353. (a) Any person who drives a motor vehicle upon a highway shall be deemed to have given his consent to a chemical test of his blood, breath or urine for the purpose of determining the alcoholic content of his blood if lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of intoxicating liquor. The test shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe such person was driving a motor vehicle upon a highway while under the influence of intoxicating liquor. Such person shall be told that his failure to submit to or complete such a chemical test will result in the suspension of his privilege to operate a motor vehicle for a period of six months.

The person arrested shall have the choice of whether the test shall be of his blood, breath or urine and he shall be advised by the officer that he has such choice. If the person arrested either is incapable or states that he is incapable, of completing any chosen test he shall then have the choice of submitting to and completing any of the remaining tests or test, and he shall be advised by the officer that he has such choice.

Such person shall also be advised by the officer that he does not have the right to have an attorney present before stating whether he will submit to a test, before deciding which test to take or during administration of the test chosen.

Any person who is dead, unconscious, or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn his consent and such tests may be administered whether or not such person is told that his failure to submit to or complete the test will result in the suspension of his privilege to operate a motor vehicle.

(b) If any such person refuses the officer's request to submit to, or fails to complete, a chemical test, the department, upon receipt of the officer's sworn statement that he had reasonable cause to believe such person had been driving a motor vehicle upon a highway while under the influence of intoxicating liquor and that the person had refused to submit to, or failed to complete the test after being requested by the officer, shall suspend his privilege to operate a motor vehicle for a period of six months. No such suspension shall become effective until 10 days after the giving of written notice thereof, as provided for in subdivision (c).

(c) The department shall immediately notify such person in writing of the action taken and upon his request in writing and within 15 days from the date of receipt of such request shall afford him an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3 of this division. For the purposes of this section the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle upon a highway while under the influence of intoxicating liquor, whether the person was placed under arrest, whether he refused to submit to, or failed to complete, the test after being requested by a peace officer, and whether, except for the persons described in paragraph (a) above who are incapable of refusing, he had been told that his driving privilege would be suspended if he refused to submit to, or failed to complete, the test.

An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall operate to stay the suspension by the department for a period of 15 days during which time the department must afford a hearing. If the department fails to afford a hearing within 15 days, the suspension shall not take place until such time as the person is granted a hearing and is notified of the department's action as hereinafter provided. However, if the affected person requests that the hearing be continued to a date beyond the 15-day period, the suspension shall become effective immediately upon receipt of the department's notice that said request for continuance has been granted.

If the department determines upon a hearing of the matter to suspend the affected person's privilege to operate a motor vehicle, the suspension herein provided shall not become effective until five days after receipt by said person of the department's notification of such suspension.

(d) Any person who is afflicted with hemophilia shall be exempt from the blood test required by this section.

(e) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a physician and surgeon shall be exempt from the blood test required by this section.

(f) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle under the influence of intoxicating liquor may request the arresting officer to have a chemical test made of the arrested person's blood, breath or urine for the purpose of determining the alcoholic content of such person's blood, and, if so requested, the arresting officer shall have the test performed.

Therefore, in the event

Assembly Bill No. 623 is enacted and amends Section 13353, Section 2 of this act shall become operative at the same time that Section 13353 as amended by Assembly Bill No. 623 becomes operative and at that time Section 13353 of the Vehicle Code as amended by Section 1 of this act is repealed.

(b) Such copies and identification devices shall be used pursuant to rules and regulations prescribed by the department and upon the terms and conditions set forth in this section.

(c) New and used vehicles not licensed in this state may be operated without license plates or registration cards and used vehicles licensed in this state may be operated without registration cards not to exceed 20 days from the date sold by a dealer or until the license plates or cards are received from the department when a copy of the report of sale form and the temporary identification device are used and displayed in ac-

cordance with the rules and regulations of the department, provided that the dealer meets the following terms and conditions:

(1) The copy of the report of sale and its corresponding temporary identification device shall be affixed to the appropriate vehicle upon delivery to a purchaser.

(2) All fees and any penalties which may be due the department to register or transfer registration of the vehicle are paid over to the department by the selling dealer within 20 days of the sale.

(3) The sale of the vehicle shall be reported to the department as required by Section 5901.

(4) An application in proper form to register the vehicle or to effect transfer of ownership, together with required supporting documents, shall be made by the dealer to the department on behalf of the purchaser within 20 days of the sale.

(d) The use by any dealer of a report of sale copy as provided herein shall obligate the dealer to pay the fees and penalties determined by the department to be due on the vehicle under Division 3 (commencing with Section 4000) of the Vehicle Code and Part 5 (commencing with Section 10701) Division 2 of the Revenue and Taxation Code and which have been advanced to the dealer by the customer either by cash, trade-in or under the provisions of a contract, and those penalties which have accrued because of failure of the dealer to make timely or proper application for his customer.

CHAPTER 1115

An act to amend Section 7261 of the Revenue and Taxation Code, relating to transactions tax.

[Approved by Governor September 15, 1970. Filed with Secretary of State September 15, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 7261 of the Revenue and Taxation Code is amended to read:

7261. The transactions tax portion of any transactions and use taxes ordinance adopted under this part shall be imposed for the privilege of selling tangible personal property at retail, and shall include provisions in substance as follows:

(a) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the district at a rate of one-half of 1 percent of the gross receipts of the retailer from the sale of all tangible personal property sold by him at retail in the district.

(b) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, excepting Section 6376, insofar as they relate to sales taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state and that an additional transactor's permit shall not be required if a seller's permit has been or is issued to the transactor under Section 6067 of this code.

(c) A provision that all amendments subsequent to the effective date of this part to Part 1 (commencing with Section 6001) of this division relating to sales tax and not inconsistent with this part shall automatically become a part of the trans-

actions and use taxes ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(d) A provision that the amount subject to tax shall not include the amount of sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state administered transactions or use tax.

(e) A provision that sales of property to operators of common carriers and waterborne vessels to be used or consumed in the operation of such common carriers or waterborne vessels principally outside the county of sale are exempt from the tax.

(f) A provision that sales of property to be used outside the district which is shipped to a point outside the district, pursuant to the contract of sale, by delivery to such point by the retailer or his agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point, are exempt from the tax.

For purposes of this section, "delivery" of vehicles subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, and undocumented vessels registered under Article 2 (commencing with Section 680) of Chapter 5 of Division 3 of the Harbors and Navigation Code shall be satisfied by registration to an out-of-district address and by a declaration under penalty of perjury, signed by the buyer, stating that such address is, in fact, his principal place of residence.

"Delivery" of commercial vehicles shall be satisfied by registration to a place of business out of district and a declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.

(g) A provision that the sale of tangible personal property is exempt from tax if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. A lease of tangible personal property which is a continuing sale of such property is exempt from tax for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the operative date of the ordinance. For the purposes of this subdivision the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

SEC. 2. The Legislature finds and declares that because of the small geographical area covered by the transactions tax, the low rate and the temporary nature of the tax, and the difficult administrative problems which arise when exempting deliveries of tangible personal property within a sales and

use tax jurisdiction, the provisions of this act relating to delivery of certain commodities outside the area covered by the tax shall apply only to vehicles, planes and boats licensed or registered by the state. Therefore, it is the intent of the Legislature that provisions similar to this act are inappropriate for the state and local uniform sales and use tax acts.

SEC. 3. This act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act or on January 1, 1971, whichever occurs first.

The court and prosecuting attorney of any county in which the obligor is present or has property have the same powers and duties to enforce the order as have those of the county in which it was first issued. If enforcement is impossible or cannot be completed in the county in which the order was issued the prosecuting attorney shall send a certified copy of the order to the prosecuting attorney of any county in which it appears that proceedings to enforce the order would be effective. 1691. A responding court shall not stay the proceeding or refuse a hearing under this title because of any pending or prior action or proceeding for divorce, separation, annulment, dissolution, habeas corpus, adoption, or custody in this or any other state. The court shall hold a hearing and may issue a support order pendente lite. In aid thereof it may require the obligor to give a bond for the prompt prosecution of the pending proceeding. If the other action or proceeding is concluded before the hearing in the instant proceeding and the judgment therein provides for the support demanded in the complaint being heard the court must conform its support order to the amount allowed in the other action or proceeding.
